America's Most Helpful Garden Book

ISSUED TWICE YEARLY TO BRING YOU THE NEWEST AND BEST

Red and Gold Trio

THREE BRILLIANT EVERBLOOMING ROSES TO
CELEBRATE OUR FIFTIETH YEAR IN BUSINESS

Golden
Charm

GOLDEN CHARM. A delightful golden colored Rose which is sturdy in growth and produces great numbers of long buds which open into beautiful, richly scented blooms.

POINSETTIA. One of the most brilliant scarlet Roses we know of. The true Poinsettia color. Buds are long, borne in abundance and open slowly.

RAPHAEL'S PRIDE. Brilliant new Rose worthy of front page. Brightest scarlet and rich gold combine to form one of the most colorful of Roses. Sturdy plant, good foliage and abundant bloomer.

3 One of each or your choice of these three splendid Roses, 2-yr., field-grown plants. Will bloom this year. Postpaid . . . **\$2.50**
\$1.00 Each, Singly.

The KRIDER NURSERIES Inc. Middlebury, Indiana

GOLDEN ANNIVERSARY Year

Middlebury, Indiana
October 1st, 1944

Dear Friends and Customers:

It is with more than the usual pleasure that we this year extend greetings to all of you.

This marks the beginning of our 50th year in the nursery business and the realization of our lifetime ambition.

For several years we have been planning a number of things for our customers this year but wartime conditions have made many of them impossible. One of the things we planned was a very special edition of this catalog; something which would be a real reference work and one which you could keep as a souvenir through the years. But paper conditions are such that the kind of book we planned is out of the question. Drought conditions, scarcity of stock and shortage of labor have made most of the other things we planned impossible.

However, we do want every customer and friend to know that words can never express our deep appreciation for all your good will and patronage over this long span of years. Our present position in the industry would not have been possible without your trust and your orders.

We pledge ourselves anew that we will continue to supply you with the best stock possible, give the best possible service, and charge only fair and reasonable prices as are dictated by market conditions.

Again we thank all of you for your help which has made this 50th anniversary possible and hope that we may continue to serve you for many years to come.

Sincerely yours,

VERNON H. KRIDER

VERNON H. KRIDER
Founder and General Manager

FREE GIFTS FOR EARLY ORDERS

IN ACCORDANCE WITH OUR LONG ESTABLISHED CUSTOM WE WILL AGAIN GIVE FREE GIFTS FOR EARLY ORDERS OF \$5.00 OR OVER RECEIVED BEFORE MARCH 15TH.

The earlier you get your order in to us the better. This enables us to take care of the necessary clerical work on orders during the winter before the rush of the spring shipping season. This amounts to a saving with us and we are glad to show our appreciation by allowing you to select FREE GIFTS according to the schedule below.

REMEMBER THESE GIFTS APPLY ONLY TO CASH ORDERS OF \$5.00 OR OVER AND YOUR ORDER MUST BE POST MARKED MARCH 15TH OR BEFORE. FREE STOCK MUST BE LISTED AND SENT IN WITH YOUR ORIGINAL ORDER AS IT IS IMPOSSIBLE FOR US TO HUNT OUT ORDERS AND ATTACH LISTS OF FREE STOCK AFTER ORDERS ARE FILED FOR SHIPPING. ANY ORDERS LISTING FREE ITEMS WHICH IS POSTMARKED AFTER MARCH 15TH WILL BE SHIPPED WITHOUT FREE STOCK. IN THE PAST WE HAVE BEEN RATHER LENIENT ON THIS MATTER, BUT SHORTAGES OF STOCK AND LABOR CONDITIONS MAKE IT NECESSARY THAT WE HOLD TO THE MARCH 15TH DEADLINE IN THE FUTURE. THE PREMIUMS ARE GIVEN FOR EARLY ORDERS AND THOSE COMING IN WHEN THE SHIPPING SEASON HAS OPENED CANNOT BE CLASSIFIED AS EARLY ORDERS. FREE STOCK MAY BE SELECTED FROM ANY ITEMS IN THIS BOOK.

Orders of \$ 5.00 to \$ 9.99 may select \$1.00 FREE

Orders of \$10.00 to \$14.99 may select \$2.00 FREE

Orders of \$15.00 to \$19.99 may select \$3.00 FREE

Orders of \$20.00 to \$24.99 may select \$4.00 FREE

Orders of \$25.00 to \$29.99 may select \$5.00 FREE

Orders of \$30.00 to \$34.99 may select \$6.00 FREE

Orders of \$35.00 to \$39.99 may select \$7.00 FREE

Orders of \$40.00 to \$44.99 may select \$8.00 FREE

And so on—taking \$1.00 worth of free goods for each \$5.00 increase in amount of order.

NO ORDERS ACCEPTED FOR LESS THAN \$1.00

**TERMS — CASH WITH ORDER — DUE TO THE PERISHABLE
NATURE OF NURSERY STOCK**

WE DO NOT SHIP ORDERS C.O.D.

GENERAL INFORMATION

Location: Our nursery is located at Middlebury, Ind. Here we have our offices and 540 acres of as fine nursery land as can be found. We are just north of U.S. Route No. 20, 15 miles east of Elkhart, Ind. We are 12 miles south of U. S. Route No. 112, which you leave one mile west of White Pigeon, Mich. Indiana State Route No. 13 passes along our grounds.

Claims: All claims for shortages must be made within 10 days after stock is received. No attention will be paid to claims made months after the goods have been received.

Remittances: Make all remittances by post office money order, express money order, draft or check. Do not send cash unless you are sure to register your letter. We accept checks from responsible persons. Please do not send stamps. We assume no responsibility for remittances lost in the mail.

References: First State Bank, Middlebury, Ind.; Elkhart County Trust Co., Goshen, Ind; Dun and Bradstreet, Inc., 290 Broadway, New York City.

All Our Stock is State Inspected and Carries the Inspection Certificate

All our stock is state inspected and each shipment carries the inspection certificate.

Free PLANTING INSTRUCTIONS EXTRA KRIDER SERVICE

Remember, if you order from Krider we send planting instructions with each order.

This is a service which makes it easy for even a novice to grow beautiful plants and flowers.

• SHIPPING CHARGES •

You are to pay shipping charges to your Express or Freight agent upon arrival of the shipment. We prepay small items which are sent by parcel post and which are so marked in this book.

However, when these items compose only the minor part of an order they are sent along with the major part of the order by express. An extra plant of some kind is usually added to make up any slight shipping costs on these items.

KRIDER'S *GILT-EDGED* GUARANTEE

We guarantee our stock to be as well grown and as good quality as you can get anywhere, no matter what you pay; to be packed in as good condition, and if grown side by side under the same conditions will produce as good results.

If you are not satisfied when your order reaches you, return stock at once and we will refund your money together with any transportation charges you have paid.

Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, disease and drought; hence, we do not guarantee continued growth of plants. We guarantee that each plant shall be true to name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as shown in this catalog, and that it will reach the customer in good growing condition.

Stock lost after planting will be replaced at one-half price the following season, provided that we are notified of such loss by July 1st after planting. This one-half price only covers digging, packing and handling charges in making the replacement, and expires July 1st, after this date no reports of losses will receive consideration.

NOTE: If stock is damaged please favor us by getting agent or postmaster to sign receipt to this effect. This will enable us to recover damages.

You will find us at all times willing to do all in our power to please you. However, it is mutually agreed between ourselves and customer that we cannot be held liable for any amount greater than the original purchase price.

As this catalog goes to press (early November), there is no Federal Sales Tax. In case such a tax is added after printing of this book all customers must add same to the amount of their orders.

NOTE: Perennials, strawberries, and plants shipped from pots will not be sent until proper time for planting, when new growth has started. This will insure immediate and better results for the customer.

READ CAREFULLY BEFORE ORDERING

Use the order blank sent with your catalog whenever possible. Make out your order as plainly and simply as possible. We fill and pack all orders from your original copy and the plainer it is made the easier it is for packers to read and fill. Always keep a copy of your order for checking purposes. Write all questions and correspondence on a separate sheet. Where questions are asked on order blank they may not be noticed and answered for weeks.

If there is no express station in your town or city be sure to give the name of the town having the nearest express station.

Send your order in as early as possible. If before March 15th, be sure to list your Free Gifts as explained on page two. Give us the approximate date you want the order shipped. We try to ship as near that date as possible. However, after March 15th orders are filed and shipped as near as possible in the order in which they came in. Orders received before March 15th are given preference when shipping season starts, if shipping dates are given on them. Remember, that it is physically impossible to move thousands of orders to customers all at the same time. We try to ship as the season advances through various sections of the country. Cushion Mums and potted plants are usually shipped in early May, except to far

northern points where there may be late frosts.

Please take care of your stock at once when order is received. Plant if possible. If you must wait a few days, open the package and heel the plants in the ground. Don't toss packages in the cellar or garage for two weeks and then expect to find things in first class shape when you come to plant. If ground is temporarily frozen or too wet to plant you can keep plants by setting package in cool cellar, loosening wrappings and dampening packing material around roots of plants.

Please check all packages and plants before writing us about shortages. Many times several kinds of plants may be wrapped in the same package. Customers sometimes write us they are short certain plants only to find them next day when they open all the packages. This only makes extra work and confusion for you and for us. Where we do not ship an order complete we try to put in a notice informing you that balance will follow. Of course, there is always a chance for error and we want to know of any real shortage in filling the order. However, shrubs and trees on your order may be sent several weeks ahead of the time for planting perennials or berry plants, etc., so always wait a reasonable length of time before writing, if your order doesn't all arrive at the same time.

WE DO NOT SHIP ANY ORDERS INTO CALIFORNIA, WASHINGTON OR OREGON DUE TO QUARANTINE LAWS

KRIDER'S ROSE CO

ROSE GUARANTEE We guarantee our Roses to be as well grown and as good quality as you can get anywhere at any price, no matter what you pay; to reach you in as good condition and if grown side by side under like conditions, will produce as good results.

This All-American group of Roses is not to be confused with the selections made by The All-America Board which annually makes selections of outstanding new varieties of Annuals, Perennials, Roses, etc.

This is our own All-American collection, selected by us as eleven of the outstanding Roses of today.

Why Krider's All-American Rose Collection

- **First**—Because of the wide range of colors. Practically every color known in the Rose world is represented in this collection.
- **Second**—Because they are hardy in all sections of the country. Even in far northern climates they do well if given average winter protection.
- **Third**—Because they are offered at a price which all America can afford. No premium prices are asked for these splendid Roses.

Your choice of any 50 Roses in our catalog for 25.00

All Roses in our catalog included in this offer EXCEPT patented varieties, the three one dollar Roses on the front cover, and "CINNABAR" on page 9.

"HOW TO GROW ROSES"

Consider these simple instructions and you will have little difficulty in growing beautiful Roses. Sunny location so that it gets sunshine at least part of the day. The soil should be clean and mellow with fertilizer well worked in, rotted manure being best. The plants should be unpacked as soon as they are received, and planted. If you are unable to plant immediately upon receiving them, they should be heeled in (buried), in moist dirt until you are ready to plant. Never allow to stand and dry out. In planting, set the plants so that the bud, or joint, above the roots, is about one inch below the surface of the ground. The holes should be dug large enough so that the roots may be spread out naturally. Make sure that all the fibrous roots are firmly packed by shifting and tamping. Be sure to thoroughly soak the fresh planting, and never allow it to dry out or the soil to cake. After planting and wetting, mound up the soil four or five inches high around each plant. Cut off all the branches about an inch above the ground, leaving it this way for ten days or two weeks or until the buds start to show. The soil can then be leveled off. Roses that are handled in this manner rarely fail to grow. If Roses are planted with the tops left exposed to the drying winds they will shrivel and die before they start to grow. Allow 18 to 24 inches of space between plants.

AMI QUINARD. Rich blackish maroon; long pointed buds.
BETTY UPRICHARD. Delightful shading of clear pink.
BRIARCLIFF. Large blooms of silvery pink.

CALEDONIA. Free blooming, clear pure white.

CONDESA DE SASTAGO. Orange-bronze and gold blend.

CHRISTOPHER STONE. A new Rose of rich blood-red.

DOUBLE WHITE KILLARNEY. The famous Irish white Rose.

E. G. HILL. The old reliable bright red.

EDITH NELLIE PERKINS. Pink, salmon and gold blend.

EDITOR McFARLAND. Extremely large blooms of deep pink.

ETOILE DE HOLLANDE. One of the best deep red Roses.

GOLDEN DAWN. Reliable yellow Rose. Red tinge at base.

GOLDEN OPHELIA. Rich yellow. Long, pointed buds.

GRENOBLE. Dark satiny red.

K. A. VICTORIA. Universal favorite white Rose.

LADY HILLINGDON. Clear light yellow.

LOS ANGELES. Two-tone coral-pink.

LUXEMBOURG. Gold with red cast at base.

MARGARET McGREDY. Abundant bloomer. Peculiar scarlet tone.

McGREDY'S SCARLET. Large blooms of bright scarlet.

MRS. CHAS. BELL (Salmon Radiance). Clear light salmon.

MRS. PIERRE S. DUPONT. Clear rich yellow.

PICTURE. Bright lively pink.

PINK RADIANCE. Old reliable bright pink Rose.

PRES. HERBERT HOOVER. Red, coral and gold blend.

RED RADIANCE. Hardy, light red; fragrant.

ROUGE MALLERIN. New, deep red. Prolific bloomer.

SALMON RADIANCE (Mrs. Chas. Bell). Clear light salmon.

SISTER THERESE. Rich gold with copper sheen.

SUNBURST. Very fragrant, bright yellow.

TALISMAN. One of the world's greatest. Scarlet and gold.

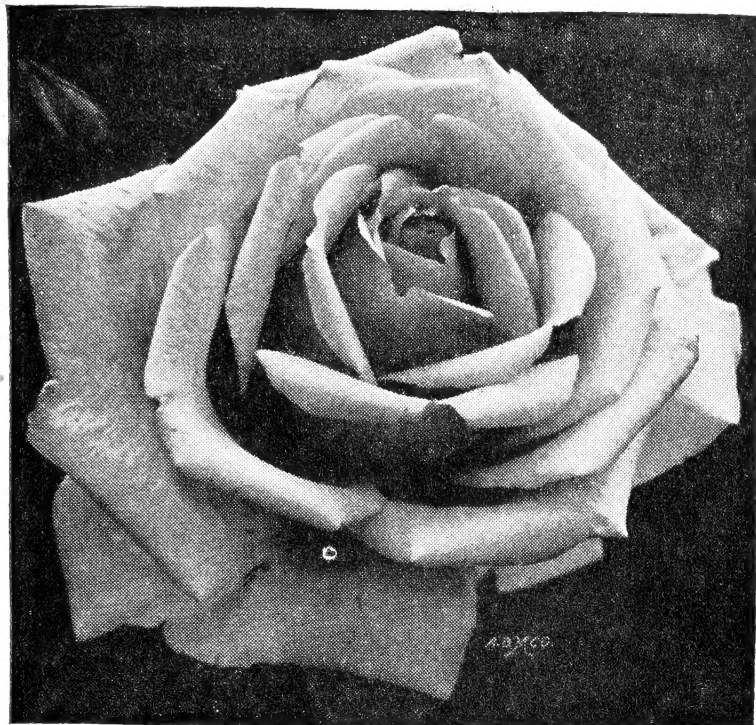

VICTOR HARRINGTON. Large blooms of rich red. Curved petals.

Texas Centennial

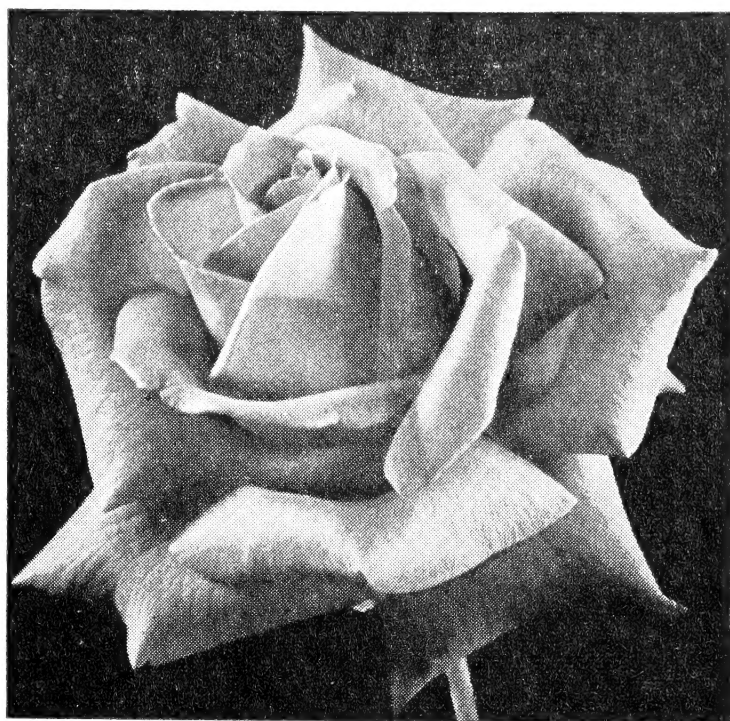

(U.S. Plant Pat. No. 163)

All the good qualities of its parent, Pres. Hoover. An exceptionally strong grower and free bloomer. Double blooms of bright lively red produced in abundance throughout the summer and fall. One of the outstanding Rose introductions of recent years. Hardy and resistant to disease. 2-year, No. 1, field-grown and budded for long life. **75c each; 3 for \$2.00, postpaid.**

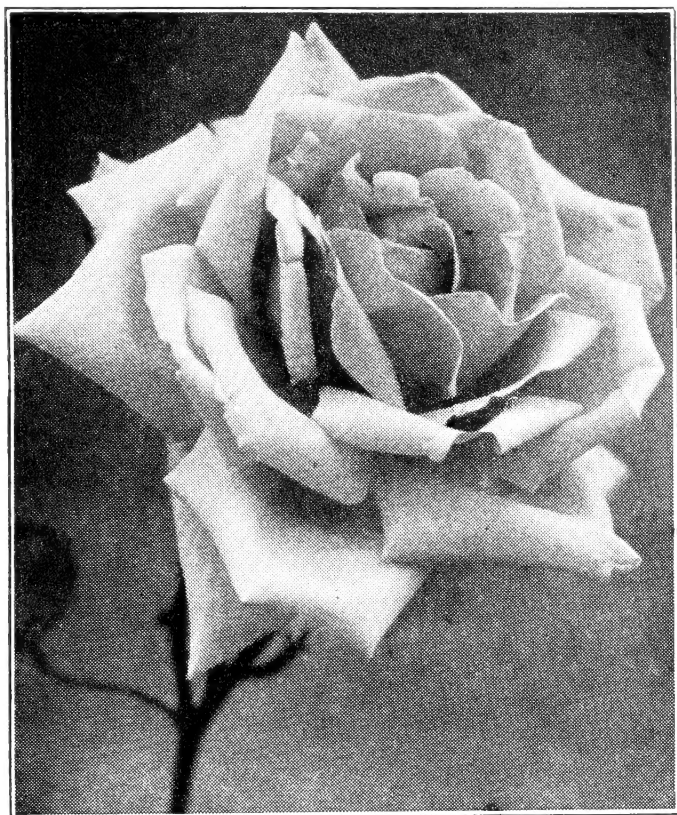

(May not be included in Rose Offer Supreme.)

TWO MORE SPLENDID ROSES FOR COLDER CLIMATES

PAUL NEYRON

The Rose without thorns. A very strong grower, producing probably the largest blooms of any Rose. Fragrant, and color is a beautiful clear pink. Very hardy and will grow in locations and climates where other Roses fail. Excellent to use in combination with shrubs for border work. 75c each; 3 for \$2.00, postpaid.

FRAU KARL DRUSCHKI

Sometimes called "White American Beauty." Extremely sturdy and prolific in growth and bloom. Large double blooms of waxen white, each perfect in form. One of the most valuable Roses for colder climates or difficult growing locations. 75c each; 3 for \$2.00, postpaid.

America's Sweetheart Rose, Cecil Brunner

Floribunda type. Prolific in growth and bloom. Intensely double blooms of ivory-pink appear in great numbers from early summer until late fall. Fine for massed beds.

2-Yr., Field-Grown and Budded:
Each 75c; 3 for \$2.00, postpaid

New Floribunda Rose, Cinnabar

A BRAND NEW FLORIBUNDA Never Before Offered
New Exclusive to Krider Customers.

"CINNABAR" (Patent Applied For)

If you want the newest Floribunda Rose, then get "Cinnabar." Has never been offered for sale before. Stands cold, heat or drought like all the Floribundas and blooms from June until freezing weather. Upright in growth, reaching 18 inches or more. Color is true cinnabar or cinnamon-red. Satiny and glowing with richness. An exquisite Rose and one you'll be proud to have in your plantings. **Heavy rooted, 2-year plants which will bloom this summer, \$1.50 each; 3 for \$3.75, postpaid.**

(May not be included in Rose Offer Supreme.)

Three Excellent FLORIBUNDA ROSES

ELSE POULSEN. A truly delightful Floribunda Rose which grows readily and blooms heavily, practically the entire summer. Color is a light silvery pink. Upright growth. Ideal for bedding along driveways, around bird baths, etc. **75c each; 3 for \$2.00; 6 for \$3.85; 12 for \$7.50; 25 for \$14.00, prepaid.**

RED LAFAYETTE. An excellent variety for bright color in beds or borders. Very hardy, vigorous grower and blooms until freezing weather. Bright red color and beautiful foliage. **75c each; 3 for \$2.00; 6 for \$3.85; 12 for \$7.50; 25 for \$14.00, prepaid.**

3 One of each of the three
 Floribunda Roses described
 above and at the left.
 Postpaid for only **\$2⁷⁵**

POLYANTHA or "Baby Beauty" Roses

BEST FOR EDGING OR LOW BEDS—WILL BLOOM THIS YEAR

GLORIA MUNDI

Brilliant orange shaded blooms come in thick clusters. One of the brightest and flashiest Polyanthas. Use liberally along walks, for massed beds or in front of taller plantings of shrubs or Roses.

GOLDEN SALMON

Rich, deep salmon color which glows like bright copper when a mass of them are in bloom. Excellent foliage which seems to be resistant to disease. A riot of color all summer long.

IDEAL

The darkest red of the Polyanthas. Rich dark green foliage. An ideal variety for bedding or planting along the top of walls. Like all Polyanthas, it is hardy and blooms all summer.

PLANT 18 INCHES APART

POLYANTHA PRICES:

Each \$0.75	12 for \$ 7.50
3 for 2.00	25 for 14.00

ALL EVERBLOOMING

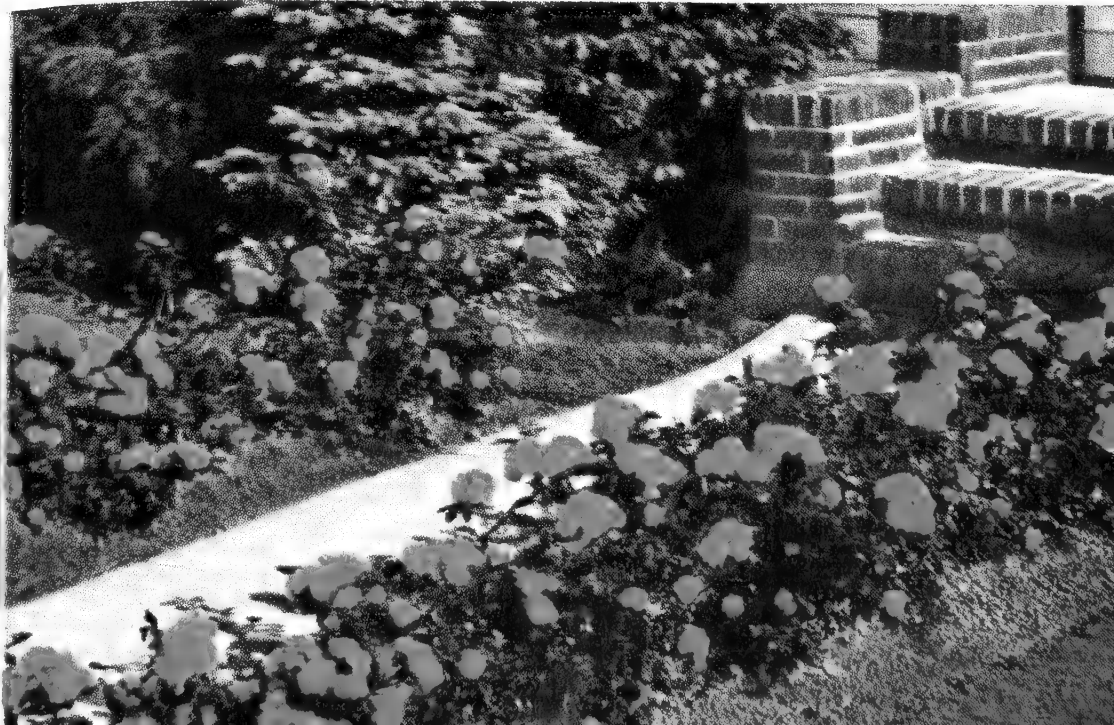

ORLEANS

If you prefer a lovely pink shade for beds, etc., then Orleans is the answer. Same characteristics as other Polyanthas. You will revel in the masses of rich pink blooms which this variety produces.

KATHARINA ZEIMET

To complete your color range we offer beautiful Katharina Zeimet. Tightly clustered blooms of pure white. All the other good characteristics of Polyanthas.

Golden Salmon Used as a Beautiful Edging for Walk

Beautify With **CLIMBING ROSES**

2-Yr. Field-Grown, Budded for Long Life

CLIMBING AMERICAN BEAUTY

An old favorite Climbing Rose. Very hardy and a vigorous grower. Free bloomer.

DR. W. VAN FLEET

Blooms extra large, resembling Tea Roses in shape and size. A good cutting variety as its flesh-pink blooms keep well.

CLIMBING TALISMAN

A truly distinctive Climber. Fragrant and rich in color shades. Buds are orange-yellow opening into large blooms of salmon-orange, shaded with red and gold.

SPANISH BEAUTY

The wonder Rose. Possesses a delightful fragrance which is rare in Climbing Roses. Excellent for cutting. Color is charming deep red in bud, opening into a pearly pink as the perfumed petals unfold.

PAUL'S SCARLET CLIMBER

One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period.

YOUR CHOICE OF THE ABOVE VARIETIES—

**75c each; 3 for \$2.00; 6 for \$3.85;
 12 for \$7.50, prepaid**

Old Fashioned RED, WHITE and BLUE CLIMBING ROSE COLLECTION

CRIMSON RAMBLER. An old favorite climber which is hardy, a rapid grower and prolific bloomer. Bright crimson blooms come in clusters and in such profusion as to nearly hide the vine.

WHITE DOROTHY PERKINS. Extremely hardy, vigorous in growth and thoroughly reliable. Multitudes of clustered white blooms over a long blooming period. Rapid in growth.

BLUE RAMBLER. Very good grower, hardy and a sure free bloomer. In cloudy weather blooms are almost blue. In hot bright sun they are purplish blue. A good variety for color contrasts.

3 2-yr., field-grown plants—one of each or your choice of the three colorful varieties described above: 75c each; 3 for \$2.00; 6 for \$3.85; 12 for \$7.50, postpaid. **\$2**

Spanish Beauty Climber in Full Bloom

THE AMERICAN PILLAR ROSE

To train up to cover a post or for training on 6- to 8-foot lattice, the American Pillar Rose is ideal. Does not throw out long branches as does the regular climber but grows more compact in pillar shape. Hardy, easy to grow, and a sure bloomer. Blooms are of good size, are borne in clusters, and are richly fragrant. Color is a deep clear pink.

**2-Yr., Field-Grown Plants:
 75c each; 3 for \$2.00; 6
 for \$3.85; 12 for \$7.50,
 postpaid**

Blaze

EVERBLOOMING CLIMBING ROSE

(U. S. PLANT PATENT NO. 10)

THE CLIMBER SUPREME

Held by many to be the finest climber of all time. All the hardiness, strong growing habit and quality of its parent, Paul's Scarlet, plus the trait of being an everbloomer. We heartily recommend this fine climber to anyone who is seeking the most in satisfaction from climbing Roses.

Each \$1.25; 3 for \$3.15, postpaid

Note: This Rose may not be included in Rose Offer Supreme.

The World's Smallest Rose "TINY GLEAM"

Blooms all summer. Tiny red buds opening into deep pink blooms as large around as a dime. Wonderful for rockeries or porch boxes.

60c each; 3 for \$1.50, postpaid

"Tiny Gleam Rose"—The World's Smallest

KRIDER'S Field-Grown HARDY PERENNIAL PLANTS

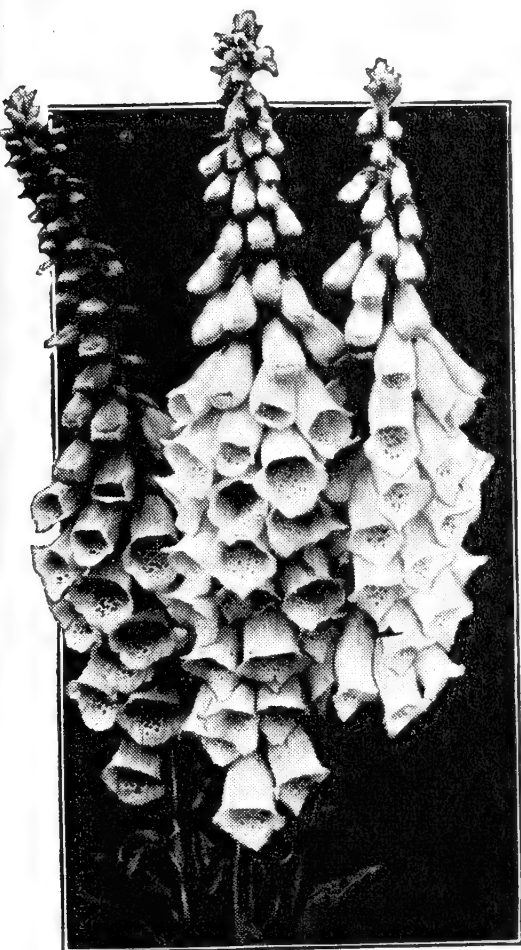

BEST OF THE OLDER FAVORITES AND COLORFUL NEW ONES

Perennials should always be planted in groups of three or more for best color effect. Two dozen plants, one of a kind, planted in a bed will not produce nearly the effect that two dozen plants, four or six of a kind, will produce. In addition, it takes much more labor to get out an order of plants one of a kind and almost as much packing material. You will find that we have been compelled to raise the "each" price on perennials, but in most cases the prices for larger quantities are no more than we have charged in the past. Order perennials in larger groups than one and you will have much better results and in addition have a substantial saving.

ALL ARE 2-YEAR, FIELD-GROWN PLANTS WHICH WILL BLOOM THIS SUMMER

Giant Shirley Hybrid Foxglove

These Giant Shirley Hybrids are a very superior strain of Foxgloves. Blooms are larger and colors are richer and more varied. Grow to 6 feet in height so they should be planted in the background of beds. Being Hybrids, we offer them in mixed colors only. 35c each; 4 for \$1.00; 10 for \$2.00, postpaid.

Hybrid Foxglove

• PULMONARIA •

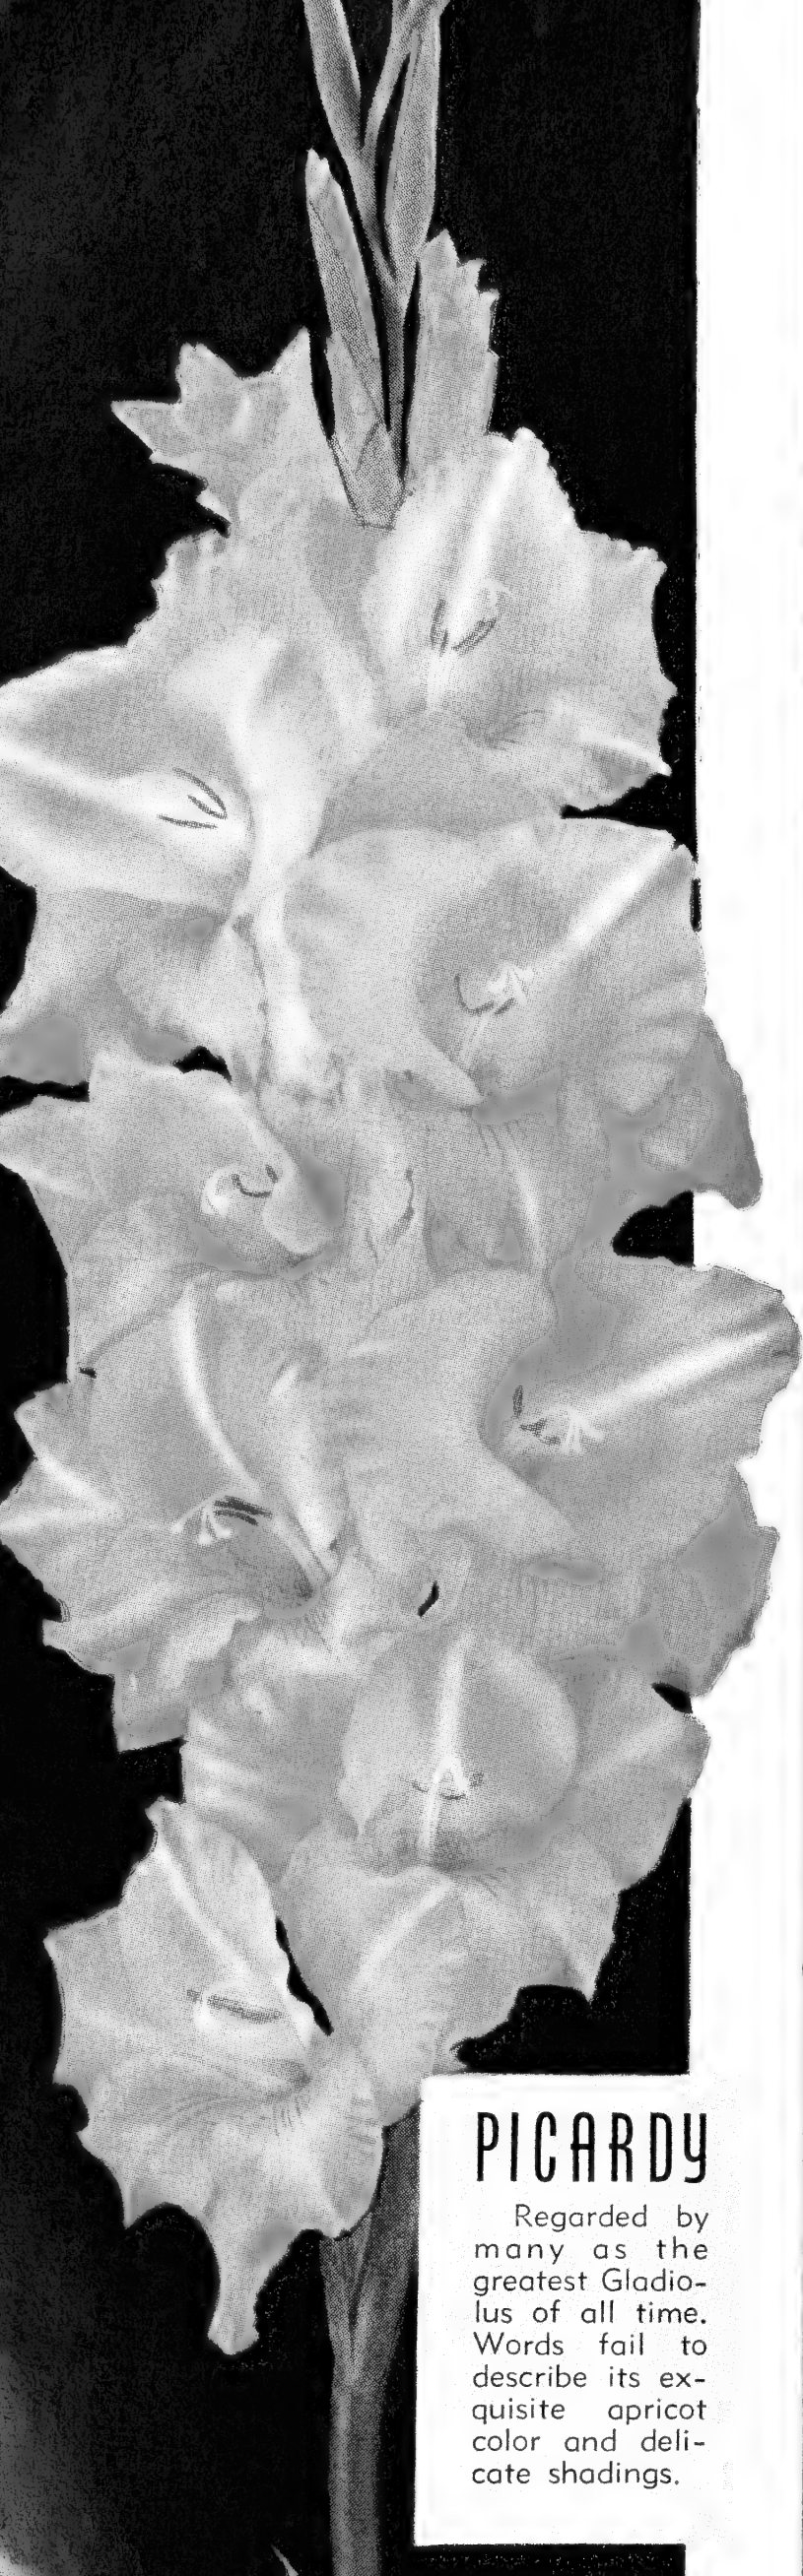

THE IDEAL PLANT FOR SHADED BEDS OR FOR EDGING UNDER TREES — DWARF — HARDY

Pulmonaria. Note Oddly Marked Foliage. Fine for Shade

For those who want a plant which will do well in areas under trees or for beds in shaded areas, we believe that Pulmonaria will answer your needs. Grows only 8 to 12 inches high and foliage is very thick and ornamental. Leaves are bright green, oddly blotched with white. In the spring the whole bed is aglow with hundreds of small, bell-shaped, reddish lavender blooms. Excellent as ground cover, also as a dwarf edging plant. Stays green until frozen for winter, and comes out first thing in the spring, so there is only a short period when it is not effective.

**Heavy, 2-year plants:
35c each; 4 for \$1.00;
12 for \$2.50, postpaid.**

PICARDY

Regarded by many as the greatest Gladiolus of all time. Words fail to describe its exquisite apricot color and delicate shadings.

PAINT LIVING PICTURES OF BEAUTY IN YOUR GARDEN WITH COLORFUL **GLADIOLUS**

THREE SPECIAL GROUPS • • •

GROUP ONE

NINE EXCELLENT AND COLORFUL VARIETIES — WHY PAY HIGH MARKET PRICES FOR BLOOMS WHEN YOU CAN SO EASILY GROW THEM?

These are first class, healthy bulbs, large size for bloom this summer. Not bulblets or "seconds."

BREAK O' DAY. Sparkling pastel lavender.

FLAMING SWORD. Brilliant flaming red.

GIANT NYMPH. Rich shimmering pink.

GOLDEN EAGLE. Shining yellow of new gold.

MAID OF ORLEANS. Splendid clean snow-white.

PELEGRINA. Satiny purplish blue.

PICARDY. Loved for its rich warm apricot shades.

SHIRLEY TEMPLE. Soft delicate shade of pure cream.

VIRGINIA. Deep glossy dark red.

72 8 of each, or your choice of the 9 varieties listed above, post-paid for **\$4⁷⁵**

GROUP TWO

For those who cannot use as many bulbs as listed in Offer One above, we make this offer.

Four of each of the nine varieties described. Enough to make a bright and colorful small bed and provide plenty of blooms for bouquets.

36 As Given Above. Postpaid for Only **\$2⁶⁰**

GROUP THREE

If you do not care to have the Gladiolus in named varieties, but want a planting of mixed colors which will light up your whole garden and give plenty of flowers for cutting, we offer this splendid collection of mixed bulbs. All are first class, healthy bulbs, which will produce abundant bloom this summer, and make a gorgeous display.

50 Mixed bulbs as described above. Post-paid for only **\$2⁵⁰**

25 MIXED BULBS, \$1.50.

For **DAISY LOVERS**

• **THIS PAGE IS YOURS** •

James Kelway

The rich deep cerise-red Painted Daisy which has won so much favor and popularity lately. Unequalled for cutting. Very hardy, easily grown and free blooming. Real beauty in a red Daisy and one you will really appreciate. **Heavy rooted, 2 yr., field-grown plants, 35c each; 3 for \$1.00, postpaid.**

Have Flowers for Memorial Day

In Average Seasons These Daisies Will Be In Bloom The Last of May

Large-Flowering Shasta Daisy, "Conqueror"

Large plant, compact and graceful. Flowers white and from 2 to 4 inches in diameter. Brilliant yellow disc centers. Fine for cutting. Easily grown and hardy anywhere. Planted with a yellow contrast plant such as Gaillardia or Coreopsis, they provide unequalled color for the perennial bed and for bouquets. **Heavy, 2-yr. roots, only 35c each; 3 for \$1.00, postpaid.**

"Snow Field"

Double White Decoration Day Daisy

The pure white of new snow, extremely large flower size, early and profuse blooming habit, and its hardiness make this double flowering "Snow Field" Daisy almost a necessity in every garden. **Sturdy, 2-yr., field-grown plants, 35c each; 3 for \$1.00, postpaid.**

James Kelway

Snow Field

Conqueror

Special Daisy Collection

One of each of the three lovely Daisies described on this page. All heavy rooted, 2-year, field-grown plants which will bloom

3 this year. Postpaid to your door for only **\$1.00**

Please Note

Perennials should be planted 18 inches apart as a general rule. Some large growing types may need to be planted slightly farther apart. For borders and edging with dwarf varieties you will want to plant 6 to 12 inches apart. We give the average matured height in the descriptions of all perennials so that you may find it easy to plan your plantings.

STURDY PERENNIALS

FOR PERMANENT PLANTINGS

2-Year, Field-Grown — Bloom This Summer

• HARDY CANDYTUFT or IBERIS •

One of the loveliest of the semi-dwarf plants. Foliage is almost ever-green, remaining green until almost New Years. Each spring the plant is covered so densely with white, snowflake-shaped blooms, that it really resembles a small mound of snow. Very hardy, easily grown and requires only average garden soil. Reaches only about 12 inches in height, which makes it invaluable for the foreground in perennial beds or for low borders. **2-yr., well rooted plants, 35c each; 4 for \$1.00; 10 for \$2.00, postpaid.**

Large Flowering SHASTA DAISY "ALASKA"

Large plant, compact and graceful. Flowers are white and from 3 to 5 inches in diameter. Brilliant yellow disc centers. Fine for cutting. Easily grown and hardy anywhere. Planted with a yellow contrast plant such as Gaillardia or Coreopsis they provide unequalled color for the perennial bed and for bouquets. Grows 2 feet tall. **Heavy, 2-yr. roots, only 35c each; 4 for \$1.00; 10 for \$2.00, postpaid.**

Liatris, "September Glory"

Iberis—Hardy Candytuft

RUDBECKIA Purpurea

Old-fashioned flower of large size. Purplish daisy-like flowers on tall stems. Grows 4 feet tall. **35c each; 4 for \$1.00, postpaid.**

ENGLISH VIOLETS — Ideal for Edging

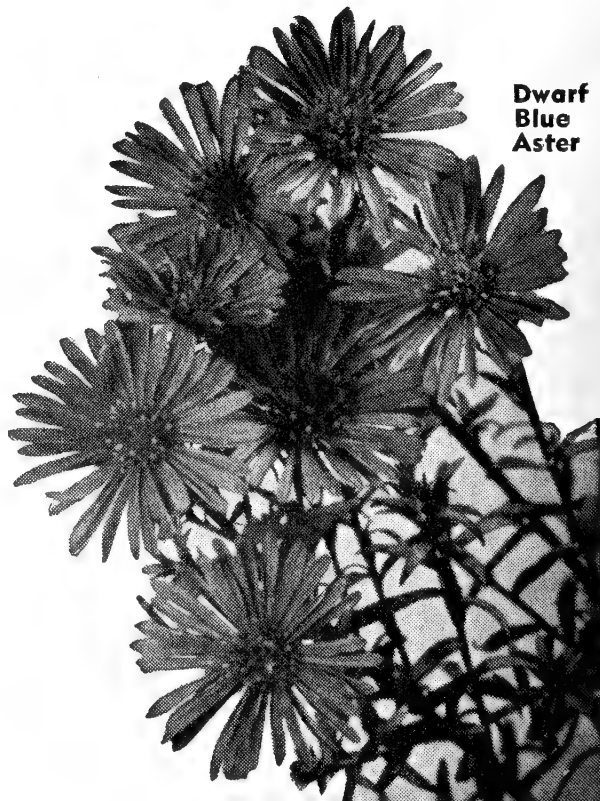

Effective and beautiful for all types of borders or beds. Grows only 6 to 8 inches high. Broad heavy foliage of deep green. Single flowers of purple-violet borne in profusion on graceful stems. Hardy and will thrive under most any conditions. For edging use, plant 8 inches apart. **Price, only 35c each; 4 for \$1.00, postpaid.**

DWARF BLUE ASTER Hardy, Free Flowering

Hardy plant growing as a low mound. Dozens of bright blue blooms with tiny golden centers are borne over a long blooming period. Very effective planted in the foreground of beds or in front of shrubs. **2-yr. plants, 45c each; 3 for \$1.00, postpaid.**

LIATRIS September Glory

New late-flowering variety of the ever-popular Blazing Star. Extremely long flower spikes of pinkish purple are borne on strong stems all through August and September. Very desirable for cutting and a plant which should be in every garden. Grows 3½ feet tall. **Nice, 2-yr. roots, only 45c each; 3 for \$1.00.**

PLANT PERENNIALS

FOR PERMANENT COLOR AND BEAUTY

2-Year, Transplanted, Field-Grown Plants

BLUE FLOWERING DAYLILY

Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems. Grows 4 feet tall. **35c each; 4 for \$1.00, postpaid.**

NEPETA, "Six Hills Giant"

One of the best plants we know of for hot, dry and exposed perennial plantings.

Gray-green foliage makes splendid contrast to surroundings. Compact and upright habit makes it desirable for massed plantings.

Ten to twenty flower stems on each plant reach a height of about two feet. Rich lavender-blue blooms are borne in great profusion during blooming season, with occasional blooms throughout the summer. Fine for border or for massing. **Heavy, 2-yr. plants, 35c each; 4 for \$1.00, postpaid.**

PAINTED DAISY (Pyrethrum)

Beautiful daisy-like flowers on long stems and in assorted colors. Fernlike foliage and brilliant shadings make them especially desirable for cutting. Long season of bloom. Grow about 2½ feet tall. **35c each; 4 for \$1.00, postpaid.**

BALLOON FLOWER (Platycodon)

Showy deep blue flowers from June to October. Buds resemble a small blown-up balloon, open into beautiful bell-shaped blooms of finest quality and texture. Grows to 2 feet and is fine for cutting. **35c each; 4 for \$1.00, postpaid.**

DELPHINIUM For Bedding or Cutting

A favorite wherever flowers are grown. Their long blue spikes provide just the touch of color needed to make a charming planting. We can furnish in light or dark blue. Grow about 3 feet tall. **35c each; 4 for \$1.00, postpaid.**

Lovely Bed Using Delphinium as Background

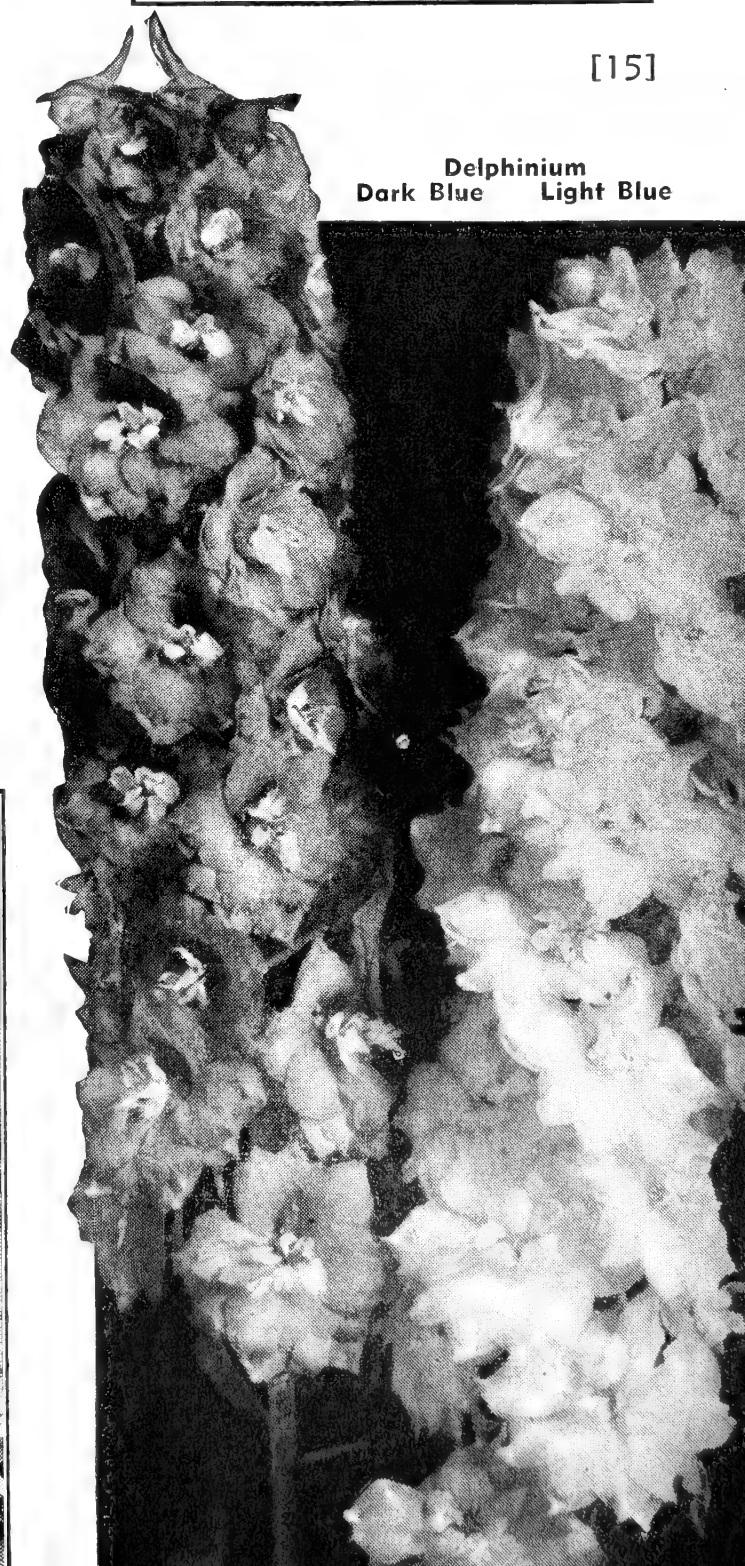

Blue Day Lily (Hardy Funkia)

PLEASE NOTE:

Perennials should always be planted in groups of three or more plants. This gives much better color effect than if only single plants are used. Labor cost is more than double in getting out orders of only one plant of a kind. We make it worth considerable saving for you to order in groups of one kind.

[15]

Delphinium
Dark Blue Light Blue

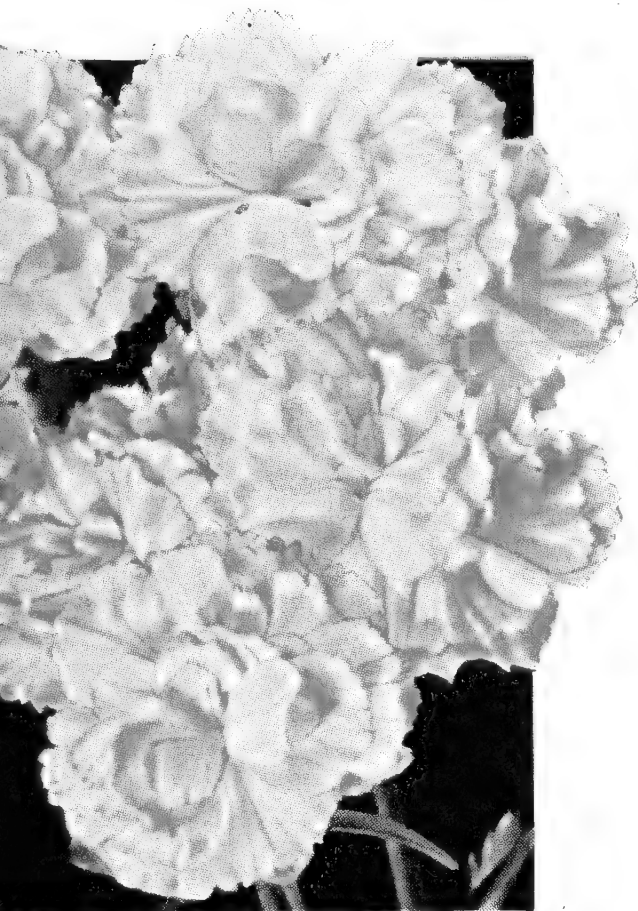

NOTHING CAN EQUAL THE CHARM AND COLOR OF A WELL PLANTED PERENNIAL BORDER. *Plant One This Year*

Hardy Everblooming Carnations

Silvery Pink Carnation, "BEATRICE"

One of the most exquisite in color and fragrance of all the hardy Carnations. A good grower and produces blooms freely from early summer until freezing weather. Stems 15 to 18 inches long make them ideal for cutting. Large, double, Carnation blooms of clear silvery pink color and exotic fragrance. **Plants from 2-inch pots which will bloom this year, 35c each; 4 for \$1.25; 12 for \$2.75, postpaid.**

Carnation, Beatrice

Red Carnation **"FIREGLOW"**

(Everblooming)

Bright satiny red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 15 to 18 inches high and blooms all through the summer and fall.

Plants from 2-inch pots, will bloom this year, 35c each; 4 for \$1.25; 12 for \$2.75, postpaid.

Everblooming Carnation, "Fireglow"

DWARF CREEPING PHLOX **FOR BANKS, BORDERS, ROCKERIES OR EDGING**

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be delighted with the results. It is hardy under most conditions and is a mass of color in early spring. Plant 1 foot apart each way to make dense ground cover in short time. **Nice, 2-year plants.**

Beautiful Statice Dumosa

MOST BEAUTIFUL STATICE (Statice Dumosa)

A real cloud of misty lavender-pink loveliness and ideal in any location you care to plant it. Naturally beautiful in a bed, it becomes doubly so when used in mixed bouquets. Blooms over a long period of time and keeps well after cutting. Don't fail to get this splendid Statice. Grows 18 inches tall. **Price, only 35c each; 4 for \$1.00, postpaid.**

GYPSOPHILA, Bristol Fairy

The sensational double-flowering Baby's Breath. Large florets in heavy panicles make it ideal for cutting. Longer season of bloom, and if blossoms are kept cut as they begin to wither, it is possible to keep them flowering nearly all summer. Remember this is the true, grafted, double-flowering variety and far superior to the old-fashioned Gypsophila. Grows about 20 inches tall. **45c each; 3 for \$1.00, postpaid.**

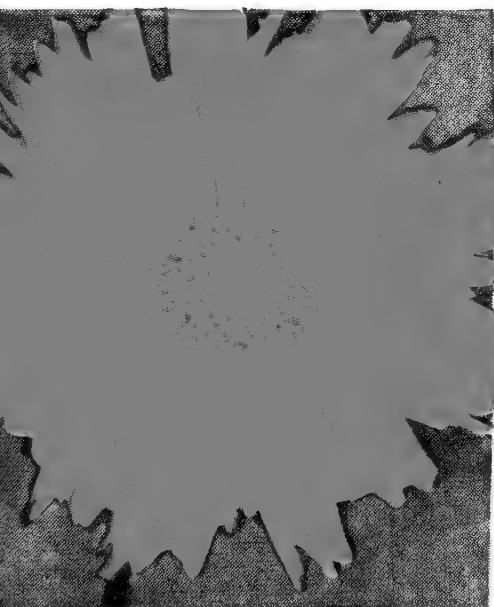

COREOPSIS, Double Sunset

Valuable for its profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Hardy and very easy to grow. Reaches approximately 2 feet in height. **Heavy, 2-yr. plants, 35c each; 4 for \$1.00, postpaid.**

EUPHORBIA

(Flowering Spurge)

One of the few dwarf plants with evergreen foliage. Extremely desirable for edging or low hedges. Grows only 1 foot high except at blooming time when flower stems 16 inches long grow up. Brilliant lemon-yellow blooms appear freely during early summer. Balance of year the evergreen foliage is very ornamental. **35c each; 4 for \$1.00, postpaid.**

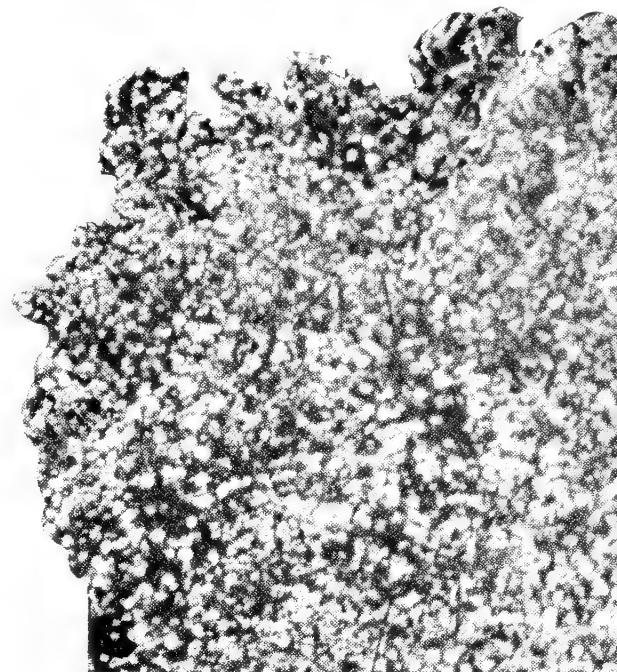

"Double Sunset" Coreopsis

16 Four of each of the four colorful plants shown on this page. Will give plenty of color in your garden. Postpaid to your door for **\$4**

FOLIAGE IS EVERGREEN FOR
PRACTICALLY THE
ENTIRE YEAR

Hardy—Easily Grown

THE IDEAL PLANT FOR
EDGING OR FOR LOW
HEDGES . .

REQUIRES BUT LITTLE CARE
OR SHEARING

Plant 6 In. Apart for Close Hedge

Teucrium Used as Bed Edging

To those of you who have written us regarding plants for a dwarf hedge; to those of you who have long wanted such plants, we now offer "Teucrium."

Ideal for all edging work, or for low border hedges. Foliage is evergreen for ten months of the year and plants stay dwarf. Ten to fifteen inches is as high as they grow and an occasional very light trimming will hold their beautiful compact shape.

Hardy in all sections of the country and thrives in most any location. Ideal in front of low walls.

Should be planted 6 inches apart for a dense hedge.

Four or five plants planted in a group will make an ideal corner clump for a perennial bed or the corners of a Rose garden.

Don't fail to get some of these plants for that dwarf hedge you've wanted.

TEUCRIUM PRICES
Nice Heavy 2-Yr. Plants
**25c each; 10 for \$2.00;
25 for \$4.50; 100 for
\$16.00**
**Note: Plant 6 inches apart for
close hedge. Requires only very
light trimming.**

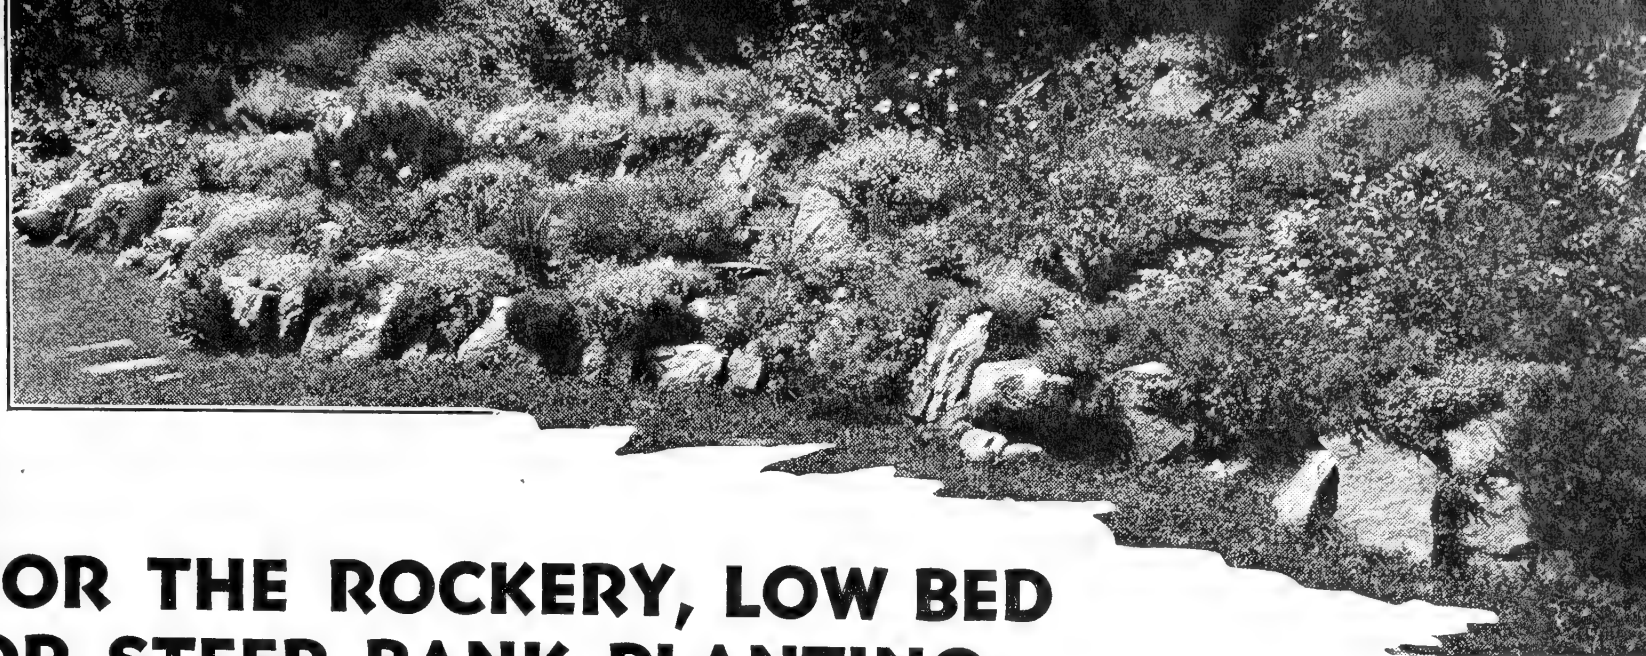

HARDY VINCA

for Evergreen Ground Cover

**Unexcelled for Use on Banks, in Shady Places or Anywhere That
You Have Difficulty Growing Grass**

We know of no other plant which can excel this beautiful hardy Vinca as a ground cover. Will grow on slopes, hillsides, in partial or dense shade or in full sun. Forms a dense evergreen carpet under trees where grass will not grow. May also be used to stop washing and erosion on terraces or slopes. Trailing habit soon makes plants grow into a solid mass. Foliage is rich green and glossy. Tiny blue blossoms are borne for a short season in the spring. Plant 12 inches apart each way.

Nicely rooted, 2-year plants which will start to grow at once, 10 for \$2.00; 25 for \$4.25; 100 for \$15.00.

FOR THE ROCKERY, LOW BED OR STEEP BANK PLANTING

SIX EXCEPTIONALLY GOOD PLANTS FOR THESE PURPOSES

DWARF CREEPING PHLOX

Use Creeping Phlox liberally in your rock garden. One of the best of the "carpet" plants. A mass of tiny blooms in early spring and a blanket of green the balance of the summer.

SAPONARIA

We like this the best of all the trailing plants. One main root but it throws out numerous tendril-like branches close to the ground. Foliage is a bright green all season and in spring the plant bears small bright pink blooms in abundance. An excellent plant to plant along the top of a wall where the trailing branches can hang over.

FESTUCA GLAUCA

A tufted grass which has bright blue color and will liven up your rock garden when blooming plants are scarce. Always remains dwarf. Hardy and does not spread.

CAMPANULA CARPATICA

(Dwarf Bluebells of Scotland)

Dainty blue bell flowers are borne on 4- to 6-inch stems above a low mound of bright green foliage. Withstands drought and heat but also does well in partial shade. One of the most beloved of dwarf perennial plants.

STRIPED GRASS

Always ornamental and much used in rockeries and around pools is Striped Grass. Long, blade-like leaves oddly striped. Throws up stiff stems, each topped by a tuft of downy bloom.

BLUE FORGET-ME-NOT

(*Anchusa Myosotidiflora*)

You will love the clear blue color of its dainty "Forget-me-not" blooms. Foliage is dark green, heavy and ornamental throughout the season. Flower stems are only about 12 inches long, thus making it ideal for the rockery, edging or border. Does well in shaded locations. Nice 2-year plants for bloom this summer.

SPECIAL OFFER

Your choice of these six plants as described, 35c each; 4 for \$1.00. Or to give you variety for a small rockery planting, we will send you one of each as a special collection.

6

One of each of the six plants as described. Post-paid for only

\$1.50

RED FLOWERING FOUR-LEAF CLOVER . .

• OXALIS OR AMERICAN SHAMROCK •

One of the easiest of all bulbs to plant and grow. Produces a succession of lovely rosy red blooms from early summer until late fall. Stems are only 8 to 10 inches long, which makes these charming plants ideal for bedding. When used for a low, flowering border they will be a delight to all who see it.

Plant bulbs in a sunny location 5 to 6 inches apart and 4 inches deep. Bulbs are about the size of marbles, but you will be amazed at the number of blooms each one will produce.

Dig and store in the fall the same as you do Gladiolus. **Healthy Blooming Size Bulbs**

30 for \$1.00; or 100 for only \$2.75, postpaid

Use These Plants for Charming Gardens

**All 2-Yr. Field Grown
WILL BLOOM NEXT SUMMER**

TRITOMA

(Red Hot Poker)

One of the flashiest and most showy of all the garden plants. Large, elongated cones of brilliant orange-red flowers borne on strong canes 2 to 3 feet high. Will do well on any soil and will bloom abundantly year after year. Get a few of these and enjoy their brilliant coloring. **Fine, heavy, 2-year plants, 45c each; 3 for \$1.00, postpaid.**

AQUILEGIA

(Columbine)

Mrs. Scott Elliott's Long-Spurred Hybrids. The finest of the Aquilegias and excellent for bedding or cutting. Grow in mixed colors of wide range. **Being Hybrids we cannot ship by color.** Their delicate, yet colorful beauty makes them a favorite with all flower lovers. Grow 2 feet tall. **35c each; 4 for \$1.00, postpaid.**

"Red Hot Poker"

"BLUEBIRD" Veronica True Grafted Variety

This beautiful plant has long, slender, bronze-green leaves and carries a great quantity of indigo-blue flowers formed as curved spikes. Be sure to include this in your garden. Blooms continually from July to October. A real value at this low price. Grows about 2 feet tall. **45c each; 3 for \$1.00, postpaid.**

**FOR BRILLIANT COLOR,
FOR SURE GROWTH IN
THOSE SPOTS WHERE
NOTHING ELSE THRIVES • •**

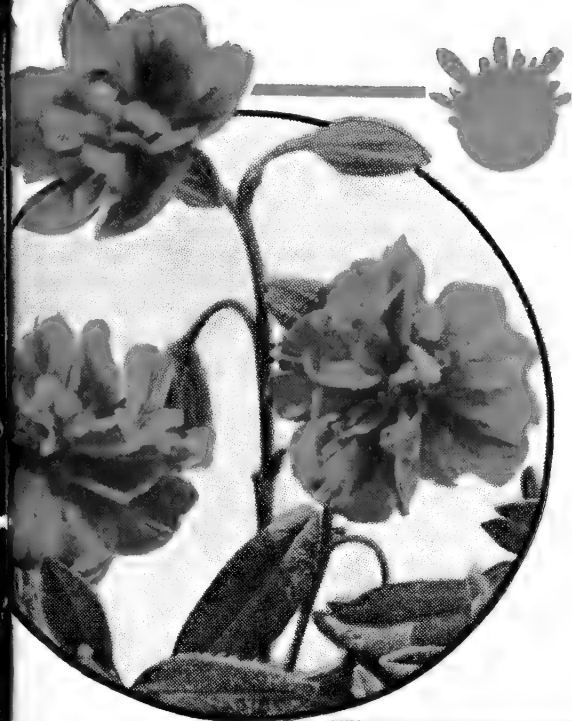

Gaillardia "Goblin"

One of the showiest of the new Gaillardia. Giant sized blooms of rich coppery yellow with deep, glowing wine-red center disc. For brilliant color in the perennial bed they are unequalled. Excellent for cutting and all bouquet use. Grow 3 feet tall. **35c each; 4 for \$1.00, postpaid.**

PLEASE NOTE: All perennials, strawberry plants and plants from pots will not be shipped until planting time when new growth has started.

Gaillardia "Goblin"

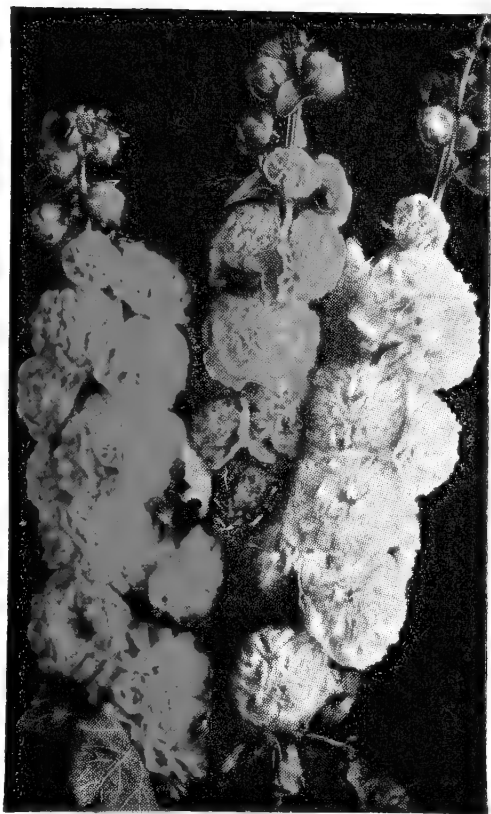

Fireball!

FOR BRIGHT COLOR

Charming new addition to the Helianthemum family. Dwarf plant with stems rising 6 inches above the foliage, each topped with a ball-shaped bloom of brightest orange-red. Ideal for rockery or border. **Get this New Fireball** and enjoy its blooms this year. A perennial and will last for years. **35c each; 4 for \$1.00, postpaid.**

HARDY PERENNIAL PLANTS

ALL OF THESE PLANTS ARE 2-YR., FIELD-GROWN TRANSPLANTED PLANTS. WILL BLOOM THIS YEAR.

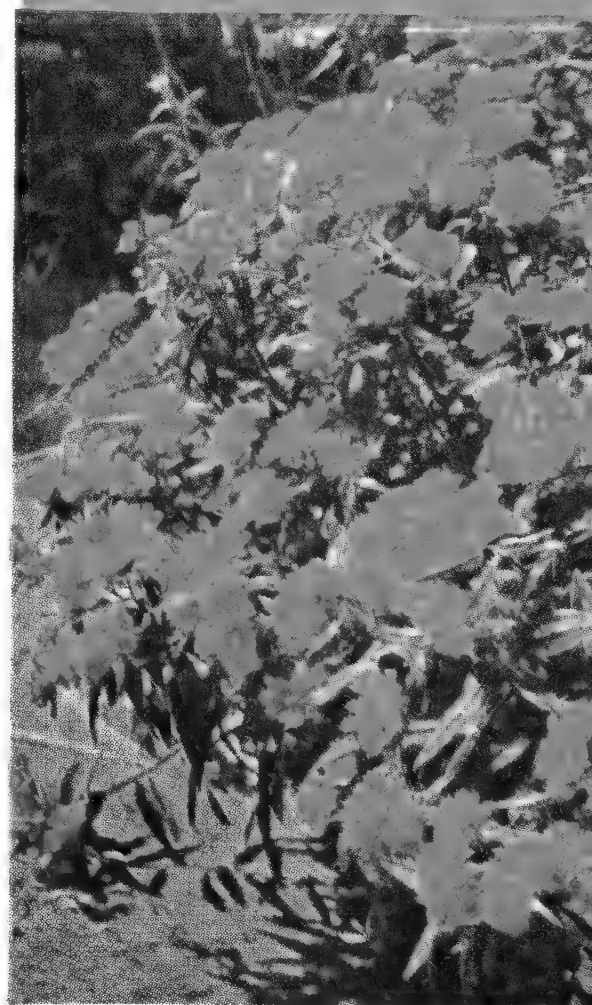

Imperial Hollyhocks

ORANGE BUTTERFLY PLANT

(Asclepias Tuberosa)

THE ONLY HARDY PLANT HAVING TRUE ORANGE FLOWERS

This attractive plant produces an immense number of flowers during the months of July and August. Brilliant orange. It can be successfully grown in any type soil in any locality. Reaches height of 2 to 2½ feet. Withstands the most severe winters and the hottest summers, producing flowers year after year with no attention. Grows native in some sections of the country. Blooming size roots, **25c each; 5 for \$1.00, postpaid.**

Orange Butterfly Plant

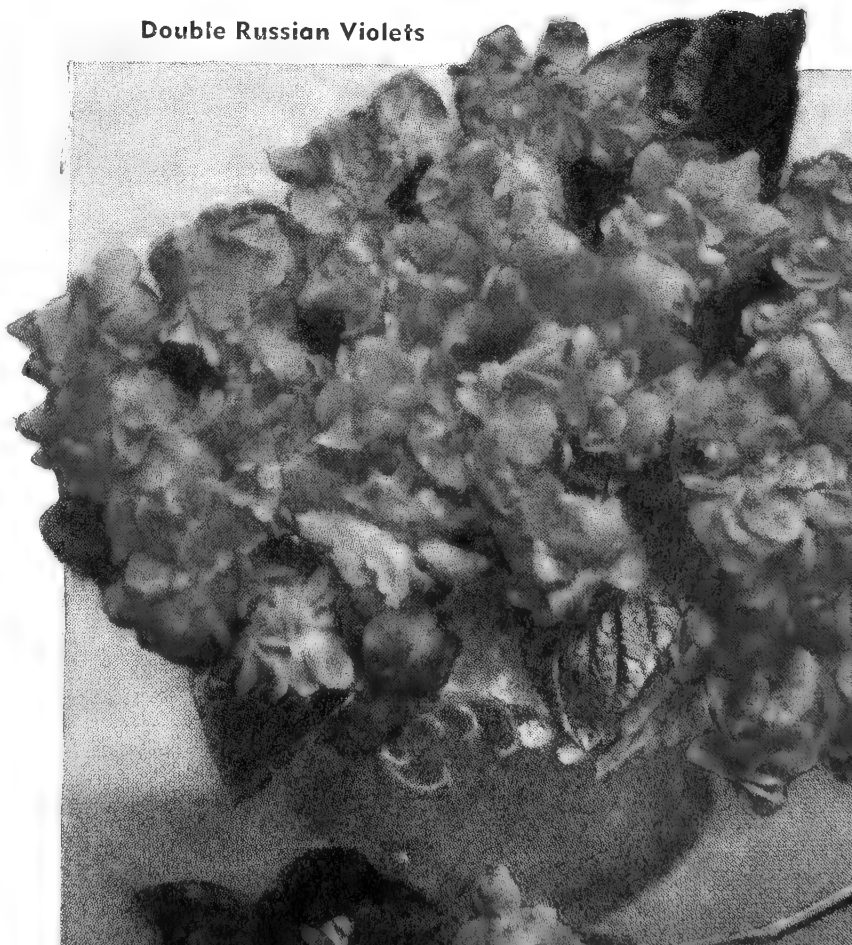

IMPERIAL HYBRID DOUBLE HOLLYHOCKS

New hybrid strain of an old favorite garden flower. New brilliant colorings, new larger blooms and new hardiness make this an outstanding strain. Desirable for background plantings as they grow to 5 feet tall. Being hybrids, they come only in mixed colors. 2-year roots will bloom this summer. **25c each; 5 for \$1.00, postpaid.**

DOUBLE RUSSIAN VIOLETS

One of the most charming of garden plants. Rich purple, double blooms are borne in profusion throughout the summer months on stems about six inches long. Bright green foliage is very ornamental. One of the best plants for edging along walks, paths or around a perennial bed. Hardy and does well in either sun or semi-shade. **Well rooted, field-grown plants which will bloom this year, 45c each; 3 for \$1.00, postpaid.**

Double Russian Violets

as Ever •**

**Every Garden Needs a Few Clumps of
Old-Fashioned Flowers**

We know of no better ones to plant than these romantic Old-Fashioned Canterbury Bells.

They produce loads of deep bell-shaped blooms over a long period of time.

Grow about 3 feet tall, making them ideal to plant in front of shrubs or along a fence.

We offer these in nice two-year roots in mixed shades only.

WILL BLOOM THIS YEAR
30c each; 5 for \$1.00, postpaid

The Charming Blooms of Bleeding Heart

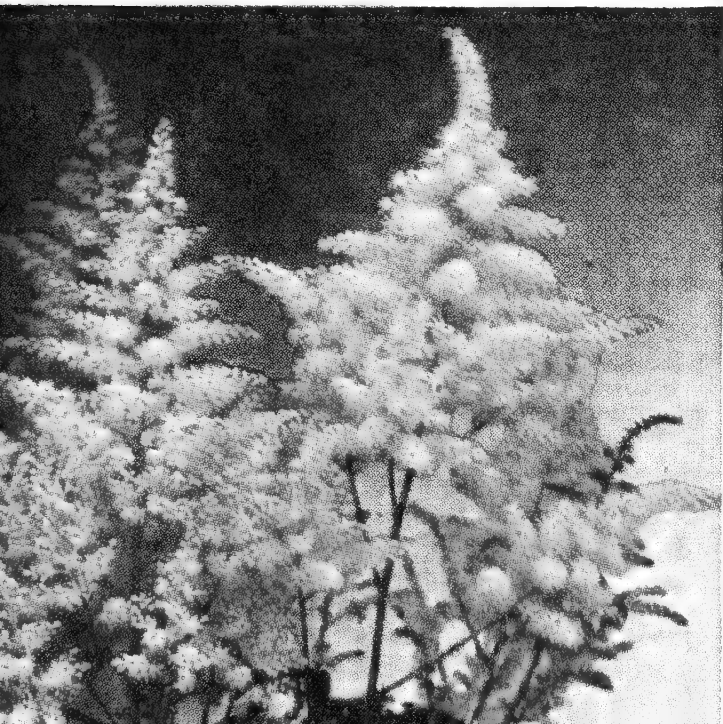

GAILLARDIA, "Sun God"

One of the finest additions to the famous family of Gaillardias. Immense, rich golden yellow blooms on tall, erect stems about 24 inches long. Very hardy and thrives under adverse conditions. Blossoms freely over a long period, providing lots of color in the perennial bed or border. Fine cut flowers, keeping a long time. **35c each; 4 for \$1.25, postpaid.**

HARDY ASTILBE "GLORIA"

For Beauty in Beds or Borders

Pink Astilbe, Gloria

Hardy plant of the most striking character. Attractive foliage, and in June and July the plant throws up long, plummy wands of rosy pink bloom on 18-inch stems. Because of their feathery character and brilliant coloring, they are exceptionally showy during their blooming season of approximately three weeks. Excellent for low summer hedges, in perennial beds, or for accent pieces against shrub backgrounds.

Blooming size, fibrous bulbs only

**45c each,
3 for \$1.25,
postpaid**

[24]

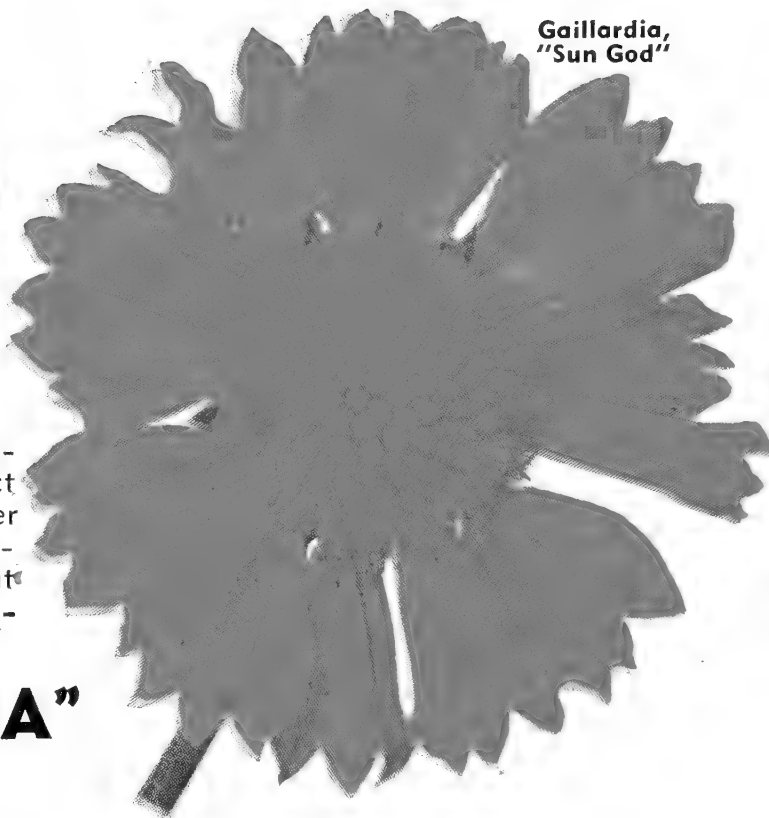

Beauty and Color

ADD SOME OF THESE HARDY
WILL BE MORE THAN PLEASED

Bleeding Heart

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite in grandmother's day and is still good. Don't fail to get it at this price. **2-year roots, will bloom this year, 55c each; 3 for \$1.50, postpaid.**

Note: Perennials, strawberry plants and plants from pots will not be shipped until planting time, when new growth has started.

Krider Nurseries, Inc.,
Middlebury, Indiana

Gentlemen: Received your order recently. Please accept my thanks for some very fine nursery stock and a superb job of handling and packing.
W.R.J.

*Norwich, Ohio
May 22, 1944*

Krider Nurseries, Inc.,
Middlebury, Indiana

Dear Sir: I received my order and was so pleased with the plants. We were fortunate to get them planted just before a rain and have had quite a bit of rain since, and they all look fine. I wish I had known about Krider's before I sent my order for roses to another firm—but from now on my orders go to Krider.

Mrs. F.G.

For the Finest Gardens

PLANTS TO YOUR PLANTINGS — YOU
WHEN THEY BLOOM NEXT SUMMER

RED CORALBELLS *Heuchera, "Pluie de Feu"*

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Excellent for shady spots. Grows 18 to 24 inches tall.

Nice, 2-year plants:

35c each; 4 for \$1.00, postpaid.

Heuchera, Pluie de Feu

THE POOR MAN'S ORCHID IRIS "SHILKA"

A lovely Iris to beautify your gardens! Discovered by Prof. Hansen in the cold sections of Siberia, near the town of Shilka. Extremely hardy and blooms are oddly shaped, as shown in photo at the left. Color a delicate orchid. In fact, it has been called "the poor man's Orchid." A real beauty and one no flower lover will want to be without.

Field-Grown Plants—Blooming Size

45c each; 3 for \$1.00, postpaid.

Beautiful Iris, "Shilka"—
"The Poor Man's Orchid"

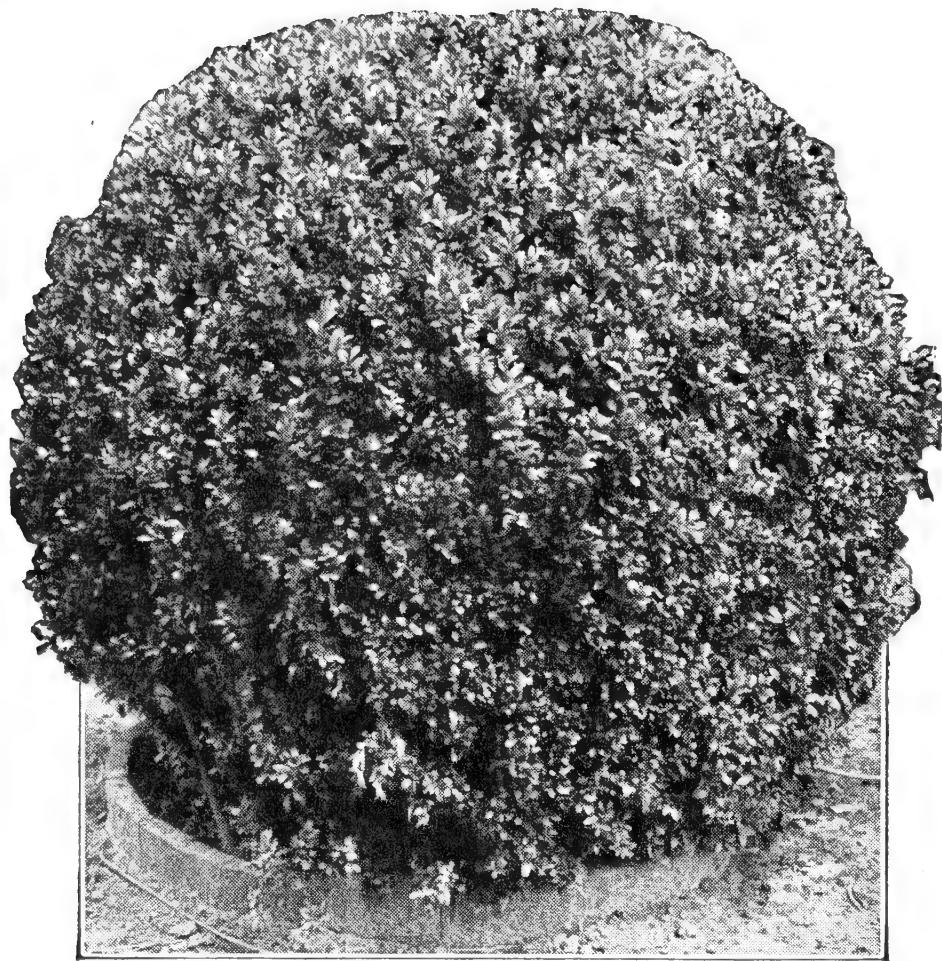

LYTHRUM . .

A "DIFFERENT" PERENNIAL FOR YOUR BEDS OR
BORDERS — HARDY — WILL BLOOM THIS YEAR

If you want a rather tall growing perennial that will provide a lot of bright pink color in your borders or beds during the hot months of July and August, then plant a clump of beautiful Lythrum plants. Reach a height of 3 to 4 feet. Matured plants form a clump which each year throws up a great number of willowy stems each of which terminates in a foot-long spike of bright pink blooms. Hardy, a rapid grower, and our 2-year transplanted plants will bloom this year. Don't fail to get some of these if you want good summer color in your garden.

35c each; 4 for \$1.00, postpaid.

Dwarf Hardy Boxwood

DWARF HARDY BOXWOOD

For Dwarf Evergreen Hedges—Ideal for Edging Beds, Borders, Pools, Etc.

No doubt you have at various times admired the dwarf Boxwood hedges used so much for garden outlines on large estates. Most of the earlier Boxwood in this country came from England and later was much used in Virginia, New Jersey and other eastern states.

We have grown quite a nice stock of these plants which have proven entirely hardy in Northern Indiana and now offer them to our customers at a reasonable price. In extreme northern sections they should be given some winter protection. **Heavy rooted, 6-year-old, 6- to 8-inch high plants, 45c each, postpaid. 10 for \$3.50; 25 for \$7.50; 100 for \$25.00.**

(Note: For close hedges, plant 6 to 8 inches apart. For bed outlining plant 1 foot apart. Will eventually reach 2 to 3 feet high unless severely sheared and kept low.)

PEONIES

FOR LATE SPRING BLOOMS IN YOUR BEDS AND BORDERS

FOUR SPLENDID PEONIES

BARONESS SCHROEDER. One of the finest of the late blooming Peonies ever introduced. Creamy white.

KARL ROSENFELD. Large flowering semi-rose type. Rich bright red color and very profuse in blooming habit.

SARAH BERNHARDT. Very large flowering midseason variety with exquisite pink color.

THERESE. Very large free-blooming sort. Pearly pink with golden center.

SPECIAL OFFER

4 Your choice or one of each of the 4 fine Peonies described above, postpaid **\$2⁵⁰**
75c each, singly.

"Decoration Day" PEONY

(OFFICINALIS RUBRA)

ALWAYS IN BLOOM FOR MEMORIAL DAY IN THE MIDWEST

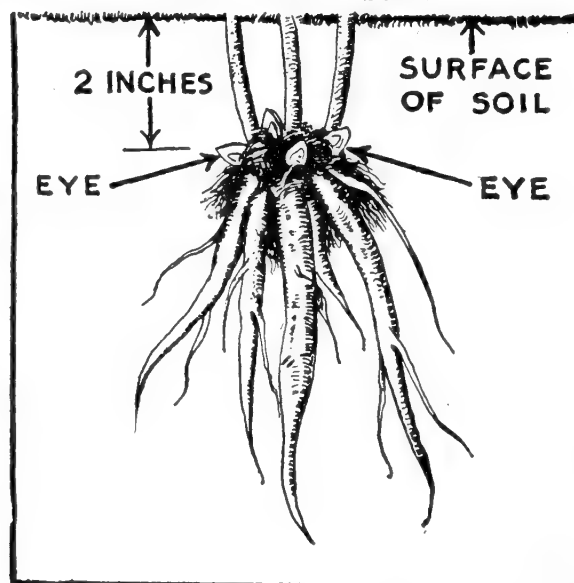

The earliest Peony to bloom. Rich bright red flowers always open in our latitude by Memorial Day. Get this fine Peony if you want early double blooms.

Plant as shown below

HARDY VINES ALL VINES ARE POSTPAID

Hall's Sweet Scented Honeysuckle

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. **2-yr., 35c each; 5 for \$1.50.**

Chinese Purple Wistaria

Beautiful climbing vine of rapid growth, producing long, pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support.

Note: We are often asked why some Wistaria does not bloom. The answer is that you have been getting plants raised from seed. Many of these will never bloom. We graft our Wistaria from blooming wood and guarantee that they will bloom the second or third year after planting. **2-yr. grafted, 75c each; 3 for \$2.00.**

NOTE: For **ADDITIONAL VINES**, See page 28.

Boston Ivy

A splendid vine for covering, as it clings perfectly to the smoothest surface. Foliage is bright glossy green, changing to brilliant hues of scarlet, crimson and orange in the fall. This is the vine seen so much creeping up over brick walls of old churches and homes. Hardy and easily grown. All 2-yr. vines. **50c each; 3 for \$1.25; 12 for \$4.00.**

EVERGREEN BITTER- SWEET

(*Euonymus*)

Beautiful waxy dark green leaves and attractive orange colored berries that stay on the vine all winter. Foliage is evergreen and the vine will cling to brick, stone or any kind of wall. **2-yr., 75c each; 3 for \$2.00.**

How to Grow Clematis

Clematis will thrive in almost any climate but for best results they should be planted in a somewhat sunny location and in as near a non-acid soil as possible. If your soil is acid this condition may be remedied by mixing lime with the soil at planting time, or by thoroughly working lime into the soil around those plants already in place. Clematis should be set so that the dirt comes up about 2 inches on the stem above the roots. If planted with the crown just level with the soil they will soon wither and die from drying out. Dig the hole large enough so that the roots may be spread out naturally in planting. If the soil is poor the hole should be filled with good rich garden soil. Clematis planted in this manner and kept well watered (not drowned) will rarely fail to grow and do well. See next page.

Evergreen Bittersweet

AMERICAN BITTERSWEET

Loved By All

Widely used as a winter bouquet in the home. Handsome foliage and in fall has those large clusters of orange-crimson berries which it retains all winter. If given support will climb over most any surface. Grow your own Bittersweet.

**Nice, Heavy Rooted, 3-Year Plants
50c each; 3 for \$1.25, postpaid**

COLUMBINE "CRIMSON STAR"

The Most Beautiful Columbine

Very scarce and so much in demand that many growers cannot keep up with the demand. Planted in groups they present a lovely sight when in full bloom. Grow about 2 feet tall. Rich dark crimson sepals and spurs, in wonderful contrast to the white petals—a combination of colors entirely new in Aquilegias. Flowers are extra large; plants are vigorous and free flowering. Beautiful in the garden or when cut. **45c each; 3 for \$1.00, postpaid.**

BEAUTY IN VINES

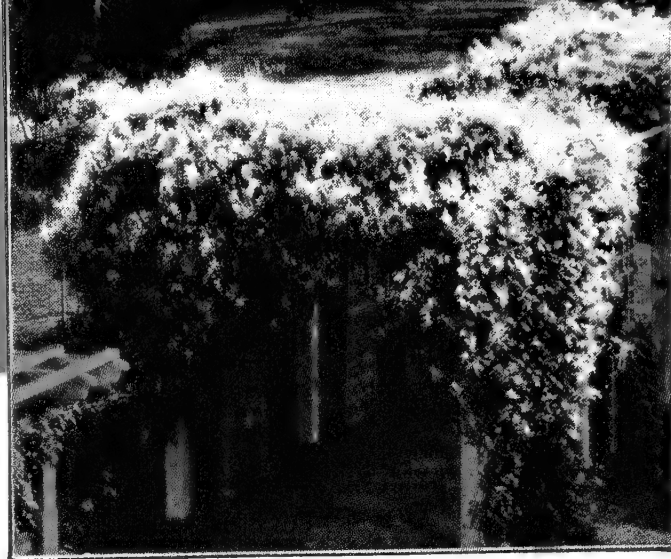

All are Sturdy, 2-Year, Field-Grown
All are Hardy - - - All Postpaid

"SCARLET BEAUTY" HONEYSUCKLE

ONE OF AMERICA'S MOST BRILLIANT FLOWERING VINES
EVERBLOOMING — EVERGREEN

The wonder plant of the century. Blooms all summer. Loads of flashing coral-red flowers. Fine for foliage and cover. Leaves remain green until after Christmas. Blooms are richly scented. If you are looking for a good vine, get this one. **75c each; 3 for \$2.00, postpaid.**

Clematis Jackmani

Silver Lace Vine

CLEMATIS

PLEASE NOTE: All Clematis will be shipped from 3-inch pots. In this way roots will reach you full of life and ready to start growth at once. **ALL ARE POSTPAID.**

JACKMANI. One of the best and freest flowering varieties we know of. The flowers, when fully expanded, are from 4 to 6 inches in diameter. Intense violet-purple, with a rich velvety sheen, distinctly veined. July until frost. **75c each.**

MME. EDOUARD ANDRE. Flowers as large as Jackmani and a rich rosy red. Very free flowering, and a continuous bloomer. **75c each.**

HENRYI. Large creamy white flowers. A strong grower and very hardy. One of the best of the white varieties. A continuous bloomer. **75c each.**

Great New Clematis, "Ramona"

This beautiful Clematis carries a suggestion of lost Indian legend; lingering memories of a vanished race. Large, lavender-blue blooms in profusion. Hardy and easy to grow. Very large, rounded petals. **75c each.**

**SEE OTHER VINES AND READ
"HOW TO GROW CLEMATIS"
ON PAGE 27.**

PINK → WISTERIA

Just look at the photo at the right of this gorgeous pink Wistaria. Can you imagine these growing and blooming on your grounds? Very hardy and will climb a lattice or arbor or any good support. May be staked and trimmed to grow in bush or tree form. Long panicles of bloom and superb rich pink color. **We offer heavy, 2-year, grafted plants.** These grafts are from blooming wood, so you may be sure your plants will bloom (usually the second or third year after planting). **2-yr., grafted vines, \$1.00 each; 3 for \$2.50, postpaid.**

SILVER LACE VINE

In a few short years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. **60c each; 3 for \$1.50, postpaid.**

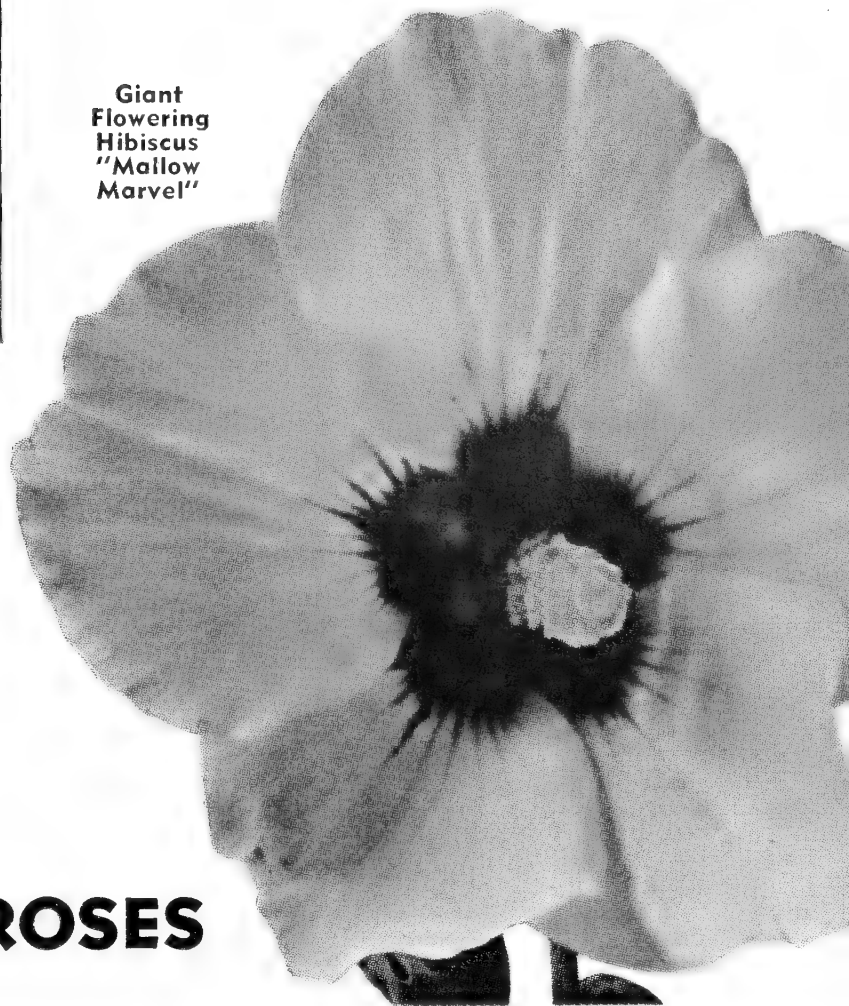

Dwarf Daisy, "Esther Reed"

NEW DWARF DAISY *"Esther Reed"*

A new Daisy which can best be described as "captivatingly lovely." Dwarf in growth (stems reach about 8 to 10 inches high), but each stem is topped by a giant sized bloom of pure white, having daisy-like form, but with a tufted mound of tiny petals in the center. Planted in groups in the foreground they make a most attractive display over a long blooming period. **Plants which will bloom this year, 50c each; 4 for \$1.75, postpaid.**

Giant
Flowering
Hibiscus
"Mallow
Marvel"

GIANT FLOWERING HIBISCUS - "Mallow Marvel"

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring six inches or more across. Rich in color and hardy as an oak. Wonderful for background subjects or for an informal high summer hedge. **Nice 2-yr. roots, only 25c each; 5 for \$1.00, postpaid.**

LOVELY HARDY PRIMROSES

(*Primula Veris*)

One of the most beloved of dwarf perennials. Their small, brightly colored blooms arising above attractive broad leaves add charm and color to rockeries, borders or edging. We offer 2-year, field-grown plants in mixed shades only. Plant about 10 inches apart for borders or edging. Excellent for shady spots.

**35c each; 5 for \$1.50; 10 for \$2.75
Postpaid**

[29]

FOUR CHOICE WATER - LILIES

Water Lilies

All of our Water Lilies will bloom six weeks after they are planted. **All Water Lilies Are Sent Postpaid**

ALBA GRANDIFLORA. Rampant grower. Large blooms of pure white and very fragrant. **\$1.50 each.**

CHROMATELLA. Popular variety with extra large yellow blossoms. Three to five stems in bloom all the time. **\$1.50 each.**

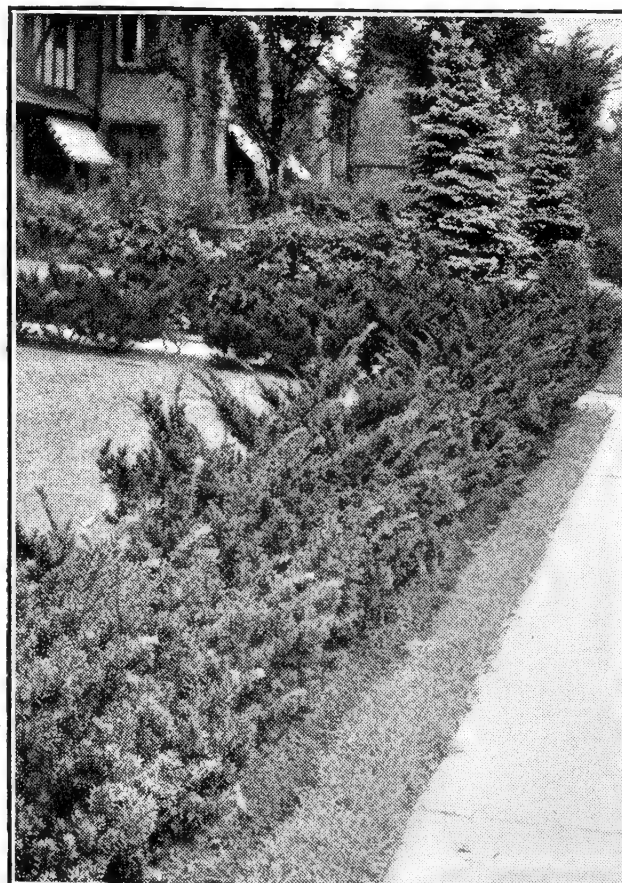

ROSE AREY. Beautiful fragrant variety with a color of such dark pink that it is sometimes classed as a red. Profuse bloomer. **\$1.50 each.**

CONQUEROR. One of the best red Lilies ever known. Brilliant coloring and free blooming habit make it a very valuable addition to any pool. **\$1.50 each.**

4 ONE OF EACH of the four fine Lilies described above— \$5.00
Postpaid for

DEUTZIA LEMOINE

One of the most beautiful of the dwarf shrubs. Grows to a height of 2 to 2½ feet. Trumpet-shaped white blooms are born close to the stems, giving the appearance of flowering wands. Excellent for use where low-growing shrubs are wanted. Foliage is ornamental all through the summer. Is also splendid for low flowering hedges or borders. Very slight trimming will keep plants neat and compact. Plant 18 inches apart for hedging. **Nice, 2-yr., blooming size shrubs, 40c each; 3 for \$1.10; 10 for \$3.00; 50 for \$12.50; 100 for \$22.50.**

Evergreen Taxus Hedge

York Springs, Penna.,
May 8th, 1944.

Krider Nurseries, Inc.
Middlebury, Indiana.

Dear Sir:

Received all the nursery stock in the finest condition. Thank you very much for everything. I am so well pleased.

Mrs. J. G. K.

Bevans, New Jersey,
Sept. 11, 1944.

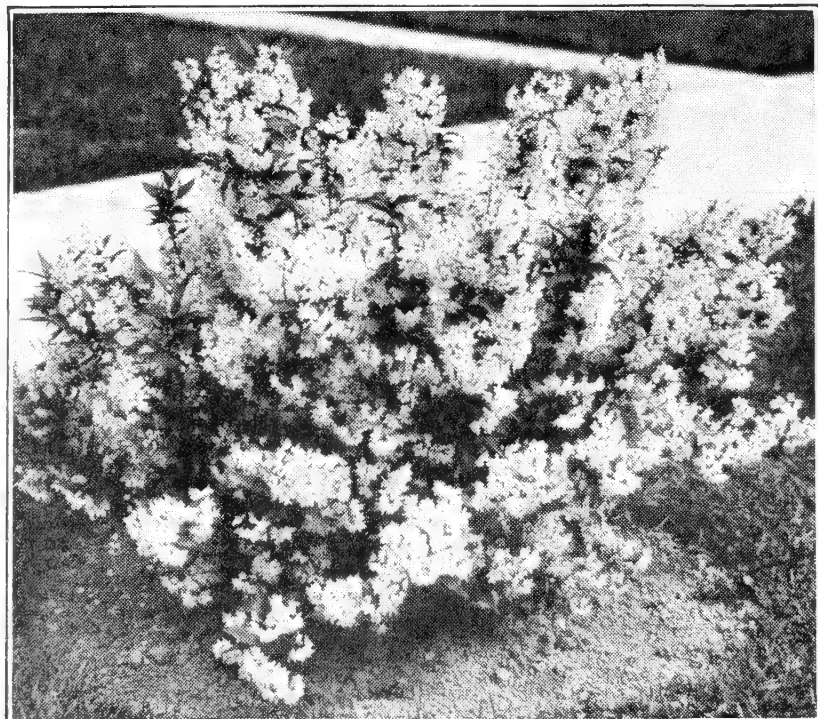

Krider Nurseries, Inc.,
Middlebury, Indiana.

Dear Sirs:

I'm sorry not to have told you before how pleased I have been with last spring's order. Of course, I need not tell you of the high quality of the stock, but you will be glad to know of its splendid performance for me.

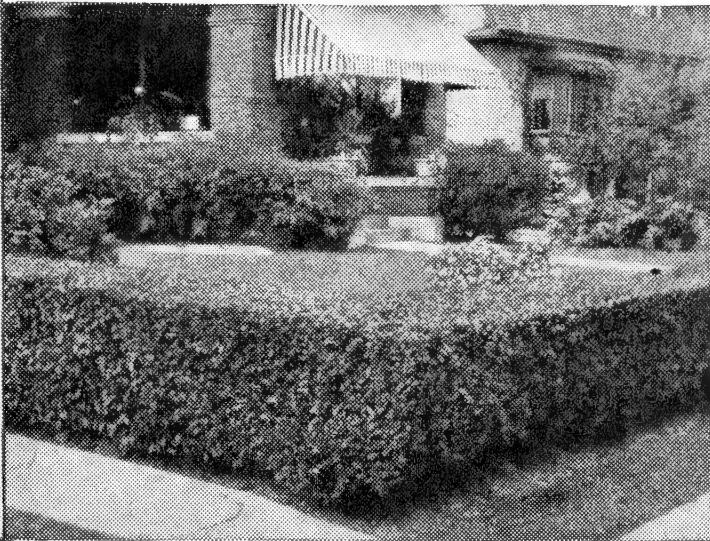

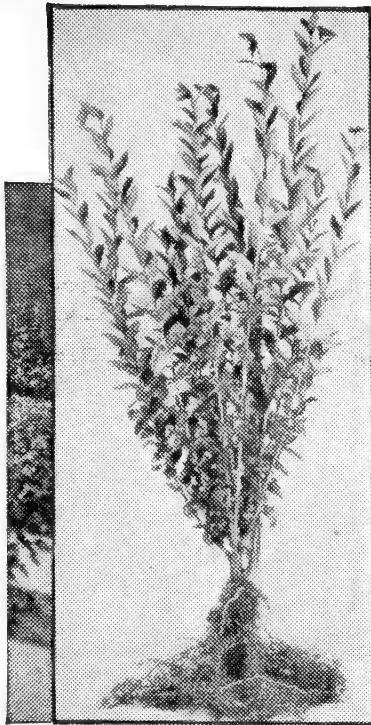

Mrs. W. E. G.

Don't Miss Lily-of-the-Valley on page 71

Deutzia Lemoine

HARDY HEDGES

Hardy Amoor River Privet Hedge

For beautiful living fences our Hardy Hedge Plants are unequalled. Highest quality, heavy rooted, healthy and sure to grow. Their low prices make them ideal for those who want hedge plants in any of the several varieties described below.

Green-Leaved Japanese Barberry

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on

through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. **9 to 12 in., 25 for \$1.50; 100 for \$5.00. 12 to 15 in., 25 for \$3.00; 100 for \$10.00.**

Spirea Van Houttei for Hedging

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge. **2-yr., 12 to 18 in., 25 for \$3.50; 100 for \$12.50.**

Bush Honeysuckle for Hedging

No hardier plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high, compact hedge, for screening purposes, or to attract birds. **2-yr., 18 to 24 in., 25 for \$3.50; 100 for \$12.50.**

California Privet

One of the best and most widely planted hedges in the South and Atlantic coastal states, north to New York City. Habit of growth similar to Amoor River Privet, except leaves are somewhat larger and more glossy. Not recommended for planting north of the Ohio River or New York City on the east coast. **2-yr., 15 to 18 in., 25 for \$3.50; 50 for \$6.50; 100 for \$12.50.**

Japanese Barberry for Informal Hedges

PLANTING AND GROWING HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens 2 to 3 feet. Spacing may be varied depending upon the density desired. After spacing plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 to 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

Hardy Amoor River Privet

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 inches apart and prune back to 8 to 10 inches after planting for a dense hedge. **2-yr., well branched, 15 to 18 in., 25 for \$3.50; 50 for \$6.50; 100 for \$12.50.**

EVERGREEN TAXUS

For Finest Hedges

Illustrated at left.

TAXUS CUSPIDATA (Spreading Yew).

The last word in evergreen hedges. Rich looking, dark evergreen foliage. As they age they become covered with brilliant red berries in fall. Will stand heavy shearing and will make a dense, compact, beautiful hedge if planted 18 inches apart. **Heavy rooted, 6 to 9 in. plants, 25 for \$8.00; 100 for \$25.00, postpaid.**

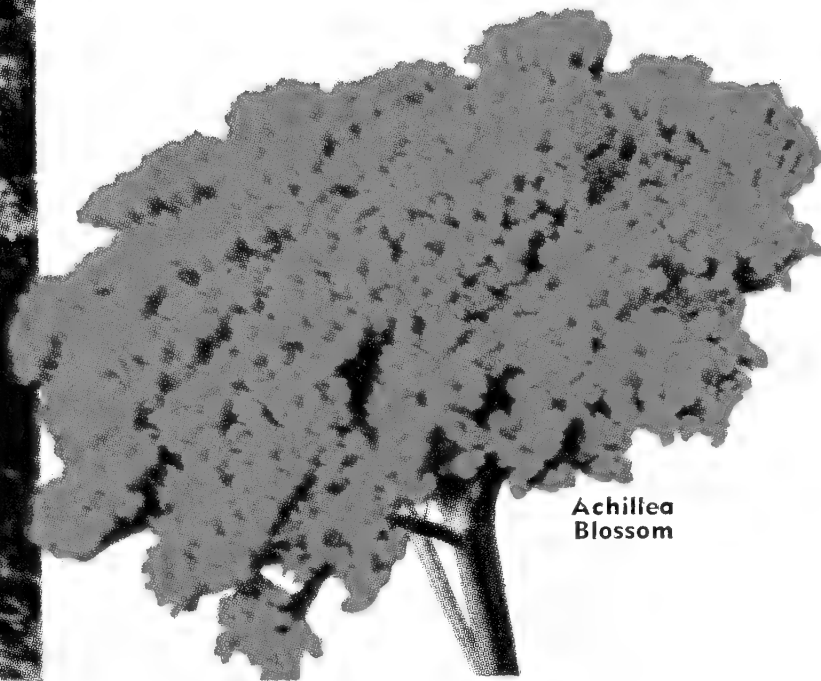

Achillea Plant

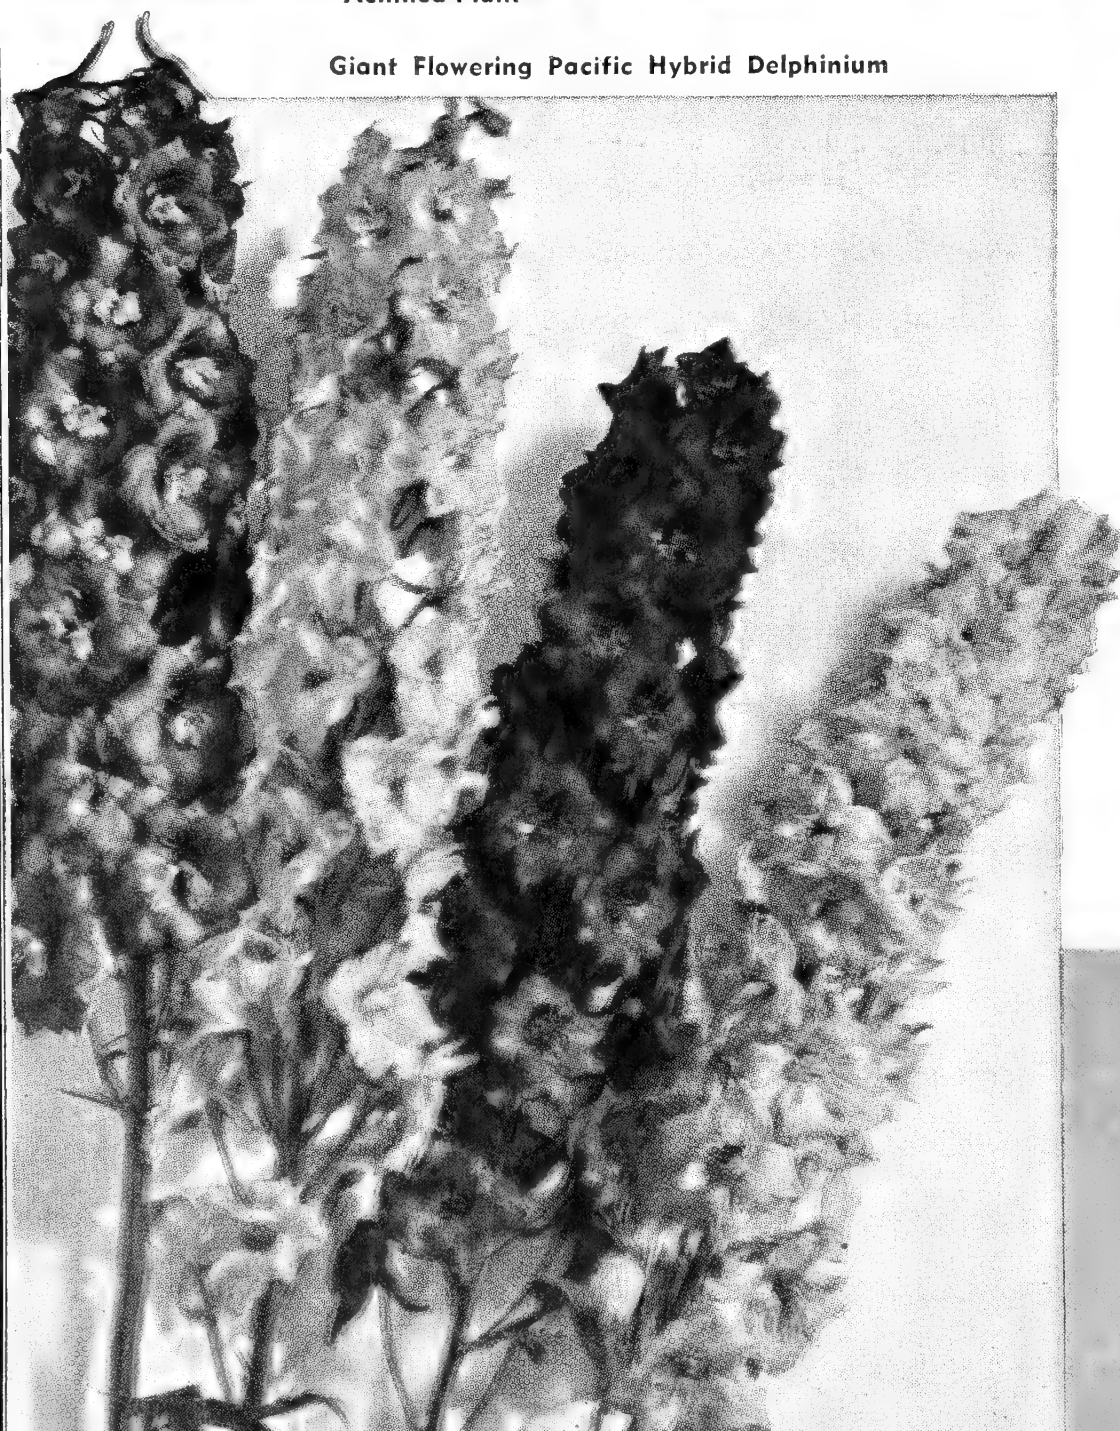

ACHILLEA

FOR BRIGHT COLORS IN BACKGROUNDS OR
AMONG SHRUBS IN THE BORDER - - -

Very hardy and vigorous in growth. Reaches 4 to 5 feet in height and each plant throws up several stems, each of which is topped by a large, flat, clustered bloom 4 to 5 inches across. Color is a brilliant yellow, making them very showy for background plants or in among shrubs in the border. Start blooming in June and continue through August into September. This long-blooming habit makes them especially valuable. **2-yr. roots, will bloom this summer, 45c each; 3 for \$1.00, postpaid.**

Achillea
Blossom

Giant Flowering Pacific Hybrid Delphinium

*Giant Flowering
Pacific Hybrid*

DELPHINIUM

Words cannot adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring as much as 2½ inches across. The colorings will thrill you. **Being Hybrids we cannot guarantee what shade the plant will bloom,** but they run the range of blues, lavenders and mixed shades. Some have outer petals of blue with inner petals of soft orchid.

HARDY ASTER

FOR FALL BOUQUETS . . .

WILL BLOOM THIS YEAR

Without doubt the Harrington's Pink Aster has been one of the most beautiful new plants to be placed on the market. Its rich, clear pink color, good growing habits, hardiness and free blooming qualities have made it one of the largest sellers and most popular of perennial plants.

We have a nice stock of these in 2-year, field-grown plants and we know you will be pleased when they start blooming in your gardens late this summer when other blooms are scarce.

40c Each; 3 for \$1.00, Postpaid

TWO OTHER HARDY ASTERS FOR FALL BEAUTY in the GARDEN

"CLIMAX"

One of the older varieties, but still very popular because of its hardiness and sure-blooming qualities. Blooms are rich bluish purple with a bright golden center. Very colorful in the fall when garden color is scarce.

2-year plants, will bloom this fall:

30c each; 4 for \$1.00, postpaid

"PURPLE PRINCE"

Very heavy flowering variety. Medium height and hardy. Grows easily. Blooms about the size of a half dollar, of good purple color. Center eye of deep gold makes attractive color combination. Keep well after cutting. Fine for fall bouquets when other blooms are scarce. Also makes an effective plant to plant in front of shrubs to provide late color in the border.

2-year plants, will bloom this fall:

35c each; 3 for \$1.00, postpaid

Dr. Regel

DAYLILIES (HEMEROCALLIS)

ONE OF THE EASIEST PLANTS TO GROW

In new favor since late improvements have added color and beauty. Add these delightful easy-to-grow Day Lilies to your gardens. Their beauty and color is equal to the finest Lilies. Bloom over a period of several weeks. We offer three of the choicest varieties known.

2-Yr. Roots, Your Choice:

MITTENDORF. Orange-copper. Very choice.

DR. REGEL. Early, semi-dwarf. Very fragrant. Rich orange-yellow.

THUNBERGI. The Queen of the Yellows. Large, bell-like blooms of soft deep yellow. Fragrant and delightful.

ORNAMENTAL SHRUBS AND DWARF TREES . . .

Large growing shrubs should be planted 5 feet apart in shrub borders. Dwarf trees about 8 to 10 feet apart.

OLD-FASHIONED LILAC

No other shrub has quite the place in the hearts of people that the old-fashioned Lilac has. Grows anywhere and its masses of light purple bloom in early spring are a constant delight. Fine for tall hedges, screens or specimens. No grounds complete without this fine old shrub. Grows to 10 or 12 feet tall. **40c each; 3 for \$1.10.**

REMEMBER
— All shrubs offered in this catalog are heavy, 2-year, blooming size. Do not confuse with cheap light grade shrubs.

CARAGANA ARBORESCENS

Bushy, dwarf tree reaching 12 to 15 feet at maturity. Heavy, fine foliage. Masses of yellow blooms in late May or early June, followed by clusters of drooping pods in fall. **2 to 3 ft. size, 60c each; 2 for \$1.00.**

TAMARIX AFRICANA

These large shrubs have foliage resembling Asparagus leaves, with a drooping, feathery appearance. Bear delicate pink flowers in great profusion in early summer. Does well in any type of soil. **40c each; 3 for \$1.10.**

GREEN-LEAVED BARBERRY

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist, dry or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with luxuriant green foliage in summer and flashing red berries all winter make a most pleasing sight. **40c each; 3 for \$1.10.**

RED-LEAVED BARBERRY

This brilliant Barberry is becoming more popular every year. Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. For hedging, see page 31. **40c each; 3 for \$1.10.**

WHITE FRINGE

One of the showiest of all shrubs. Grows to small tree height, with large shiny leaves of deep green. Graceful and drooping, it bears clouds of lacy white blooms. Branches start close to the ground and it may be grown as a shrub or trimmed up and grown as a dwarf tree. Good in borders or for specimens. **60c each; 3 for \$1.50.**

ROSE TREE OF CHINA

PRUNUS TRILOBA. Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. Grows 8 feet high. **Heavy rooted, 2 to 3 ft. trees, only 75c each; 3 for \$2.00.**

York, Nebr.

R.E.W.

HARDY FLOWERING SHRUBS

IDEAL FOR SHRUB BORDERS, SCREENS OR FLOWERING HEDGES

SPIREA VAN HOUTTEI

Without doubt one of the most useful and most widely used shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. May be used for specimens, massed, or for hedges. Will grow to 8 feet high if untrimmed. 40c each; 3 for \$1.10.

SPIREA FROEBELI

Red Foliage in Spring

Large flat clusters of deep pink flowers nearly all summer make this variety especially good for nearly all plantings. Dwarf in habit and fine for inner border work. Will get about 30 inches high. 40c each; 3 for \$1.10.

DWARF NINEBARK SPIREA

Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom. Very good for informal helges or low borders. Reaches 30 inches in height. 40c each; 3 for \$1.10.

SNOW GARLAND SPIREA

One of the finest of the early flowering shrubs. Blooms just as the leaves appear. Entire bush becomes a mass of tiny white flowers. Foliage is cut-leaved, lacy and very ornamental in summer. In fall, after the first frost, it flames brilliantly into shades of red, gold and bronze. Perfectly hardy and thrives under average conditions. Grows to about 4 or 5 feet tall, making it a valuable addition to the list of medium sized shrubs. 40c each; 3 for \$1.10.

NEW GOLDEN SPIREA

A beautiful shrub with bright yellow leaves which turn to golden bronze in the fall. White blossoms followed by brilliant fruits. A sturdy, upright grower and valuable for color contrast. 40c each; 3 for \$1.10.

Spirea Van Houttei—America's Most Popular Flowering Shrub

NOTE: Larger growing shrubs should be planted about 4 feet apart for shrub borders, medium growing sorts 2 to 3 feet apart and dwarf kinds about 1½ to 2 feet apart. We give the approximate matured height in descriptions of varieties. This will help you to properly plan a shrub border and compute the number of plants necessary.

Special! Spirea Van Houttei

A real bargain in this popular plant. Nice, 2-yr., 18- to 24-inch plants. 10 for \$1.25.

20 Postpaid
for Only **\$3⁵⁰**

A Real Krider Value

KOREAN SPIREA

One of the most graceful of Spireas. Slender arching branches and excellent foliage. Masses of yellowish white bloom in spring. Will reach about 4 to 5 feet in height but may be trimmed back. Very hardy and a fine border shrub. 40c each; 3 for \$1.10.

ARONIA

(Chokeberry)

Attractive shrub growing to a height of six feet, foliage a delightful green, changing to flaming shades of red in the fall. Masses of brilliant berries make this shrub especially desirable. Does well in shale. 50c each; 3 for \$1.25.

GOLDFLOWER

(Hypericum)

A shrubby recumbent bush, 3 to 4 feet high, with smooth arching branches. Has single golden yellow blossoms and beautiful fine foliage. Does very well in partial shade if soil is not too dry. 50c each; 3 for \$1.25.

12 of the WORLD'S BEST VARIETIES of HARDY PHLOX

2-YR. FIELD-GROWN ROOTS WHICH WILL BLOOM THIS YEAR

We consider this to be one of the finest groups of Hardy Phlox we have ever offered. Note the outstanding varieties and beautiful color range. Note also that this collection includes "Pinkette" and "Marie Louise," lovely new Phlox introduced only last year. Their beauty really excited us here at the nursery where we are used to seeing beautiful blooms. We know you will love them when they bloom in your garden this summer. It is only because we are one of the country's largest growers of Phlox that we can offer you these twelve fine plants at our low price. These plants all bloomed in our fields last fall, and will bloom for you this summer and into fall.

July Glow—New Fiery Red

Do Not Allow Your Phlox to Go to Seed

Keep blooms cut as they fade. If you permit plants to go to seed they will drop hundreds of seeds right around the base of the plant. Next year masses of seedlings will spring up. These usually have the old magenta color and soon kill out your true variety. This soon makes the bed a mass of seedlings.

Special PHLOX Collection

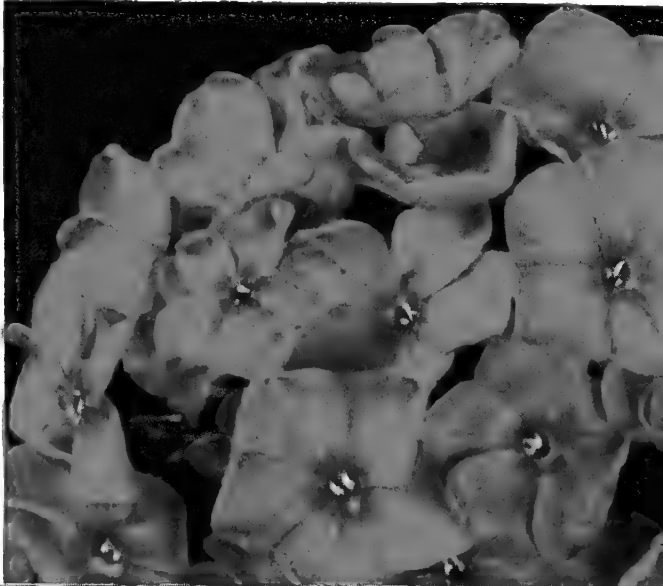

The twelve varieties which we offer on this page we believe to be the twelve best varieties grown today. They are hardy, many are proven new varieties, their colorings are the finest produced and they will give you satisfaction and pleasure wherever planted.

12 One of each of the 12 Phlox pictured including Pinkette and Marie Louise Postpaid to your door.

Shrubs for Home Landscapes

ALL OF OUR SHRUBS ARE HEAVY, 2-YEAR SIZE

WHITE SNOWBERRY - *Symphoricarpos*

Diminutive rose colored flowers in June and July followed by clustered milk-white fruits which remain far into the winter. Bush is compact in form with numerous slender branches. Can be used in small groups or large masses. Due to its dwarf habit it is valuable for foregrounds in shrub plantings. Grows about 30 inches high.

NEW RED SNOWBERRY

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations.

CORNUS - Shrub Dogwood

RED TWIG. Grows 6 to 8 feet high, with clusters of fine white flowers; white berries. Stems and branches turn to blood-red in winter.

YELLOW TWIG. Similar in habit to Red Twig except the bark is a beautiful golden yellow.

FORSYTHIA SPECTABILIS

Earliest blooming. Lights up the landscape with glinting yellow before the leaves appear. Flowers often come out before the snow is gone. This is the large flowering variety, having flowers twice the size of the older kinds. Thrives in any locality. Grows 8 to 10 feet tall. May be pruned.

FLOWERING ALMOND

Earliest spring flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height, reaching about 4 feet.

WINTERBERRY - *Ilex Verticillata*

Beautiful foliage, flashing red berries remain until Christmas. Branches and berries make excellent Christmas decorations. Splendid growing habit makes this an outstanding and beautiful shrub.

WITCH-HAZEL

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch-Hazel flaunts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch-Hazel will be an interesting and valuable addition to any shrub border. Grows 4 to 5 feet high.

HYDRANGEA

PANICULATA GRANDIFLORA

Flowers in August with huge panicles measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn.

OAK-LEAVED HYDRANGEA

A truly marvelous bushy shrub. Flowers in large creamy clusters. The dark green foliage has a silvery sheen on under side and turns to a glowing red in the fall. Grows to a height of 4 or 5 feet and is very effective as an ornamental shrub. Does well in shady locations. **75c each; 3 for \$2.00.**

Paul's Double Scarlet Hawthorn

Ornamental Shrubs and Flowering Trees

PAUL'S DOUBLE SCARLET HAWTHORN

Popular low growing tree that is hardy all through the States. In May and June it is covered with double scarlet flowers which are followed by red berries. The foliage is a rich green which colors to a mass of brilliant hues in the fall. We give this tree top rating for specimen planting. **Large, 4 to 6 ft., field-grown trees, \$2.00 each.**

EXOCHORDA - Pearl Bush

A Magnificent Shrub to Add to Your Borders or Lawn

A truly regal and fine shrub and one which is very scarce as a rule. Easy to grow and reaches a mature height of 6 to 8 feet. Does well in sun or semi-shade. Foliage is ornamental all season,

but its crowning glory comes in May when hundreds of beautiful pearl-like buds form on the branches. Each bud opens into a gorgeous pure white bloom, having five petals arranged in daisy-like fashion around the center. Blooms are large, many reaching the size of a half dollar. We highly recommend this shrub for hardiness and all-around good qualities. **Heavy, 2-year blooming size, 60c each; 3 for \$1.50.**

WHITE FLOWERING DOGWOOD

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white Dogwood blossoms come and present a sight to please the most exacting. **Heavy rooted, 1½ to 2 ft. trees, only 60c each; 2 for \$1.00.**

REDBUD - Cercis Canadensis

One of the handsomest of the low-growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous, wide-spreading branches, rosy lavender blooms appear before the tree leafs out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardiness of the wood, the tree is usually very late in leafing out. **Nice, 3 to 4 ft. plants, only \$1.00 each; 2 for \$1.75.**

White-Flowering Dogwood

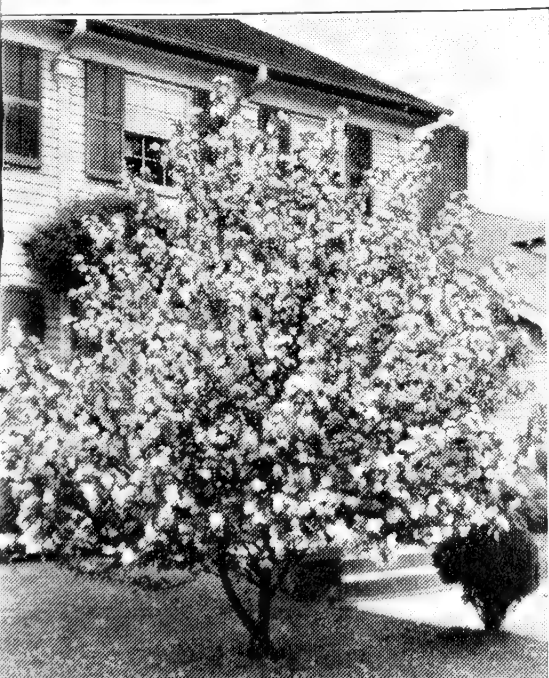

Redbud in Full Bloom

Order Now—Plants Sent at Proper Planting Time

SMOKE TREE

(Purple Fringe)

One of the most picturesque and unusual of the small hardy trees. Beautiful foliage of dense green is surmounted in summer with masses of loose, feathery panicles of minute flowers which give the effect of a dense cloud of smoke. Thrives anywhere but prefers a dry, sunny location. Foliage colors brilliantly in autumn. Grows to a height of 12 feet. Be sure to get this unique tree, at only—**2 to 3 ft., \$1.00 each; 2 for \$1.75.**

Smoke Tree

NANKING CHERRY

(Prunus Tomentosa)

Beautiful dark waxy green leaves. Bright red fruits are edible if desired. Grows to 10 feet high. A valuable addition to a tall shrub border or may be used as specimens. Creamy white blooms in profusion. **Heavy, 4 ft. size, \$1.00 each; 2 for \$1.75.**

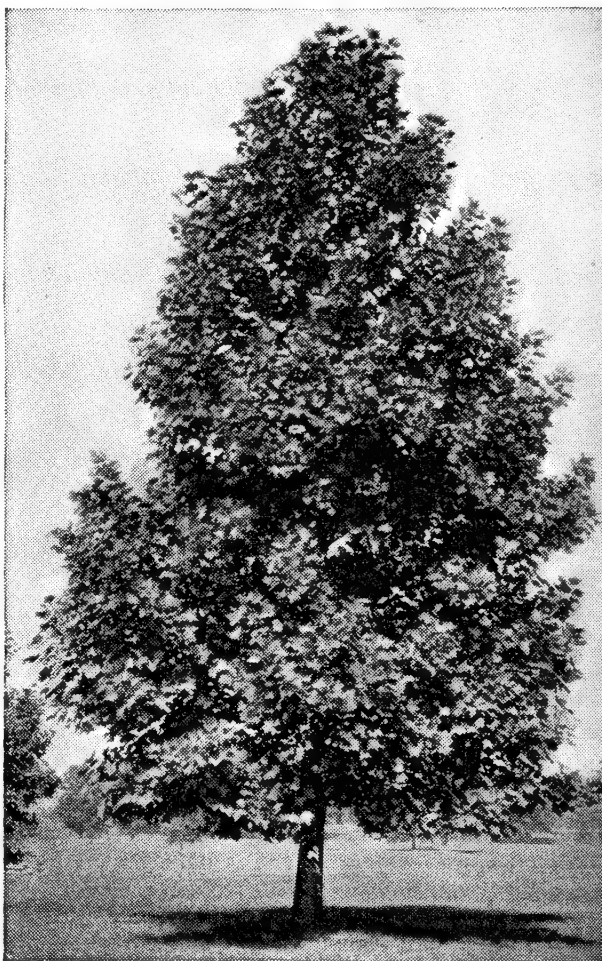

TULIP TREE

THE STATE TREE OF INDIANA

One of the loveliest of our native trees, and the State Tree of Indiana. Tall growing, of shapely habit, and its large irregular leaves make it ideal for quick shade. Bears numerous Tulip-like flowers in spring. Blooms are yellow, marked at inside base with orange. **5 to 6 ft. trees, \$1.25 each; 2 for \$2.25.**

PYRAMIDAL BIRCH

A beautifully shaped tree which has all the beloved characteristics of the Birch plus a unique habit of growth. Branches grow upright, forming a lovely pyramidal shaped tree. **Heavy rooted, 5 to 6 ft. size, \$2.50 each; 2 for \$4.00.**

Tulip Tree

J.Y.McL.

Blooms of May Tree

MAY DAY TREE

(Prunus Padus Commutata)

Provides Some of the Earliest Masses of White Flowers First of May.

The first tree to leaf out in the spring. The first tree to bloom. Fragrant trusses of pure white bloom completely cover the entire plant in late April or early May. Lovely for cutting. May be left in bush form for the border or trimmed up and grown as a specimen tree for the lawn. Flowers are followed by small fruits which are edible. Birds delight in them and come flocking to the tree. Grows rapidly, is perfectly hardy anywhere, and we heartily recommend it to those of you who are looking for something new and different for your grounds.

May Day Tree is a native of the cold rugged plains of Siberia. Prof. Hansen, father of the Bush Cherry, has greatly improved and developed the May Day Tree for the Dakotas and colder regions in this country. **Nice, 3 ft. plants, 75c each; 3 for \$2.00.**

Norway Maple for Long Life

MOLINE ELM

The Quality Tree

For stately beauty this wonderful Elm is unsurpassed. Grows rapidly and shapes up quickly into a magnificent tree. Long-lived, deep rooted and will be admired on any grounds. **6 to 8 ft., \$2.00 each; 4 for \$6.50.**

CHINESE ELM

For Quick Shade

The fastest growing shade tree known today. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it can be grown. Equally valuable for windbreaks or for specimen planting. May also be planted 18 inches apart and kept sheared for hedging.

SPECIAL CHINESE ELM PRICES:

3 to 4 ft. \$0.50 each; 10 for \$4.00
5 to 6 ft. \$1.25 each; 5 for \$5.00

Krider Nurseries, Inc.
 Middlebury, Indian

Gentlemen:

We are just finishing up our first crop of peaches from the trees bought of you in 1939. The quality of our fruit is excellent and the trees are true to name, except one. I want to set 450 more trees this spring and would be pleased to have quotations on that number of 2-foot trees.

Climax, Michigan
 Sept. 13, 1944

H.G.P.

Krider Nurseries, Inc.
 Middlebury, Indiana

Dear Sir:

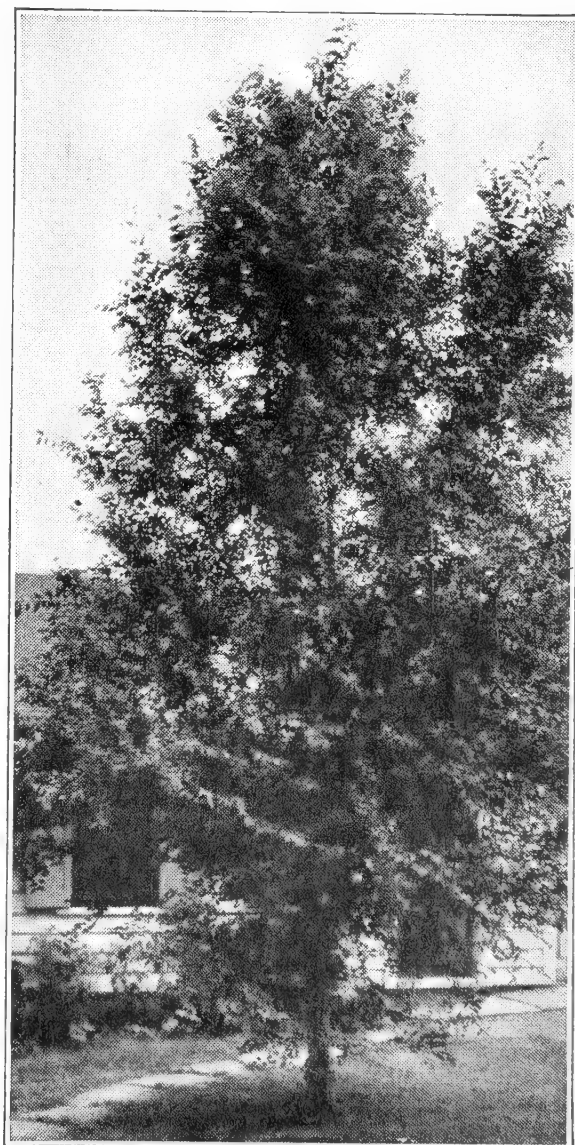

Three years ago I bought one dozen phlox plants from Krider's Nurseries, and I have never seen anything like them. This year they were simply gorgeous—some blooms as big as seven inches or more in diameter. They are still blooming and have been blooming since June. So I want two dozen more.

MRS. E.K.

Toledo Ohio
 Sept. 7, 1944

SUGAR MAPLE

A splendid Maple to add to your plantings of shade trees. Of the Hard Maple group, it is symmetrical in growth. Deep rooted and ideal for lawn or street planting. Foliage is deep green and dense but its chief glory comes after the first frosts in the fall. The leaves turn to bright gold, and instead of falling at once they hang on the tree for weeks, thus giving lots of brilliant color to the fall landscape. **Nice, well rooted, 6 to 8 ft. trees, \$2.00 each; 4 for \$6.50.**

Chinese Elm for Quick Shade

Lily-of-the-Valley Plants, see page 71

Virginal Mock Orange

Everblooming Tamarix

One of the finest ever grown. Beautiful shrub with soft fernlike foliage of a rich powder-blue color. Shell-pink blooms appear early in the season and continue until frost. Add a few of these and notice how they light up your whole planting. Mature height about 10 feet. (Note: The wood of this shrub is extremely hard, therefore they are among the last shrubs to start leafing out in the spring. Many do not get out in leaf until the middle of June here in the nursery.)

Everblooming Tamarix

BRIGHT COLORS

PLANT SHRUBS! THE MOST

ALL SHRUBS ON THIS PAGE:
HEAVY, 2-YEAR BLOOMING SIZE

60¢ each 3 for \$1.50

Mock Orange

VIRGINAL. Bloom throughout the season. Without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer.

Euonymus Alatus or Cork Bark Shrub
Showing Brilliant Autumn Colors

For Brilliant Fall Foliage Euonymus Alatus (Cork Bark)

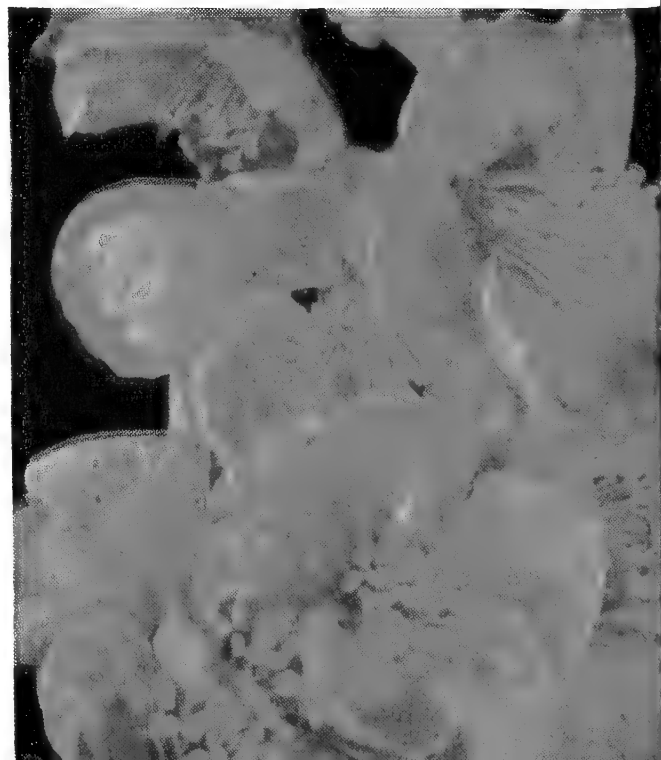

An attractive shrub because of its heavily ridged branches. Flutings resemble layers of cork. Foliage is especially fine in autumn when it changes to many brilliant shades. Grows 6 to 8 feet tall.

The Brilliant "FIREBUSH" (Cydonia)

Firebush

New, Taller, Upright
Growing Type.

Early in the spring this attractive shrub is completely covered with dazzling orange-scarlet flowers which are followed by small, fragrant, quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for hedges.

for SHRUB LOVERS

INEXPENSIVE WAY TO BEAUTIFY

ALL SHRUBS ON THIS PAGE HEAVY, 2-YR. BLOOMING SIZE

60¢ Each; 3 for \$1.50

Snowballs (Viburnum)

DENTATUM (Arrow-Wood). Bright green heart-shaped leaves which turn to brilliant shades of red and purple in autumn. Creamy white flowers borne in abundance in May and June. Deep purple fruits add to its attractiveness. Grows to a height of 8 to 12 feet.

OPULUS STERILE (Common Snowball). A favorite shrub bearing great masses of ball-shaped white flowers in May. Grows 8 to 10 feet tall.

**Weigela
Rosea**

**Weigela
Floribunda**

Weigelas

FLORIBUNDA. The everblooming red Weigela Floribunda surpasses all other red-flowering shrubs. Much hardier than Eva Rathke and a better flower. Commences blooming early in spring and continues all summer long. Leaves are a rich glossy green and densely cover the branches. A necessity in every border planting. Will reach 5 feet in height.

ROSEA. One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer. Will reach 7 to 8 feet in height.

Beauty Bush (Kolkwitzia Amabilis)

Charming new shrub recently introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly.

Large Red Berries of Viburnum Americanum

Viburnum Americanum

One of the best of all Viburnums for the shrub border or anywhere that a fairly tall shrub is needed. Beautiful bright green foliage; clustered white blooms in May; clumps of extremely large ornamental bright red berries following and remaining until early winter. Berries are about twice the size of those on the regular High Bush Cranberry. Will reach 8 to 10 feet high when matured.

Sweet-Scented Shrub

(Calycanthus)

A favorite in all gardens and admired for its spicy aroma. Peculiarly shaped brown blossoms during most of the summer followed by attractive seed pods. 4 to 6 feet when matured.

NOVELTY Trees

WHICH WILL INCREASE THE
BEAUTY OF YOUR HOME
SURROUNDINGS

CUT-LEAF WEEPING BIRCH

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. **Nice, straight, 5 to 6 ft. trees \$2.50 each; 2 for \$4.00. 6 to 8 ft. trees, \$3.50 each; 2 for \$6.00.**

NOTE: Birch have to be 3 or 4 years old before the bark turns white. These larger, 6 to 8 ft. trees have white bark.

SILVER-LEAVED BOLLEANA POPLAR

One of the finest of all the Poplars. Tree grows erect and symmetrical, like the Lombardy in shape. Long lived. Bark of soft, light green and foliage of wonderful color and density, silver-gray on the under side. We have some nice specimens. **4 to 5 ft. tall, at only 75c each; 10 for \$6.00.**

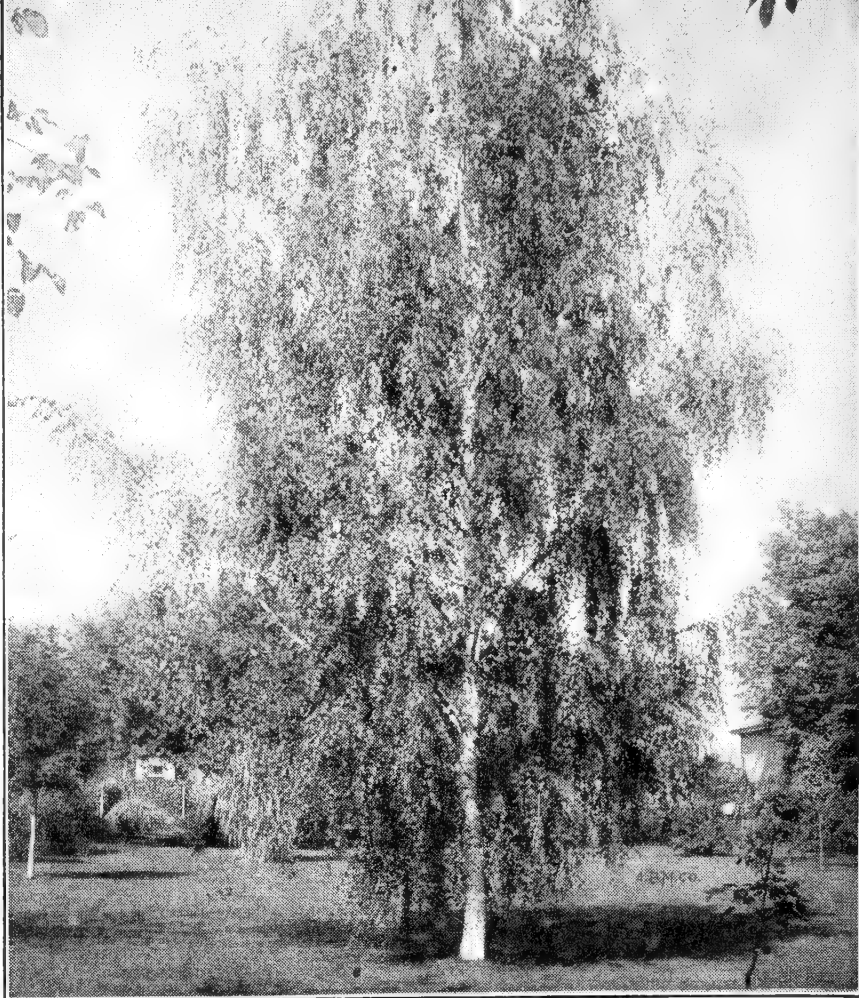

*Krider Nurseries, Inc.
Middlebury, Indiana
Gentlemen:*

*Bronx 54, N. Y.
Sept. 21, 1944*

For the past two seasons I have sent you orders for plants and have been very well satisfied with your shipments.

MRS. A.W.O.

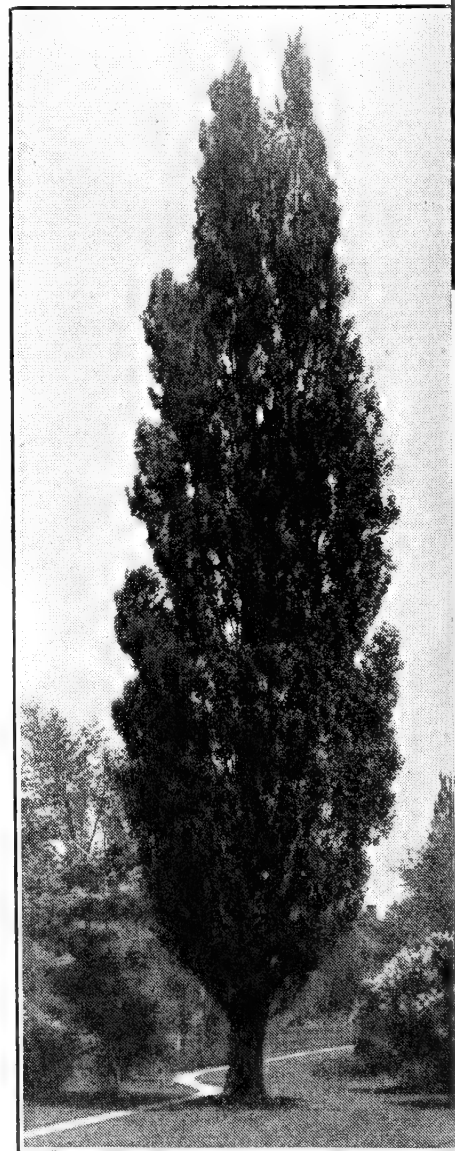

Weeping Willow for Graceful Beauty

Cut-Leaved Weeping Birch

LOMBARDY POPLAR

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **6 to 7 ft. trees, 75c each; 10 for \$5.00.**

Lombardy Poplar
for Tall Sentinels
or Background

Special

For screening purposes we offer a 4 to 5 ft. grade in Lombardy Poplars. Plant them 5 to 6 feet apart. A real value at this low price.

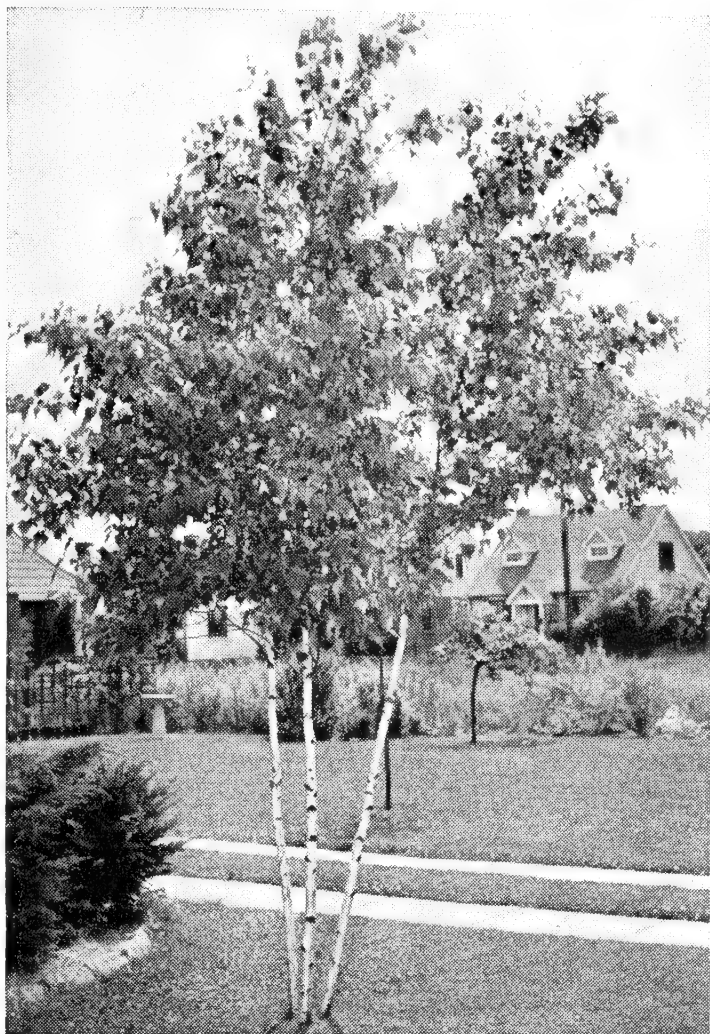

**5 for \$1.50
10 for \$2.50**

WEeping WILLOW

The well known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees. Very rapid grower. **4 to 6 ft. trees, \$1.00 each; 2 for \$1.75.**

MAKE YOUR LAWN

DIFFERENT!

3-on-1 Birch Growing on the Lawn of
A. Breiner, Jr., Baldwin, N. Y.

KRIDER offers You
*an Outstanding and
Beautiful Novelty*

3 Birch Trees on 1 Root

Imagine three beautiful European White Birch trees all growing from one root system! This makes an ideal clump effect which will excite your admiration. Look at the photograph at the left, which shows one of these 3-on-1 Birch clumps. They are real beauties in every sense of the word, and we know you will be delighted with them.

**Heavy rooted, 4 to 5 ft., 3-on-1
trees, \$2.50 each; 2 for \$4.00.**

(For Cut-Leaf Weeping Birch, see page 46)

"CORKSCREW" WILLOW A Distinct Novelty Tree

If you are looking for something distinctly "different" and novel in trees, you will not be disappointed in this "Corkscrew" Willow. Same easy growing habit and same type of foliage and growth as the Weeping Willow, but instead of hanging straight down the branches grow in spiral shape like a corkscrew. Trees grow shapely but present an odd appearance with their "screwy" branches.

HEAVY ROOTED 3- to 4-FT. TREES

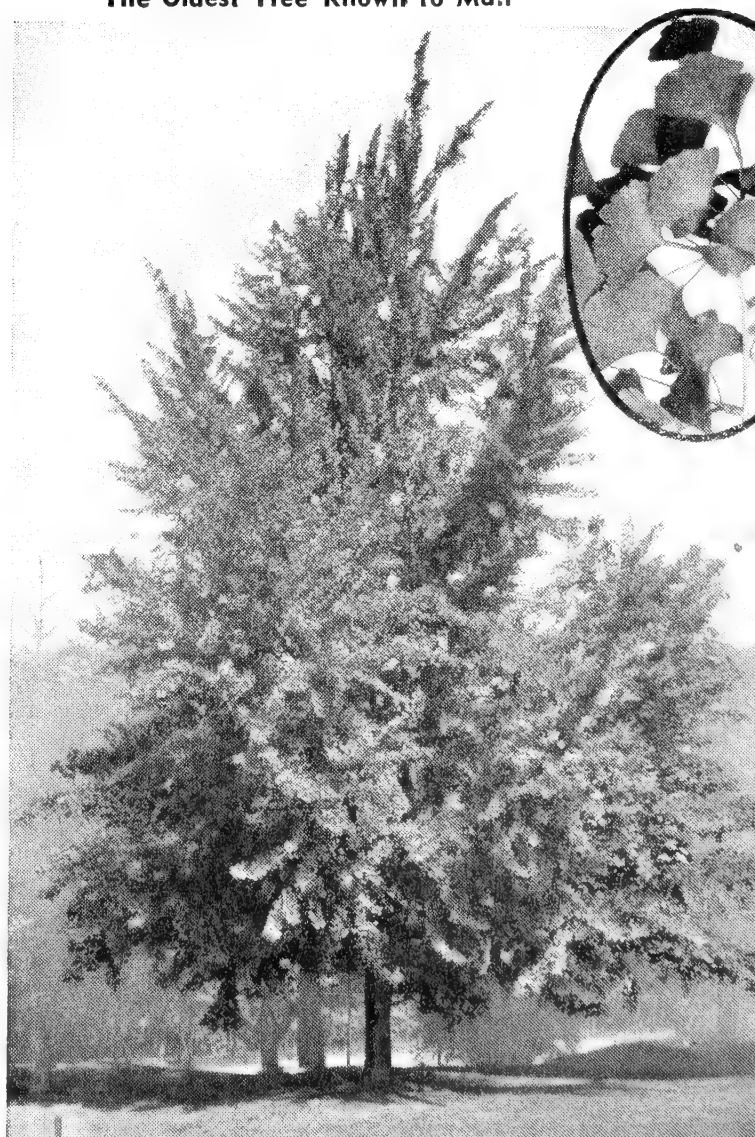

\$1.35 each; 2 for \$2.50

**Ginkgo Biloba or Maidenhair Tree
The Oldest Tree Known to Man**

"The Oldest Tree Known to Man" GINKGO BILOBA or MAIDENHAIR TREE

Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost priceless. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall.

**3 to 5 Ft. Shapely Trees, \$1.50 Each;
2 for \$2.75**

Colorful SHRUBS for Modern Homes

Dwarf Golden Philadelphus

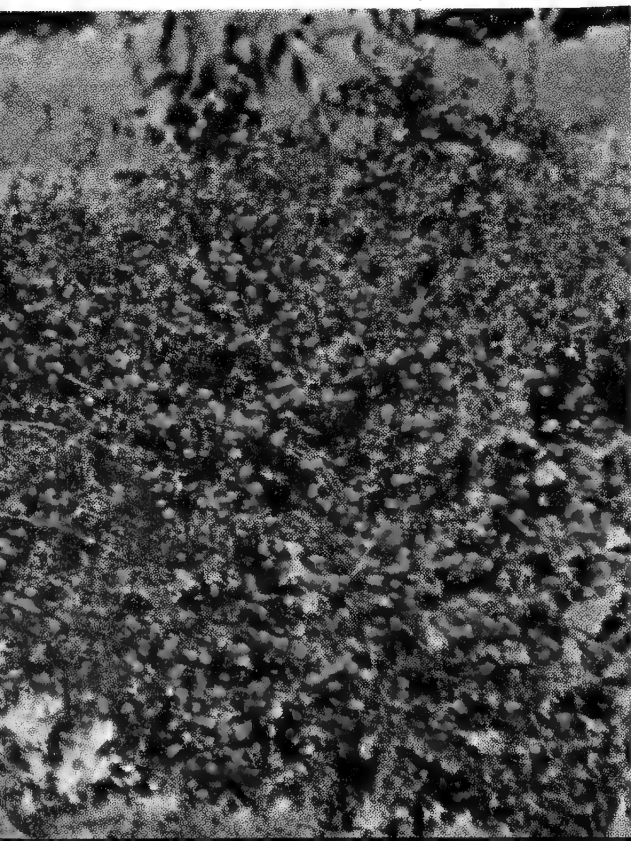

Beautiful bright golden leaves all summer long. White blooms in spring. If you want a bright colorful shrub to use in front of other plantings or to plant a clump of three on each side of a walk, this one is ideal. Grows only about 2 feet high at maturity. May be kept trimmed into a golden ball if desired. We offer nice three-year plants running about 8 to 10 inches high. Must be planted in sun to retain its bright color. **75c each; 3 for \$2.00.**

Red-Flowering Honeysuckle

Slender, upright branches are covered with small, dark green leaves which remain late into the fall. A semi-dwarf type rarely reaching five or six feet in height. Masses of red berries form during late summer and remain over winter, making a striking effect against the snow. Perfectly hardy and easy to grow. May be used with evergreens in foundation plantings. Easily kept to almost any size by pruning. **Heavy, 2-year blooming size, 75c each; 3 for \$2.00.**

Cotoneaster Divaricata—Bright Berries

Krider's Red Honeysuckle

**Get This Beautiful
New Bush Honeysuckle.
Perfectly Hardy.**

This remarkable shrub will thrill you with its wonderful deep green foliage, its quick sturdy growth, its hardiness and its free blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. The actual colored photograph at left cannot do justice to the beauty of this shrub. It thrives in most any location or in most any type soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height 8 feet. **Heavy, 2-yr. blooming size, 75c each; 3 for \$2.00.**

Cotoneaster Divaricata

**A Truly
Exquisite Shrub**

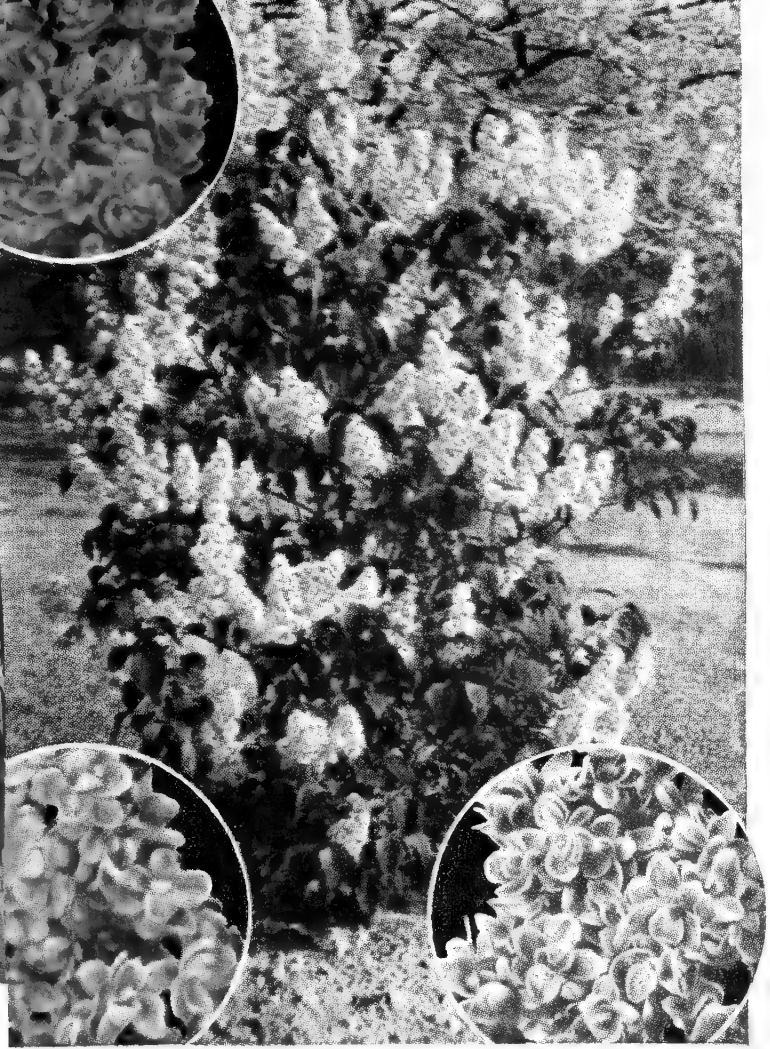

→
**Althea
(Rose of Sharon)**

Althea - Rose of Sharon

Tall, beautiful flowering shrubs, distinctive because of their blooms. Double flowers resemble Roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very worth-while plant to buy, as they are easily grown, unusually hardy and bloom long and lavishly.

Note: The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 4 distinct and beautiful colors: **Red, Pink, White, and Blue.** Your choice at **50c each or 4 for \$1.75.**

French Lilacs

Lovely FRENCH LILACS

THE TRUE BUDDED TYPE—3-YR. PLANTS

Three Finest Colors—Noted for Their Abundant Blooms

No flowering shrubs are more successfully and easily grown than Lilacs. They may be used singly, as specimens, or in mass plantings. They are excellent in the shrub border, or may be used for hedges or screens. We offer three of the finest French varieties. Color deepens as plants age.

YOUR CHOICE OF BLUISH LAVENDER, WHITE OR PURPLISH RED

\$1.25 Each

3 One of Each or Your Choice of the Three Colors Described Above **\$3**

Three Colorful BUDDLEIAS

or Summer Lilacs

HARTWEGI.

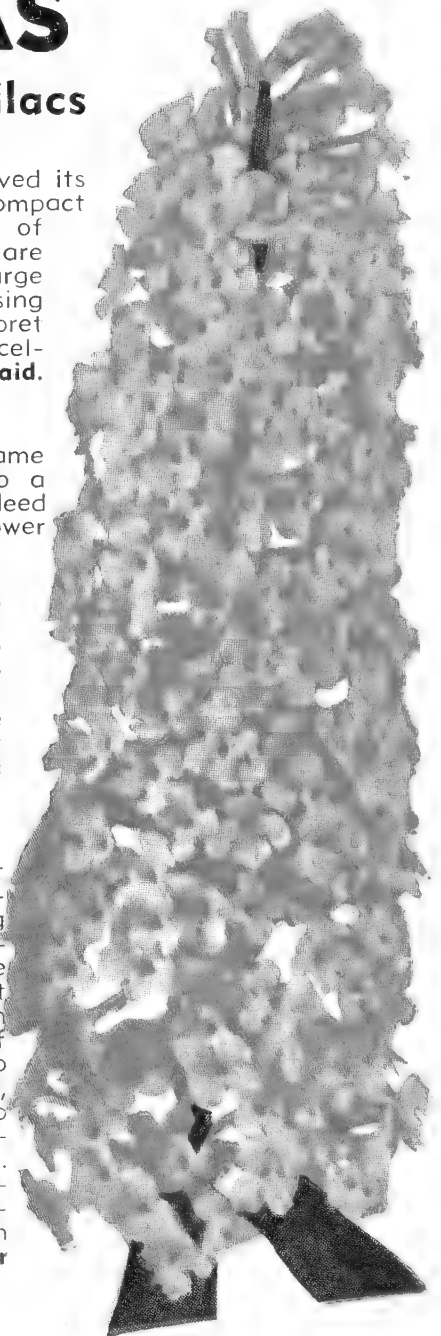

Lately introduced, has quickly proved its hardiness and beauty. Bush is of compact habit. Foliage very heavy and of superb dark green. Flower sprays are borne on every branch, and are large and well shaped. Color a pleasing bright lavender with each tiny floret having a distinct orange eye. Excellent for cutting. **60c each, postpaid.**

PINK CHARMING.

Rosy orchid-pink. Never has a name so appropriately been applied to a flower. This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the tip. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. **60c each, postpaid.**

ROYAL RED.

(U. S. Plant Patent Applied For.) Something really exciting in Buddleias. The reddest Buddleia to be introduced to date. It will surprise you with the great number of shoots it throws up to a height of 5 feet, each tipped with a 15- to 18-inch long spike of glistening, satiny, purplish red. A brilliant variety for cutting. All of the three Buddleias described will bloom this year. **75c each; 3 for \$2.00, postpaid.**

Buddleia, Pink Charming

Rose-Acacia or Moss Locust

Sacred to Masonry. Elegant shrub with light green pinnate leaves and long, graceful clusters of pea-shaped, rose-pink flowers during the months of June and July. A beautiful plant for cemetery plantings.

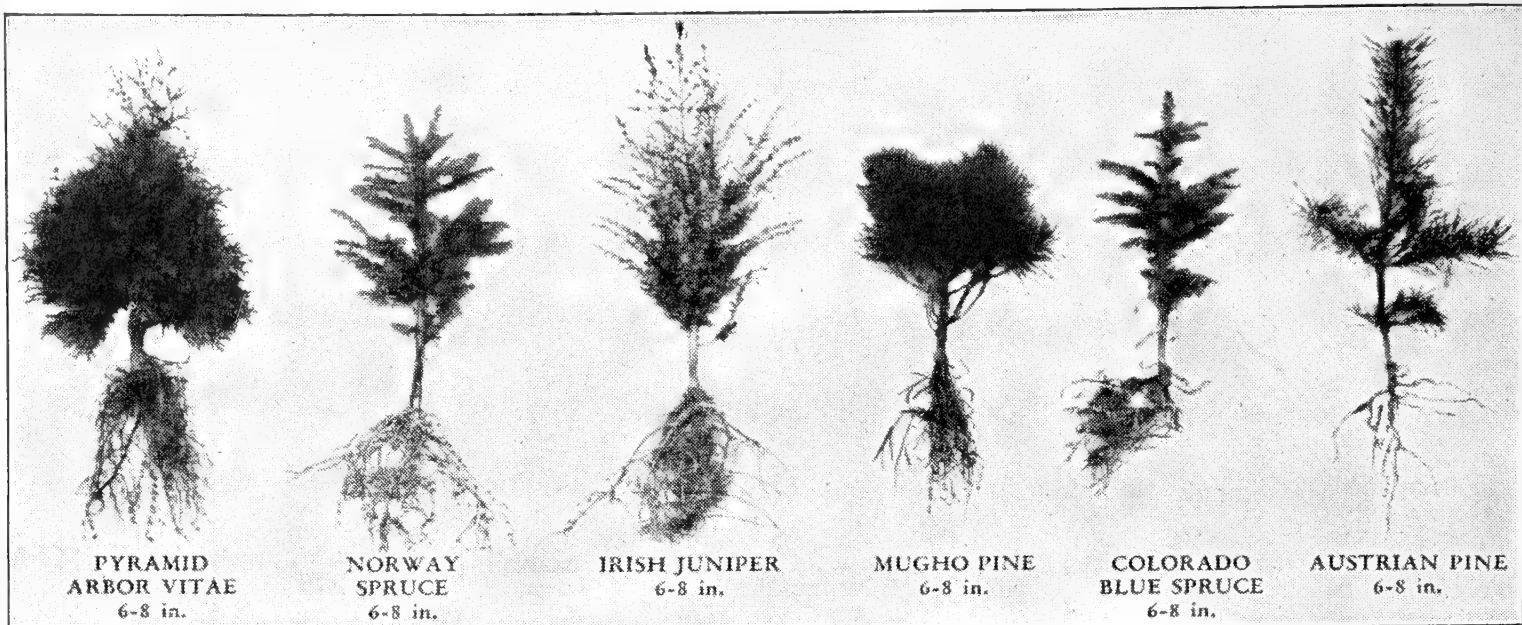

Shrub Form: 75c each; 3 for \$2.00.

Buddleia Collection

One of Each of the Three Splendid Buddleias as Described Above.

A Profitable Hobby

Raise fine trees for your own grounds at an unbelievably low cost—or raise them to sell.

FINE EVERGREENS FOR HOME PLANTINGS

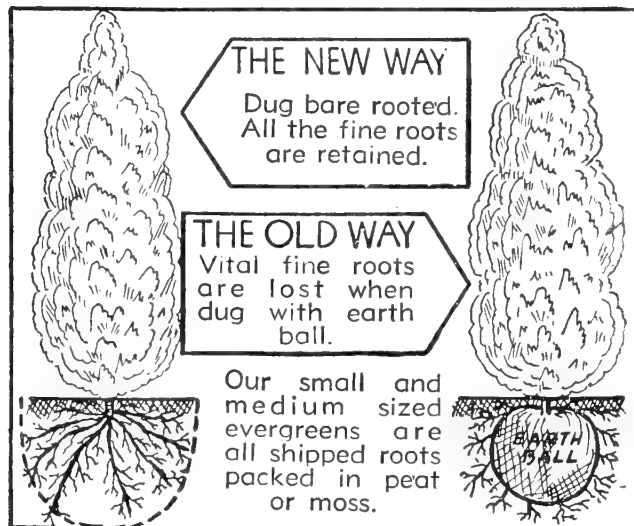

Pyramidal Arbor-Vitae

Irish Juniper

(Juniper Hibernica)

One of the most beautiful of the columnar Junipers. Grows erect and slender, which makes it ideal for accent use. Bright, bluish green foliage, holds its color well. Hardy and thrives under practically all conditions. 18 to 24 in., \$1.25 each; 3 for \$3.25.

Firs

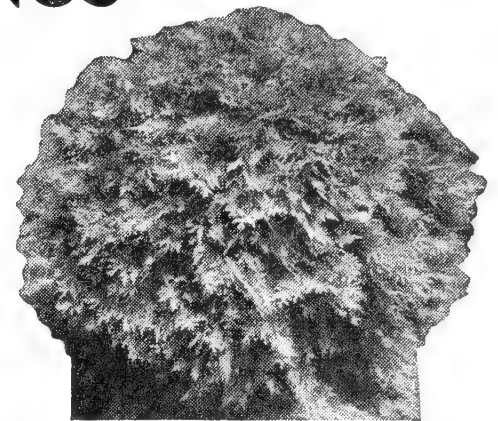

DOUGLAS. One of the fine specimen evergreens. Habit of growth and color resemble the Blue Spruce. Foliage is of a softer nature and growth is more rapid. 15 to 18 in., \$1.25 each; 3 for \$3.25.

CONCOLOR. (White Fir). Compact and of symmetrical form. Foliage is silvery green. Withstands heat, cold or drought. 15 to 18 in., \$1.50 each; 3 for \$4.00.

Arbor-Vitae

PYRAMIDAL. For foundation, group or garden planting. Retains the lovely bright green, flat foliage of the Arbor-Vitae at all seasons. Grows compact and develops naturally into perfect pyramidal form. 18 to 24 in., \$1.25 each; 3 for \$3.25.

GLOBOSA. Grows densely into dwarf, globular shape. Foliage is flat and deep dark green. Much used for formal plantings. 12 to 15 in., \$1.00 each; 3 for \$2.50.

Globe Arbor-Vitae

PLEASE NOTE

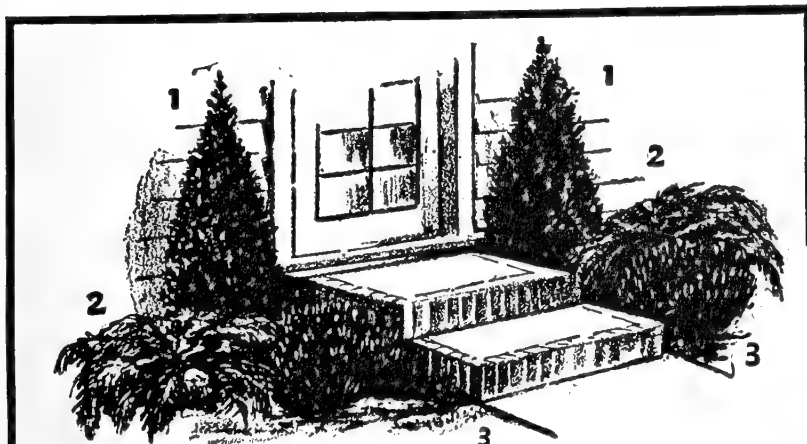

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots puddled in mud; they are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost parcel post or express shipments.

Mugho Pine

Valuable for all low group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a pretty two-color effect. 8 to 12 in., \$1.25 each.

White Spruce

A lofty, elegant tree of perfect pyramidal habit, rich in color. As the tree ages its branches become gracefully pendulous, making it exceedingly beautiful and picturesque. 18 to 24 in., \$1.25 each; 3 for \$3.25.

KEY TO ABOVE DRAWING

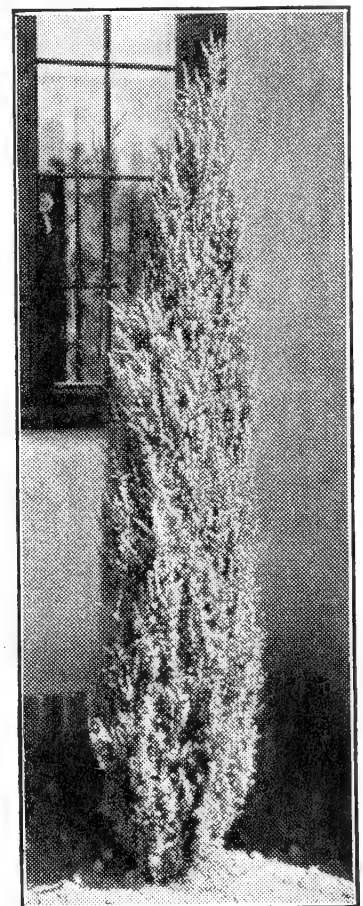

1. Two Irish Junipers, 18 to 24 in.
2. Two Savin Junipers, 12 to 15 in.
3. Two Globe Arbor-Vitae, 12 to 15 in.

Special!

Fastigiata

The New Columnar
Juniper

Similar to Irish Juniper in foliage and color but grows tightly compact and columnar. The last word in evergreens for doorways and formal effects. We have a nice stock of these in 18-inch size, the nicest size for transplanting, and offer them at only \$1.25 each; 3 for \$3.25.

Juniper Fastigiata

Special Doorstep Group

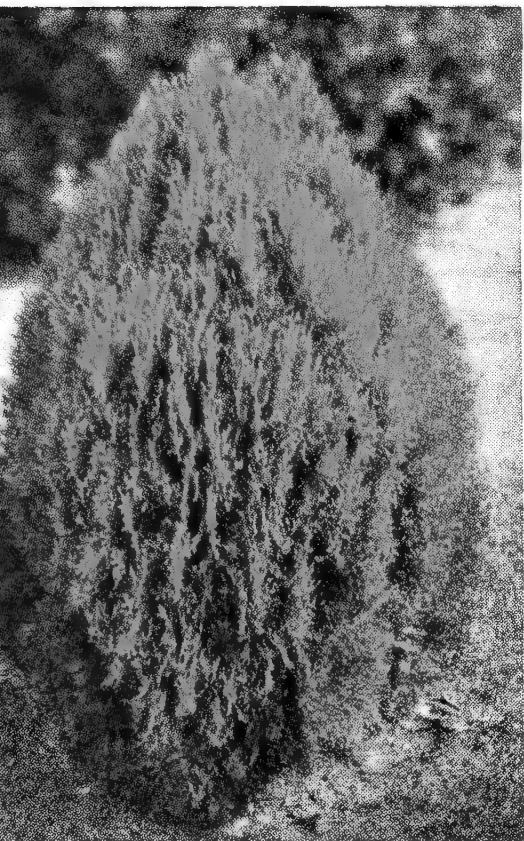

FINE HARDY EVERGREENS. We offer this beautiful planting for your doorway at a truly bargain price. Best grade, heavy rooted plants as described in descriptions above. Will give some effect at once and grow in beauty each passing year.

 (Small blooming plants are annual flowers for color effect.)

Golden Oriental Arbor-Vitae

"HOME LANDSCAPE" Evergreen Collection

Now you can landscape your own home at minimum cost with these lovely Evergreens. All are hardy and will do well in most any location. One group of ten plants will completely plant one side of the front of the average home if space is between 15 and 25 feet. Two groups make a complete planting for the entire front. The large picture above gives planting arrangement.

SIZES TO BE SENT ARE AS FOLLOWS:

Upright types will be 24 inches tall; semi-upright, 12 to 15 inches tall, and spreading types will have 12- to 15-inch spread. One group will consist of the following: 1 Pyramidal Arbor-Vitae, 1 Irish Juniper, 2 Juniper Stricta, 1 Retinospora, 2 Oriental Arbor-Vitae, 2 Mugho Pine, 1 Savin Juniper; ten plants in all.

10 Fine Evergreens as Described and Listed Above. **\$12⁰⁰**
 (Shipped by Express Only)

Golden Oriental Arbor-Vitae (Biota Aurea Nana)

A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. **12 to 15 in., \$1.50 each; 3 for \$4.00.** (For smaller sizes of Evergreens, see page 50.)

The Newest Evergreen

SILVER-BLUE PFITZER JUNIPER

(U. S. Plant Patent No. 422)

Imagine all the famous good qualities of the Pfitzer Juniper now combined with a beautiful new silvery blue color. Color is as intense and even as the Koster Blue Spruce. Entirely hardy in any section of this country. Grows a little more compact and has slightly finer foliage than the well-known green Pfitzer. Otherwise habits are the same.

The plants we offer are sturdy, healthy plants, having a spread of from 6 to 12 inches. The plant in the natural color photo at right shows one of these same size plants four years later. Worth about \$12.00.

\$1.25 each; 3 for \$3.00

6- to 12-inch Spread

Silver-Blue Pfitzer Juniper

DISTINCTIVE EVERGREENS For The FINEST PLANTINGS

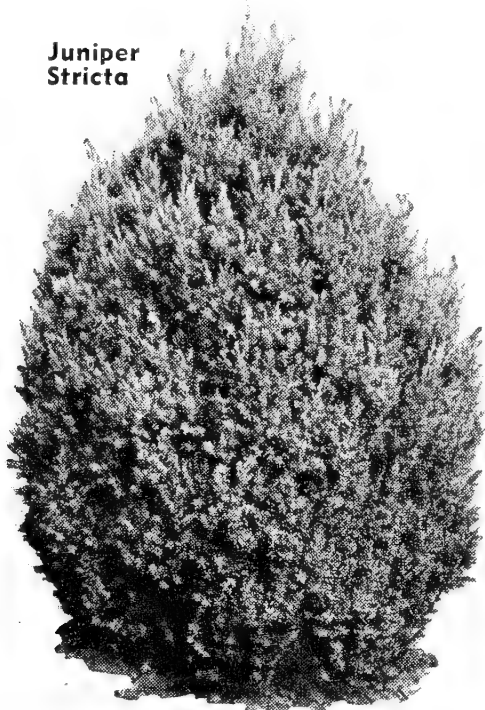

• COLORADO BLUE SPRUCE •

One of the hardiest and most beautiful of Evergreens for specimen planting. Will stand extreme weather conditions without damage as it has a very deep growing root system. Color is a rich blue as the tree ages. Color changes toward green in winter. Beautiful in outline and ideal for all specimen planting. However, it must have room to develop its branches and form. **Well-rooted, 12- to 15-inch trees, \$1.50 each; 2 for \$2.75.**

KOSTER'S BLUE SPRUCE

The bluest of Blue Spruces. A grafted species with deeper and more perfect blue color. Retains blue color the year around. Very hardy and long lived as it grows slowly. A fully developed specimen is worth several hundred dollars. Grows in shapely form with well-formed tapering branches. Small sizes are not shapely as tree does not begin to get its beautiful pyramidal form until about three feet high, but if small trees are planted and allowed to grow and develop, they gradually shape up into the famous form of the species. We offer well-rooted plants running from 9 to 15 inches high. **\$2.50 each.**

Juniper
Stricta

JUNIPER STRICTA

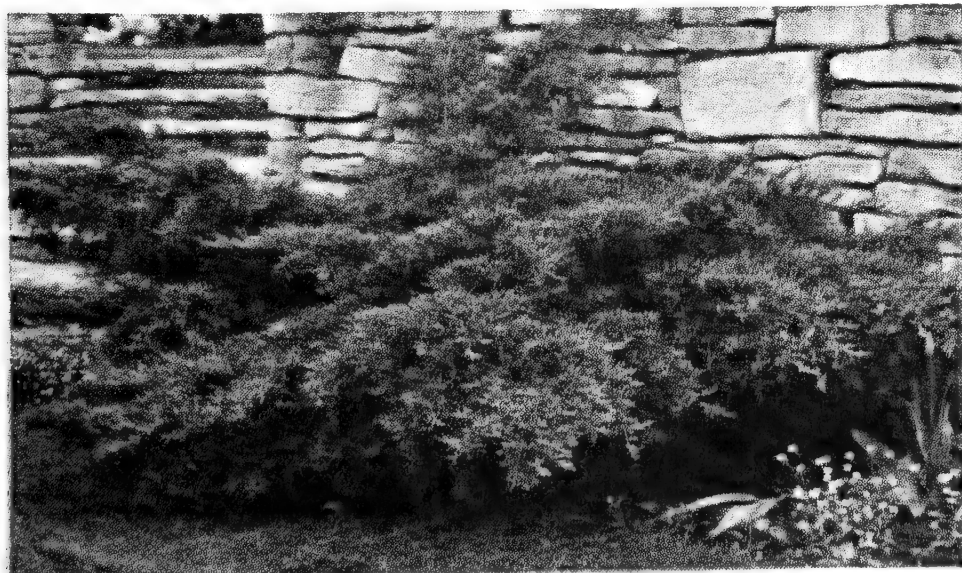

(Spiny Greek Juniper)

For a semi-dwarf pyramidal Evergreen, Juniper Stricta can not be surpassed. Foliage is a silvery blue, very compact and cedar-like. Reaches about 4 feet at maturity in our section of the country. Will get slightly larger in the South and not quite as large in northern sections. Excellent to use where height is a factor in planning a planting. We offer nice plants in 12- to 15-inch size at **\$1.25 each; 2 for \$2.00.**

PFITZER'S JUNIPER

(Juniper Pfitzeriana)

The well known, gracefully spreading, low-growing Evergreen with sweeping fronds of fresh green foliage. Very hardy and does well in sun or shade. Quite rapid in growth when once established. The spreading branches should be kept sheared to form a dense mass of foliage. Allow tips to grow to size desired and then keep in bounds by trimming. (See next page for other Evergreens which do well in shade.) **12- to 18-inch spread, \$1.50 each; 2 for \$2.75.**

Graceful Pfitzer's Juniper

Colorado Blue Spruce

**NOTE: HIGHLY COLORED EVERGREENS
MUST BE PLANTED IN FULL SUN.**

Koster's Blue Spruce

EVERGREENS WHICH DO WELL in the SHADE

On this page you will find described those plants which have been proven as best for places in partial shade or spots getting only a little sun. No plants will thrive in entirely shaded locations.

SPREADING YEW

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade and harmonize with any other plant. The spreading variety throws out sweeping branches similar to Pfitzer Juniper. May be kept trimmed back to desired size or to fit allotted space. Foliage is a shade of deep green, soft to the touch and always fresh looking. May be kept sheared for a low hedge, allowed to grow its graceful wand-like branches for informal corner plantings or trimmed into compact shape for formal effects. After the plant is several years old numerous red berries are borne close to the branches, remaining into the winter.

**Well rooted, 12 to 15 in.
\$2.25 each; 2 for \$4.00.**

UPRIGHT YEW

General foliage characteristics same as the spreading variety described above, but grows in columnar, erect form. By keeping the plant lightly sheared as it grows the foliage will be extremely dense and compact from the ground up. Valuable for corner plantings and accent pieces. Does well in shade and seems to be very little affected by disease or pests.

15 to 18 in., \$2.25 each; 2 for \$4.00.

Spreading Yew

Upright Yew

HEMLOCK

Another splendid evergreen which does well in partially shaded spots is the Hemlock. It is one of the most graceful growing of plants. Foliage is a light fresh green which always looks well in any planting. Will grow to quite large size if left untrimmed; however, the plants should be kept lightly sheared as they develop, thus they will become much more beautiful and foliage will be dense and compact. When the desired height is reached the trees may be kept there by trimming back each year. We have a nice block of these in

**12 to 18 in. size at
\$2.00 each; 2 for \$3.75**

Hemlock—Fresh Green Color. You'll Like It

Pfitzer's Juniper, described on the previous page, is also an excellent evergreen to use in shaded locations. However, we ask our customers to bear in mind that no evergreen will do well in locations which get no sun at all, especially if covered by the low, heavy branches of trees.

Luxuriant and Colorful EVERGREENS

JUNIPER CANNARTI

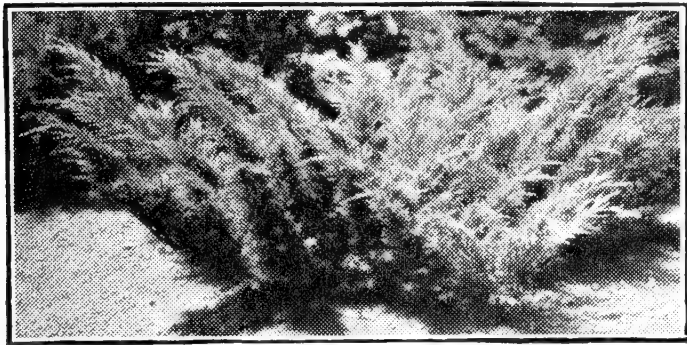

A tall, graceful growing type with somewhat sweeping, frond-like branches. Light trimming is all that is necessary to keep it regular and well formed. See the picture of Juniper Glauca at the right, habit of growth is almost identical with it. Color of Juniper Cannarti is a very rich deep green. One of the best upright growing, grafted evergreens for corner planting. 18 to 24 in. plants, \$1.75 each; 2 for \$3.00.

JUNIPER GLAUCA

Practically identical in habit of growth with Juniper Cannarti described above. Its color though is a light silvery blue. This makes it invaluable for forming color contrasts in an evergreen planting. One of the very choicest evergreens grafted and grown in the nursery. 18 to 24 in., \$1.75 each; 2 for \$3.00.

Silvery Blue, Graceful Juniper Glauca

Savin Juniper

JUNIPER MEYERI

Sometimes called "Fishtail Juniper" due to the fact that its branches grow in sloping planes. Rather dwarf and slow growing and somewhat spreading in type. Color is a superb shade of blue which makes them extremely valuable for use in foundation or mixed plantings. May be used in all low plantings, as they will not outgrow their surroundings. We have two plants on the nursery which are known to be at least thirty years old, if not more. They are now only about 5 feet high and have a spread of about six feet. We would not dispose of these but plants that size would be worth at least \$200 each on any market. You can plant Juniper Meyeri knowing you will leave beauty and value when you are gone. 12 to 15 in., grafted plants, \$2.00 each.

JUNIPER HORIZONTALIS

(Andorra Juniper)

Very popular with those who want a prostrate creeping type for use along steps, for rockery planting or for use as a bank cover. Rarely exceed 10 or 12 inches in height. Richly colored foliage which blends well with any other plants used. We offer plants of 12- to 15-inch spread at \$1.25 each; 2 for \$2.25; 6 for \$6.00.

Juniper Horizontalis

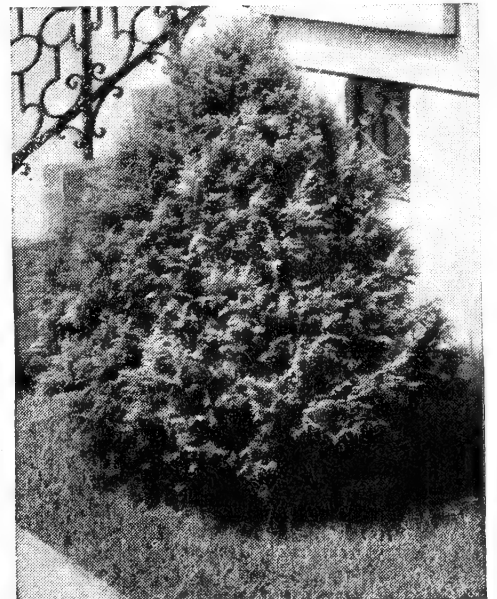

SAVIN JUNIPER

One of the most beautiful of the spreading evergreens. Branches are plume-like and are densely furnished with rich green, soft needles. Habit similar to Pfitzer's Juniper except that branches are held somewhat more erect. Ideal for low plantings or facing up a border, or using in front of taller evergreens in the foundation planting. 12 to 15 in., \$1.25 each; 2 for \$2.00.

PLUMED CYPRESS

(Retinospora)

Retinospora is especially valuable for corner planting or for use in the border. Has soft plumelike foliage which shears beautifully. This will enable you to keep the plants to the size desired and they will always be close and compact in growth. May be allowed to grow to full size if planted along the side of a lawn or in a border planting. Fresh green color with rich golden cast. Needs sun for best color results. 12 to 18 in., \$1.50 each.

Retinospora—Plumed Cypress

Norway Spruce for hedging and windbreaks. Plant 3 feet apart for windbreak.
15 to 18 in. plants, 5 for \$3.00;
10 for \$5.00; 25 for \$10.00.

Allow plenty of room for plants to grow and develop when planting evergreens. Keep from 1 1/2 to 3 feet away from foundation, according to type and variety. Plant spreading varieties at least 2 or 3 feet apart. Upright varieties, with spreading branches, should have at least 3 to 4 feet in all directions for growth. Of course, closely columnar sorts such as Juniper Fastigiata and Irish Juniper will not need more than 1 1/2 to 2 feet allowance, but all evergreens should have enough room for air to circulate freely around them. Most evergreen troubles can be traced to overcrowding in poor soil with insufficient water.

Flowering Crab "Eleyi" in Full Bloom

Krider's Three-Color Althea

ELEYI

**THE FINEST PINK
FLOWERING CRAB**

This sensational Flowering Crab is beloved by all who have ever seen it. Rapid grower, very shapely in form, and at blooming time is a cloud of beauty on the landscape. Flowers are rich shell-pink in color and are followed by small ornamental fruits. If you want the finest in Flowering Crabs and a real ornament for your lawns or borders, don't fail to order this beautiful tree.

**Fine, Heavy
Rooted, 4- to
6-Ft. Trees—
\$1.25 Each;
2 for \$2.25**

SHOW Your Colors With KRIDER'S

**Our National Colors Now Offered
In a Living Shrub. Red, White and
Blue Blooms at the Same Time On
One Bush.**

In these days everyone shows their colors in one form or another. The markets are flooded with various items of metal, paper or cloth which are but temporarily useful. Why not have a permanent, living display on your lawn.

We have grafted and grown a number of these tri-color Rose of Sharon to give you something new in shrubs.

Have the newest! Display our National Colors on your lawn! One section red, one section white and one section blue. Sure to please you. **Well rooted, 2-yr. blooming size, 2 to 3 feet tall.**

**Plant one on each side of your walk!
\$1.50 each; 2 for \$2.50**

Beautify Your Lawns with Lovely Ornamental and Flowering Trees • • •

• MOUNTAIN ASH •

One of the most ornamental of all trees. Fine foliage which turns a brilliant orange-red in fall. Clusters of flashy orange-colored fruits brighten the fall landscape and often remain all through the winter.

Heavy rooted, 4- to 6-ft. trees, \$1.50.

DOUBLE FLOWERING CHERRY

"Sacred Gate Cherry." The loveliest of all the flowering trees. The kind that is famous in Washington, D. C., at cherry blossom time. Fast growing tree and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms. For planting along driveways it makes a delightful approach to any home. Plant 15 to 18 ft. apart.

**Nice, well-rooted trees, 3 to 4 ft. high,
\$1.50 each; 2 for \$2.75.**

Lovely Double Flowering Cherry

Mountain Ash with Its Colorful Berries

BLOOD-LEAVED PLUM

A dwarf tree of excellent shape, bearing foliage of a deep rich blood-red. As the season advances the colors become darker, gradually changing to a dull growing bronze in fall. Tree is covered with pink blossoms in early spring.

**Heavy rooted, 3- to 4-ft. trees,
\$1.25 each; 2 for \$2.25.**

Blood-Leaved Plum—Showing Rich Foliage

Krider Trees Bear Heavily at an Early Age

Heavy Rooted Selected *Apple Trees*

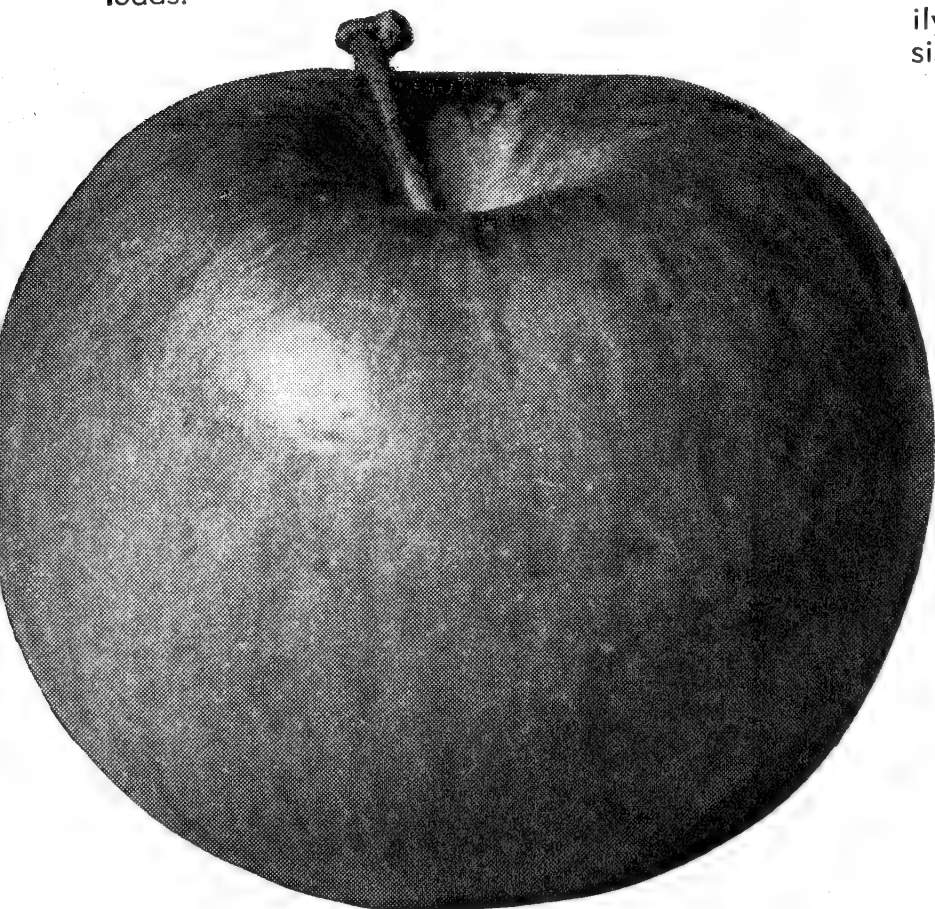

RAPID IN GROWTH • HEAVY IN YIELD • PLANT FRUIT THIS YEAR

New Double Red Delicious

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree the color is outstanding.

Yellow Delicious

Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower and forms a strong beautiful head capable of bearing enormous loads.

Red Northern Spy

To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in six years instead of the 18 years formerly required.

Red Stayman

Most profitable market variety. Has large size, bright red color, great productiveness, and best quality to commend it. Tree a vigorous grower, irregular and drooping in habit, adapts itself readily to different soils and situations. Drought resisting. Season November to February.

Red Jonathan

A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer. November to April.

Wealthy

The most dependable and widely planted fall Apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

Maiden Blush

A medium to large pinkish Apple. Very firm, white flesh. Acid flavor, vigorous and productive.

Raise Your Own Fruit

HELP MAKE AMERICA SELF-SUSTAINING
HELP INCREASE YOUR FAMILY'S HEALTH

Yellow Transparent

Medium white, changing to lemon-yellow, smooth waxy surface; of good quality, with crisp flesh; very early, and, for an early Apple, an unusually good keeper. Valuable for market. July and August.

Early Harvest

Size medium, shape roundish, usually more or less oblate, smooth, bright straw color when ripe; flesh nearly white, flavor rich acid; fine. Season July. Productive.

Grimes Golden

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking Apple. Tree is a hardy, vigorous, upright grower, and a heavy, regular bearer.

Tolman Sweet

A very large and sweet Apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

Red Rome Beauty

Th great profit maker. It has an established place in the markets and no orchard should be without it. A real Apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

McIntosh

Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

Crab Apple

WHITNEY. The tree is hardy, thrifty, an upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

Prices of All Varieties on These Two Pages:

2-yr., 3 to 4 ft., \$0.90 each; 10 for \$ 7.00

2-yr., 4 to 6 ft., \$1.25 each; 10 for \$10.00

**Write for quotations on lots of 100 or more;
also on 1-year Apple trees.**

Note: Plant Apple Trees from 30 to 40 feet apart each way. In small areas or on city lots they might be planted 20 feet each way if kept trimmed so that they do not grow together.

Yellow Transparent

IF YOU WOULD RAISE
YOUR LAWN ABOVE
THE COMMONPLACE

Plant Krider's
**HARDY
MAGNOLIAS**

**SAUCER
MAGNOLIA**

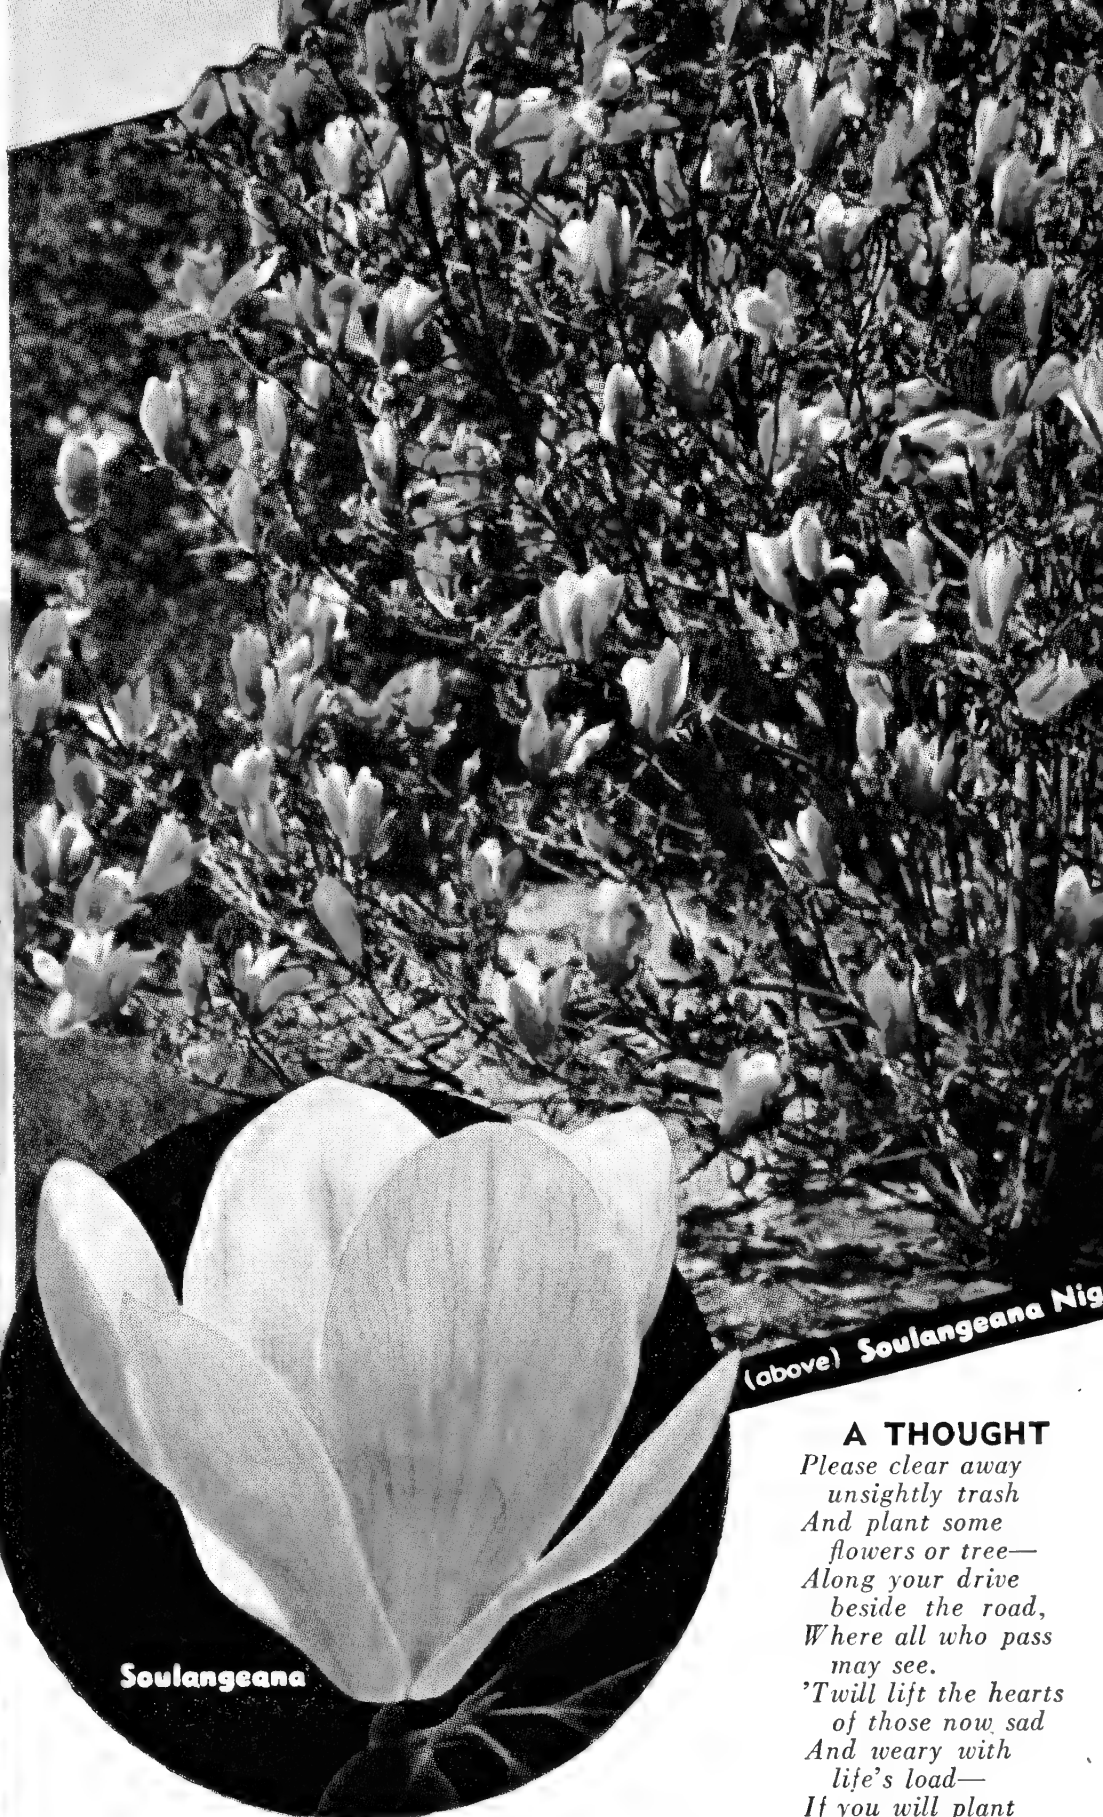

Magnolia Soulangeana

The most decorative and most popular of the hardy Magnolias. Rose colored blooms measure from 3 to 5 inches across and make a beautiful showing. Begins blooming when about 3 feet tall. It will eventually attain a height of from 8 to 10 feet. **18 to 24 in., \$2.50, postpaid.**

**RED SAUCER
MAGNOLIA**

Magnolia Soulangeana Niger

One of the hardiest and finest of all the Magnolias. Flowers measure from 5 to 7 inches across, and are a beautiful purple-red shade outside, while the inside is a delicate waxen white. **18 to 24 in., \$2.50, postpaid.**

A THOUGHT

*Please clear away
unsightly trash
And plant some
flowers or tree—
Along your drive
beside the road,
Where all who pass
may see.
'Twill lift the hearts
of those now sad
And weary with
life's load—
If you will plant
Magnolia trees
Some place beside
the road.*

Prices in this catalog supersede those
in all previous catalogs.

**PINK FLOWERING
DOGWOOD** (*Cornus
Florida Rubra*)

Symmetrically spreading tree, growing to a height of about 20 feet. The large, reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. Foliage is a deep green turning to rich bronzy red in autumn. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 18- to 24-in. trees for only \$1.00 each; 2 for \$1.75.**

CRAPE MYRTLE

This is the astonishing new **water-melon-red** Crape Myrtle which is arousing so much interest and comment among plant lovers all over the country. The plant, which is so much a part of Southern beauty, is now available in hardy form for those of us in more northern climates. Habit similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring and flowers in the summer. If you want a real thrill in new plants, we recommend this one. Will grow in any good garden soil. Plant about 3 feet apart for borders.

**Nice 15- to 18-inch plants,
\$1.00 each; 2 for \$1.75**

WAYFARING TREE

(*Viburnum Lantana*)

A beautiful dwarf tree which will add a touch of distinctiveness to any lawn or border. Large dark green leaves are heavily ridged and leathery in texture. In fall, the entire plant is covered with blue berries and the foliage colors to shades of bronze and red.

May be grown in bush form or trimmed and grown as a tree. Mature height is around 15 feet. Very hardy and easily grown in average soil.

**Nice 2- to 3-ft. plants,
85c each; 2 for \$1.50**

Azalea Mollis Hybrids

Crape Myrtle

for
Lily-of-the-Valley

GORGEOUS AZALEA MOLLIS

HARDY HYBRIDS

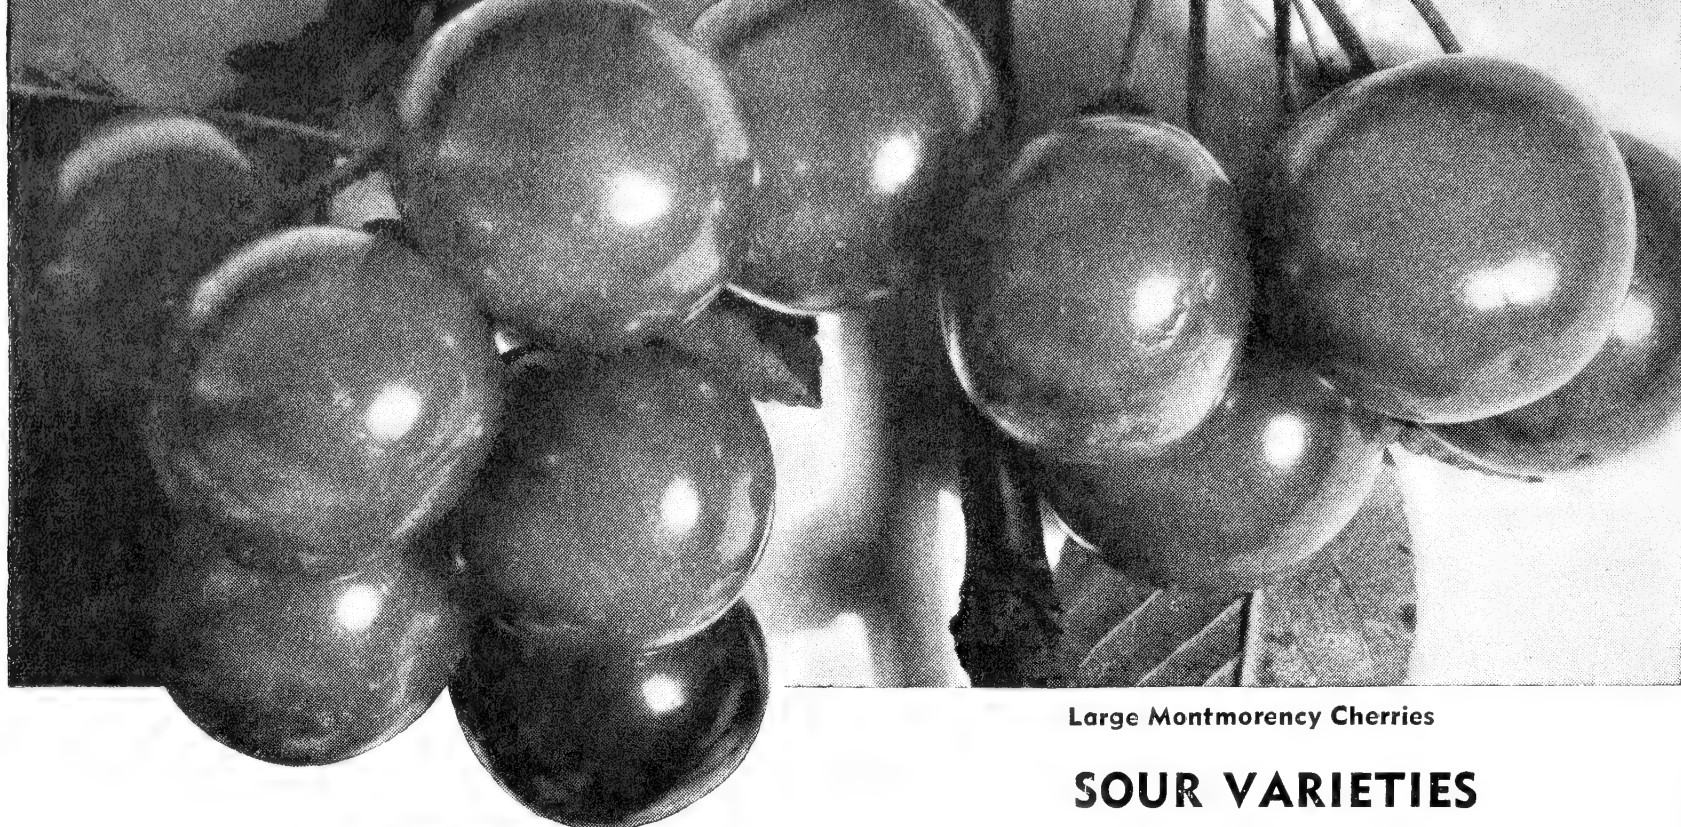

AZALEA MOLLIS HYBRIDS

The greatest grower of the Azaleas—"Azalea Mollis." We offer these in the new Hybrid strains. Colors will range from light yellow to deep orange and rose. **We can not guarantee what shade a hybrid will bloom.** Plant in acid soil, same as Rhododendrons, and you will have something to be very proud of. Plant 18 inches apart.

**NICE 10- TO 12-INCH
PLANTS WITH SOME
BLOOM BUDS**

**\$1.25 each;
2 for \$2.25**

Large Montmorency Cherries

CHERRIES

Quickest Fruit Producers

SOUR VARIETIES

EARLY RICHMOND

A fine, large light red Cherry. Ripens 10 days earlier than Montmorency; fine canner. 3 to 4 ft. trees, \$1.50 each; 10 for \$13.50.

MONTMORENCY

Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is medium size, dark red, melting, juicy, sprightly acid flavor and is especially valuable for cooking purposes. 3 to 4 ft. trees, \$1.50 each; 10 for \$13.50.

SWEET VARIETIES

WINDSOR

Tree upright, and a rapid grower; fruit large, roundish, oblong; very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and shiny deep maroon color. 3 to 4 ft. trees, \$1.75 each; 10 for \$15.00.

NAPOLEON OR ROYAL ANN

A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning. 3 to 4 ft. trees, \$1.75 each; 10 for \$15.00.

BLACK TARTARIAN

This black Cherry bears fruits of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety. 3 to 4 ft. trees, \$1.75 each; 10 for \$15.00.

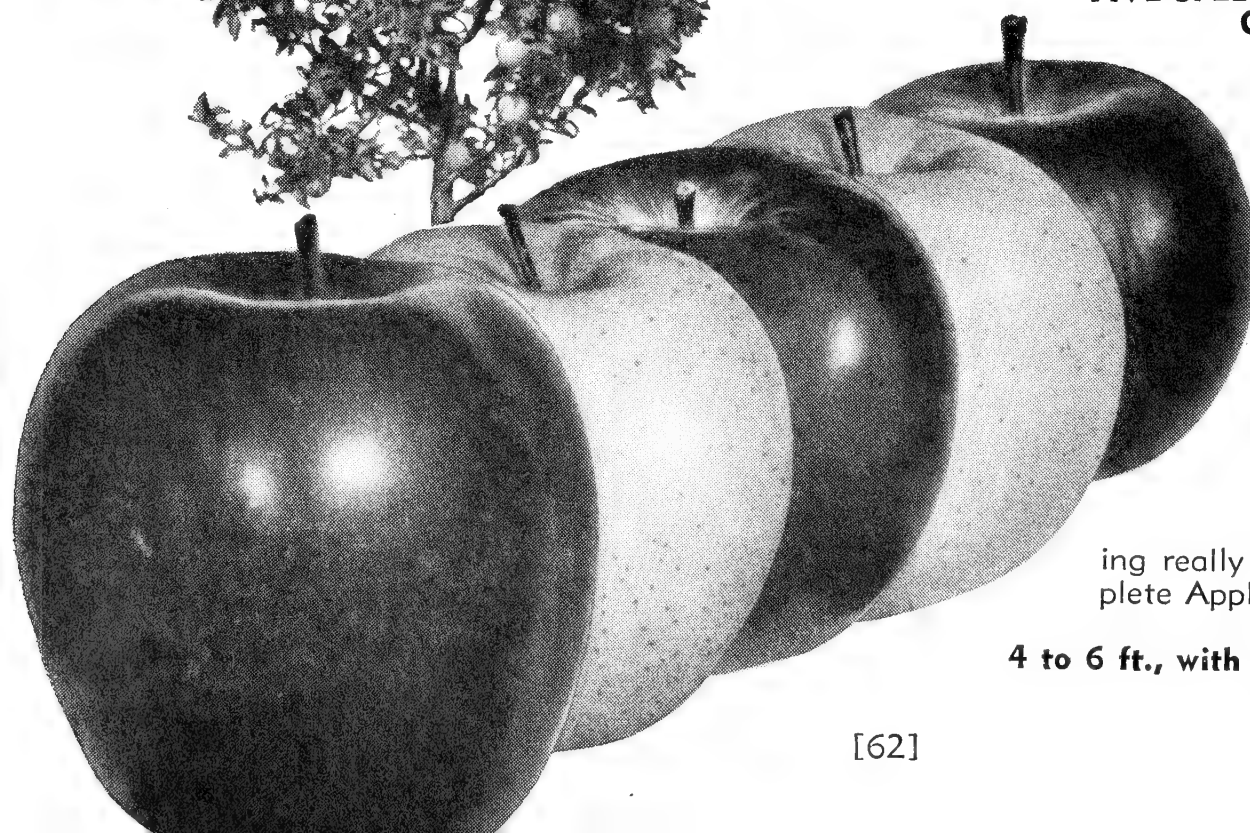

THE FAMOUS 5-N-1 APPLE TREE

FIVE SPLENDID KINDS OF APPLES
ON ONE TREE!

For those with limited space—if you want but one Apple tree.

Think of having five delicious varieties of Apples on one tree! Will provide an abundance of fresh fruit from June until winter. Double Red Delicious, Anoka, Double Red Rome Beauty, Yellow Delicious, Double Red Jonathan, Yellow Transparent, all budded on one sturdy Red Delicious tree, making really six varieties in all. A complete Apple Orchard in itself.

4 to 6 ft., with nice growth on all varieties, \$2.00 each.

• PLUMS •

BURBANK

Tree a vigorous grower and an early and very heavy bearer. Fruit very large, yellowish in color with red cheek in the sun. Extremely small pit. Middle of June.

EARLY GOLDEN

Very early, creamy yellow; flesh of fine quality. Large, egg-shaped. A good variety for Middle West. Ripens end of August.

ABUNDANCE

A pinkish red Plum ripening in midseason. Thrives anywhere. A regular and heavy bearer. No orchard is complete without it.

WICKSON

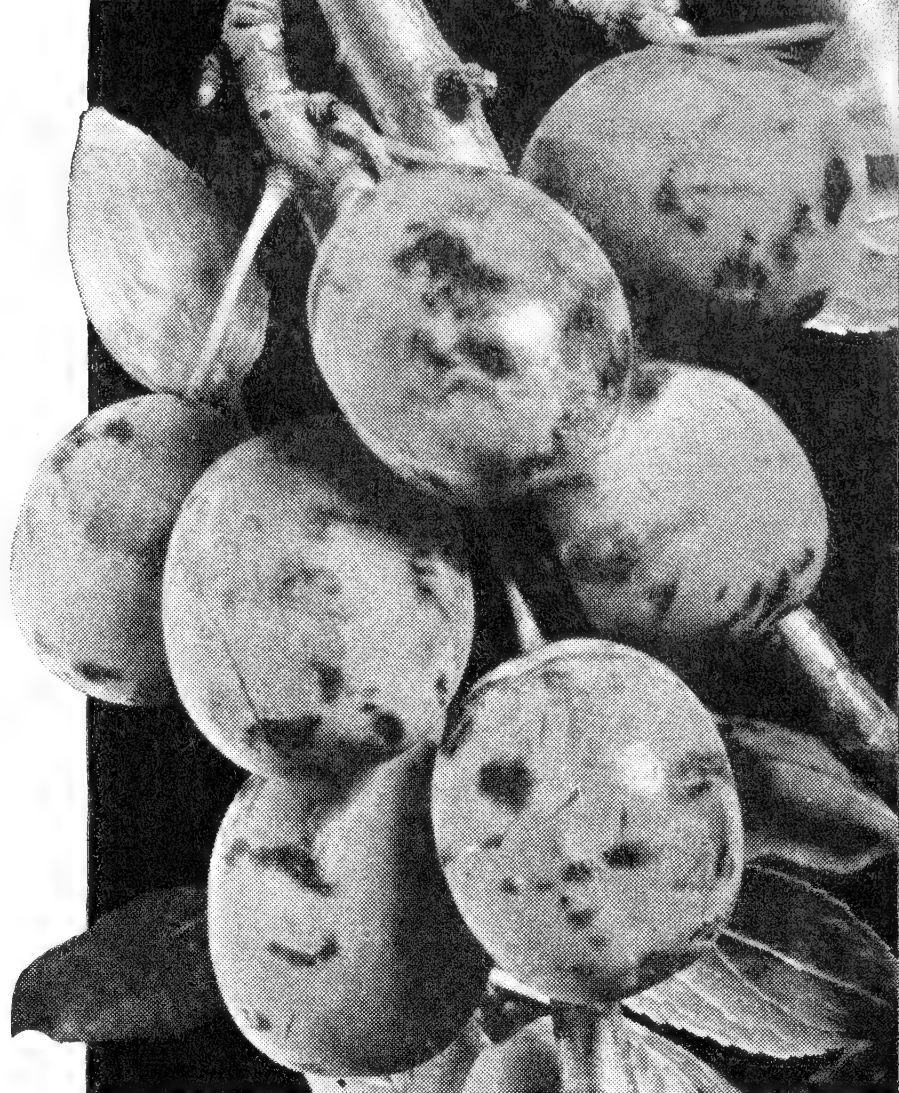

Extremely large, deep red Plum. Juicy, delicious and sweet. Fine for canning or drying. Vigorous grower and heavy producer.

YOUR CHOICE OF ABOVE PLUMS:

2 to 3 ft., \$1.00 each; 5 for \$4.00.

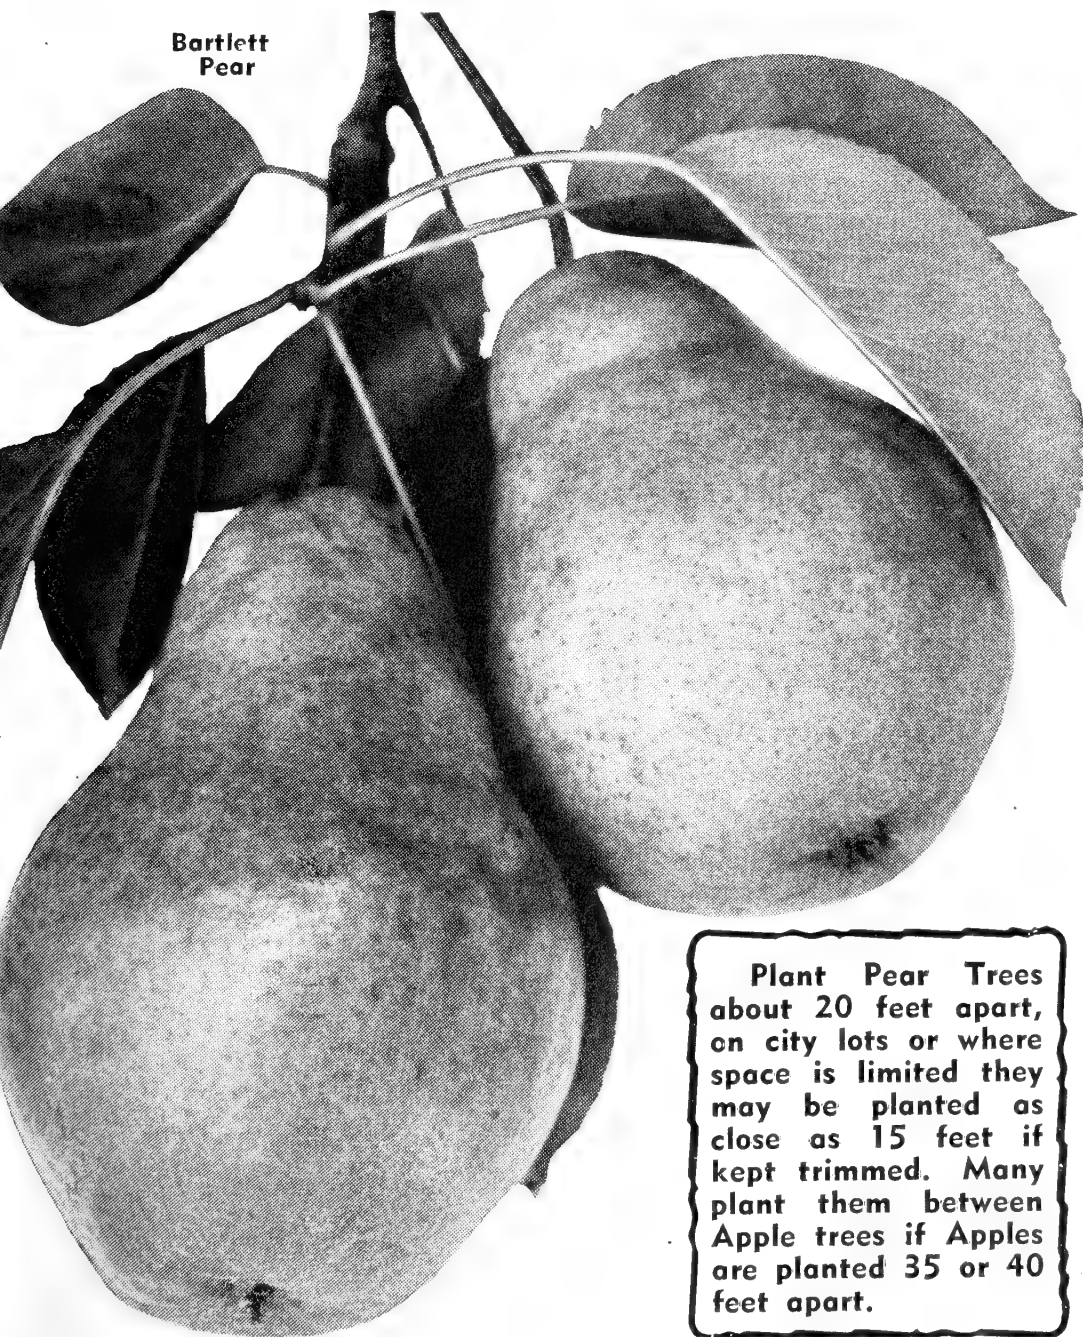

STANLEY PRUNE

Beautiful large Prune-Plum. Sweet, rich and juicy. Hardy in all sections and one of the best Plums you can grow. Deep blue color. 3 to 4 ft. trees, \$1.75 each; 5 for \$7.50.

Stanley Prune—An Excellent Plum

Bartlett
Pear

Plant Pear Trees about 20 feet apart, on city lots or where space is limited they may be planted as close as 15 feet if kept trimmed. Many plant them between Apple trees if Apples are planted 35 or 40 feet apart.

PEARS

for the Home Orchard or the Commercialist

BARTLETT

Large size, with a beautiful blush next to the sun; buttery, very juicy and high flavored; the tree is a strong grower and a young and abundant bearer. August and September.

FLEMISH BEAUTY

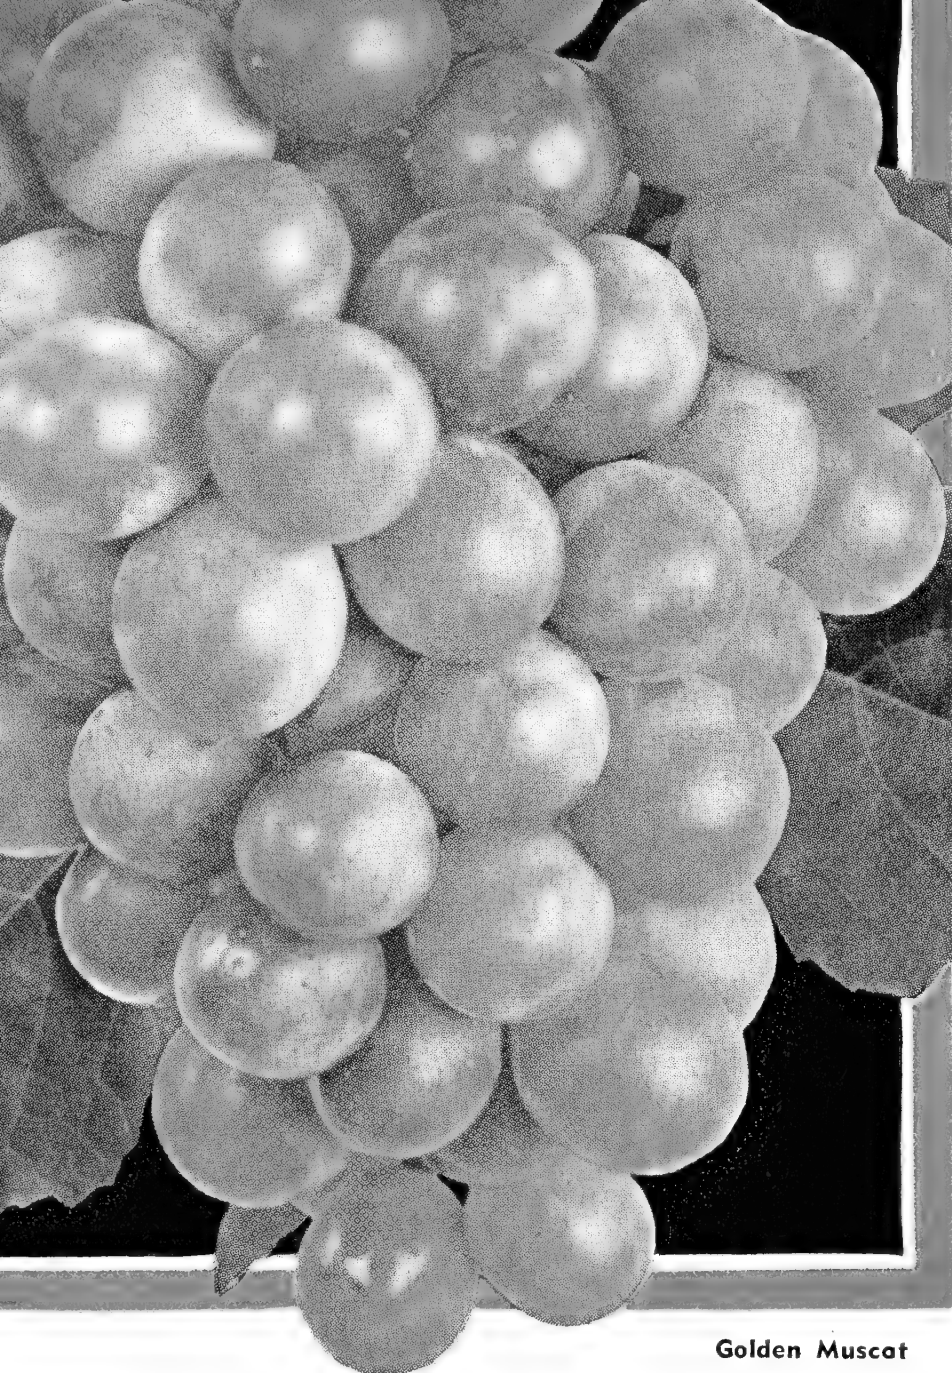

A large, beautiful, melting sweet Pear. Tree is very hardy, vigorous and productive. Succeeds well in all climates. September.

SUGAR PEAR

Remember the delicious sweet Sugar Pears we used to watch for in the late summer? Why not plant a few of these trees and grow your own. None better to eat or for spicing. Melting flavor and trees bear unusually heavy crops.

PRICES OF ALL PEAR TREES:

3 to 5 ft. trees, \$1.50 each;
10 for \$13.50.

Golden Muscat

**Prices of All Varieties of Grapes On This Page
Except Golden Muscat and Seedless Concord**

**All No. 1, 2-yr. vines, 30c each;
10 for \$2.50.**

GOLDEN MUSCAT

One of the finest of the newer Grapes. Large in berry and bunch; sweet, juicy and firm in flesh. A splendid Grape for either home use or for market.

**Heavy rooted, 2-year vines:
80c each; 3 for \$2.25;
10 for \$7.00**

SEEDLESS CONCORD The New Grape Deluxe . . .

At last, what we consider the perfect blue Grape! New Grafted Seedless Concord combines all the qualities which have made Concord famous and now without seeds. Imagine richly colored, sweet, juicy fruits, solid meat clear through. Imagine eating them from the vine; imagine how much easier to make juice or jellies. A real milestone in horticultural progress. **Heavy rooted:**

90c each; 3 for \$2.50; 10 for \$8

BEST VARIETIES of GRAPES FOR HOME or MARKET

CONCORD. One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet buttery flavor.

FREDONIA. The great new early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced.

MOORE'S EARLY. A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

NIAGARA. Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper and good yielder.

PORTLAND. The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious.

AGAWAM. Bunches are large and well shouldered. Berries large, reddish brown, tender, vinous and of excellent flavor. Very vigorous and productive, and one of the best of its class.

CATAWBA. Early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy.

DELAWARE. The bunches are small and compact. Berries are small, with thin but firm skin. Flesh is juicy, very sweet, and of the finest quality for both table use and wine making. Ripens early. Vines are hardy, very productive and are moderate growers. Fine red eating and wine Grape.

Seedless Concord

NEW GIANT SIZED BOYSENBERRY

TRUE THORNLESS VARIETY

The most popular and in heavy demand everywhere. Giant berries, 2 inches or more in length, have a tangy flavor, are dark maroon in color and unexcelled for use as fresh fruit, for locker storage after quick freeze, or for canning.

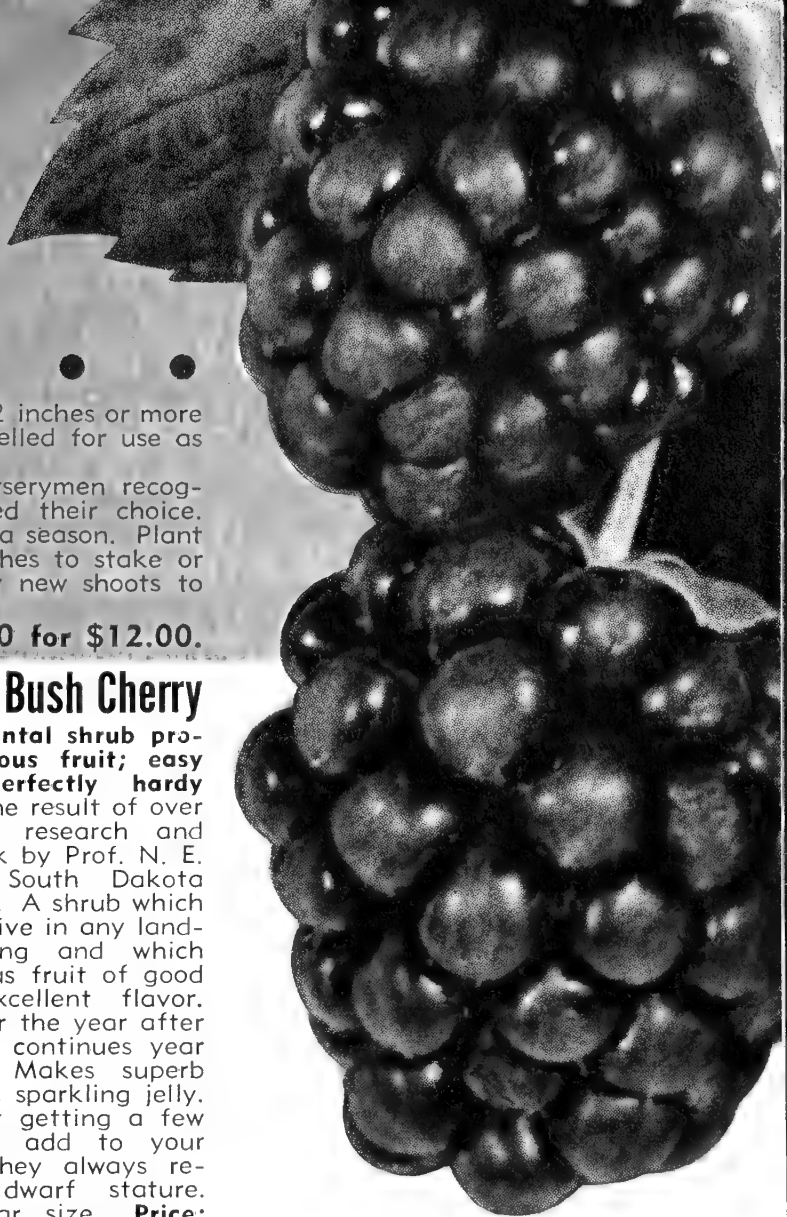

Plants are entirely thornless and bark is smooth and green. Nurserymen recognize this to be the finest variety and popular demand has verified their choice. A fully matured plant will easily produce 8 to 12 quarts of berries in a season. Plant in good soil and keep well cultivated for best results. Tie up branches to stake or fence each spring. After fruiting, cut off to ground level and allow new shoots to grow until following spring when they in turn are tied up.

No. 1 Plants, 6 for \$1.25; 12 for \$2.00; 25 for \$3.50; 100 for \$12.00.

HANSEN'S Bush Cherry

An ornamental shrub producing delicious fruit; easy to grow; perfectly hardy anywhere. The result of over thirty years' research and selection work by Prof. N. E. Hansen of South Dakota State College. A shrub which is very effective in any landscape planting and which bears delicious fruit of good size and excellent flavor. Starts to bear the year after planting and continues year after year. Makes superb jam, or clear, sparkling jelly. Don't neglect getting a few of them to add to your plantings. They always retain their dwarf stature. Heavy, 2-year size. **Price: 60c each; 3 for \$1.50.**

Raise Your Own BLUEBERRIES . .

Heavy Yields of Large Berries

THE NEW GIANT BLUEBERRIES

**DELICIOUS FRESH FRUIT OR FOR
CANNING**

Grow successfully from coast to coast. Have your own Blueberries for home use or raise them for market. **Big profits, as bushes bear heavily and market is always good. Early berries bring from 35c to 50c a pint.**

The ideal plant for low spots where soil is sour. On higher ground some woods dirt or well-rotted leaves should be mixed into the soil, as they require an acid condition.

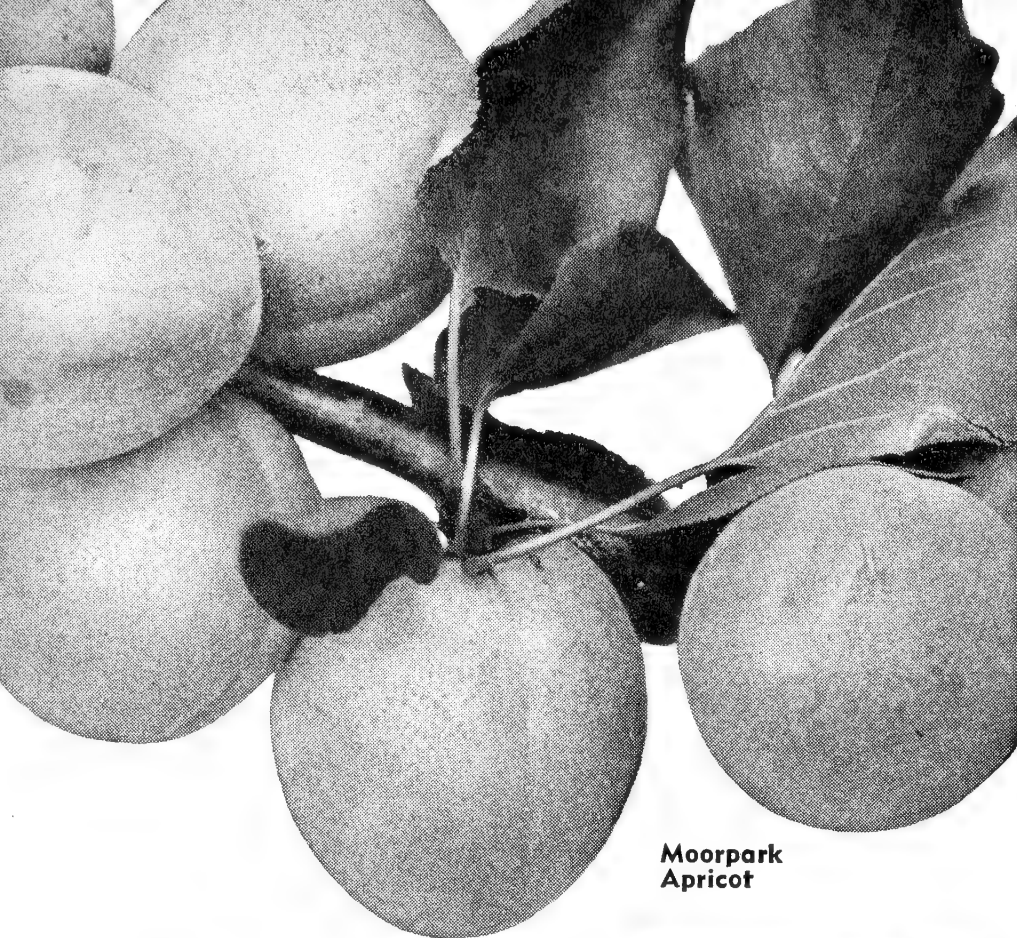

Plants last a lifetime when once established. The plants we offer will start bearing the first year after planting.

May be used as an ornamental shrub, as foliage and blooms are very attractive. If you do not have room for them elsewhere, plant them along the shrub border.

For field planting, space 5 by 7 feet apart and keep cultivated.

(Note: We send assorted varieties to insure pollenization.)

**Bearing Age, 12- to 18-Inch Plants
3 for \$4.50; 10 for \$12.50**

Moorpark
Apricot

Richly Flavored **APRICOTS**

Extremely valuable as a fresh fruit and a superior fruit for canning or drying. There is always a good market for Apricots at top prices.

MOORPARK

One of the largest and finest Apricots. Rich yellow with orange blush. Flesh sweet and juicy, and rich. Freestone and very productive. 4 to 5 ft. trees.

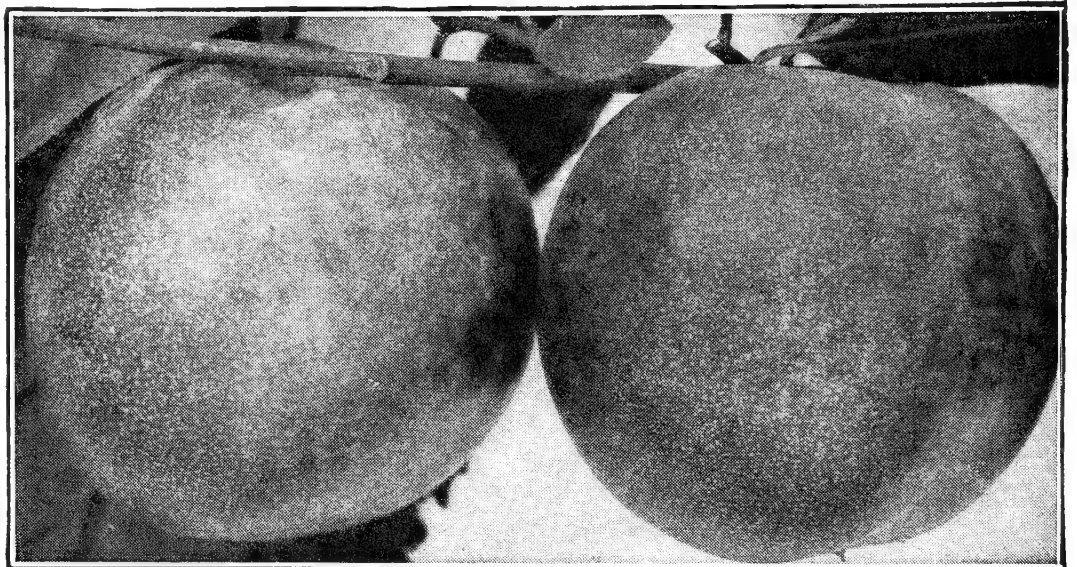

SUPERB

Fine, large variety. Fruit roundish, large and slightly compressed. Color dull yellow with red blush. Flesh orange tinted, firm and sweet with a rich, vinous flavor. Ripens the latter part of July. 4 to 5 ft. trees.

Your choice: \$1.50 each; 3 for \$4.00.

DELICIOUS, HARDY **Nectarine** →

One of the most sensational as well as delicious fruits ever introduced. Combines the best qualities of the Peach and Plum. Fruit is large, fine flavored, juicy and melting to the taste. Smooth skinned. Unequalled as a fresh fruit or for canning. Include this fruit in your order. Plant 20 feet apart. **2-yr., 3 to 4 ft. trees, \$1.50 each; 10 for \$12.50.**

GOOSEBERRIES and CURRANTS

for the Most Delicious Jellies

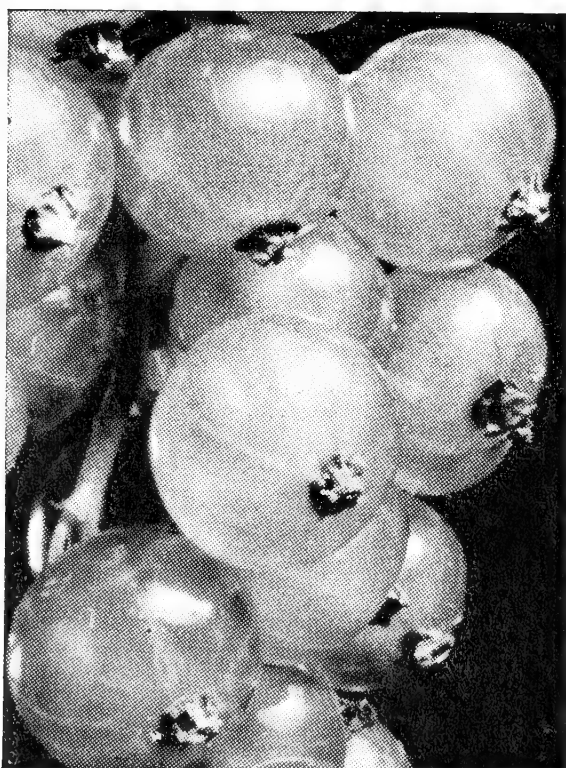

NOTE: Due to federal quarantine, we do not ship Gooseberries and Currants to the following states: Connecticut, Idaho, Maine, Maryland, Michigan, Massachusetts, Minnesota, New Hampshire, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin, New Jersey, and West Virginia.

DOWNING GOOSEBERRY

Very useful for canning or for cooking. Fruit large, round, and with smooth skin. Juicy and fine flavored. One of the best. Vigorous and productive. **45c each; 6 for \$2.40.**

PERFECTION CURRANT

Late introduction of a cross between Fay's Prolific and White Grape, combining the best qualities of both. Fruit bright red and large. Clusters are long and size of berry is uniform to end of bunch. Flavor is rich and sub-acid with plenty of pulp and few seeds. The best variety grown today. **35c each; 6 for \$1.75.**

Perfection Currant

Hale-Haven Peaches—Hardy, Flavorful, Firm-Fleshed—Unsurpassed for Home or Market

Krider's Peach Trees • Best Varieties Known Today

Plant Peach trees 18 to 25 feet apart. Many people plant them between Apple trees in an orchard, as they are usually gone by the time the Apple trees mature.

EARLY VARIETIES

EARLY ELBERTA. (Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with red. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

GOLDEN JUBILEE. (Freestone.) A choice freestone recently introduced by the New Jersey Experiment Station, already popularized and given a high rating. Tree habits resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet. Fruit oblong and rather flattened in shape. Brings top market prices because it is early and has a superior flavor.

CHAMPION. (Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit. One of the best in quality for nearby markets and home use. It is a healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

Earliest Large Yellow Freestone Peach

ORIOLE

Extremely early and a fine large yellow Peach as well. Yellow skin with red blush. Flesh golden yellow to the pit, rich, tender and juicy. Top market prices are paid for this Peach because it is so early and so delicious.

3 to 5 ft. trees, \$1.00 each; 10 for \$8.00.

"REDHAVEN"

Extra early. It shows a marvelous over-all red color when other varieties are yet green. A cross between South Haven and Hale-Haven, it seems to combine the best flavors and hardy qualities of each. An enormous and dependable bearing variety. Freestone. Extremely hardy and has that long looked for over-all red color. Makes fruit sell on sight and you will have them on the market long before other Peaches come, getting top prices for your Redhaven.

3 to 5 ft. trees, \$1.25 each; 10 for \$10.00.

LATER VARIETIES

ELBERTA. (Freestone.) The great market Peach. Many consider it the best all-around Peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping Peach. September.

GOLD DROP. (Freestone.) The almost translucent golden colored flesh of this Peach renders it exceedingly attractive in market, where it sells at highest prices. The tree is hardy and bears early; profitable. Late Sept.

HALE-HAVEN. (Freestone.) In this new, hardy rot-resistant Peach, almost as large and fine as the Elberta itself, we have a Peach of great market value. A large, roundish Peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early yellow-skinned Peach of high quality, is sure to be in great demand. From August 15th.

J. H. HALE. (Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about five days earlier and has superior flavor. Color a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and is worth cultivation. September 1st.

SOUTH HAVEN. (Freestone.) The great hardy Peach for cold regions because it, with Hale-Haven, withstands 10 degrees colder weather than any other Peaches grown. Large yellow freestone, as large as Elberta and several weeks earlier on the market. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

PRICES OF PEACH TREES:

(Except Redhaven)

2 to 3 ft., 75c each;

10 for \$6.50; 100 for \$45.00

3 to 5 ft., \$1.00 each;

10 for \$8.00; 100 for \$60.00

Premier

Krider's Selected STRAWBERRY PLANTS For Spring Planting

**Raise Your Own Berries at a
Cost of Less Than 1c a Quart**

PREMIER.

A money-making, frost-proof strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market. **25 for \$1.00; 100 for \$2.50, postpaid. 500 for \$10.00; 1000 for \$17.00.**

SENATOR DUNLAP.

Perhaps no other strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial uses. **25 for \$1.00; 100 for \$2.00, postpaid. 500 for \$8.00; 1000 for \$15.00.**

DORSETT.

6,640 quarts to the acre. This new variety was originated by the U. S. Dept. of Agriculture. A scientific cross between the Premier and the Royal Sovereign, an English variety. One of the firmest berries known and has dark green foliage, holding the color through the season. Berries are larger than Premier. Color is bright red and retains color long after picking. **25 for \$1.00; 100 for \$2.50, postpaid. 500 for \$10.00; 1000 for \$17.00.**

FAIRFAX.

The quality berry. Another late introduction by the U. S. Dept. of Agriculture. Very good foliage, which means a good fruiting berry. Berries are large and a little darker than Dorsett. Good quality, splendid shipper, a wonderful keeper. **25 for \$1.00; 100 for \$2.50, postpaid. 500 for \$10.00; 1000 for \$17.00.**

Actual Color Photo of Giant MacDonald Rhubarb

IT'S DELICIOUS! MacDonald Rhubarb

If you want something different, something delicious in garden fruits, then plant some of this grand new MacDonald Rhubarb.

Stalks are of giant size on mature plants, and a rich rosy red in color. (See picture at the right.) This beautiful color carries through the stalk. Sauce made from it has the red color of a dish of Strawberries. Flavor is mild and pleasing. This new Rhubarb never becomes tough or stringy. Just cut in small chunks and cook. Do **not** remove the tender skin; it cooks right up with the stalk.

Nice, 2-year roots, ready to grow for you.

**60c each; 3 for \$1.50;
10 for \$5.00**

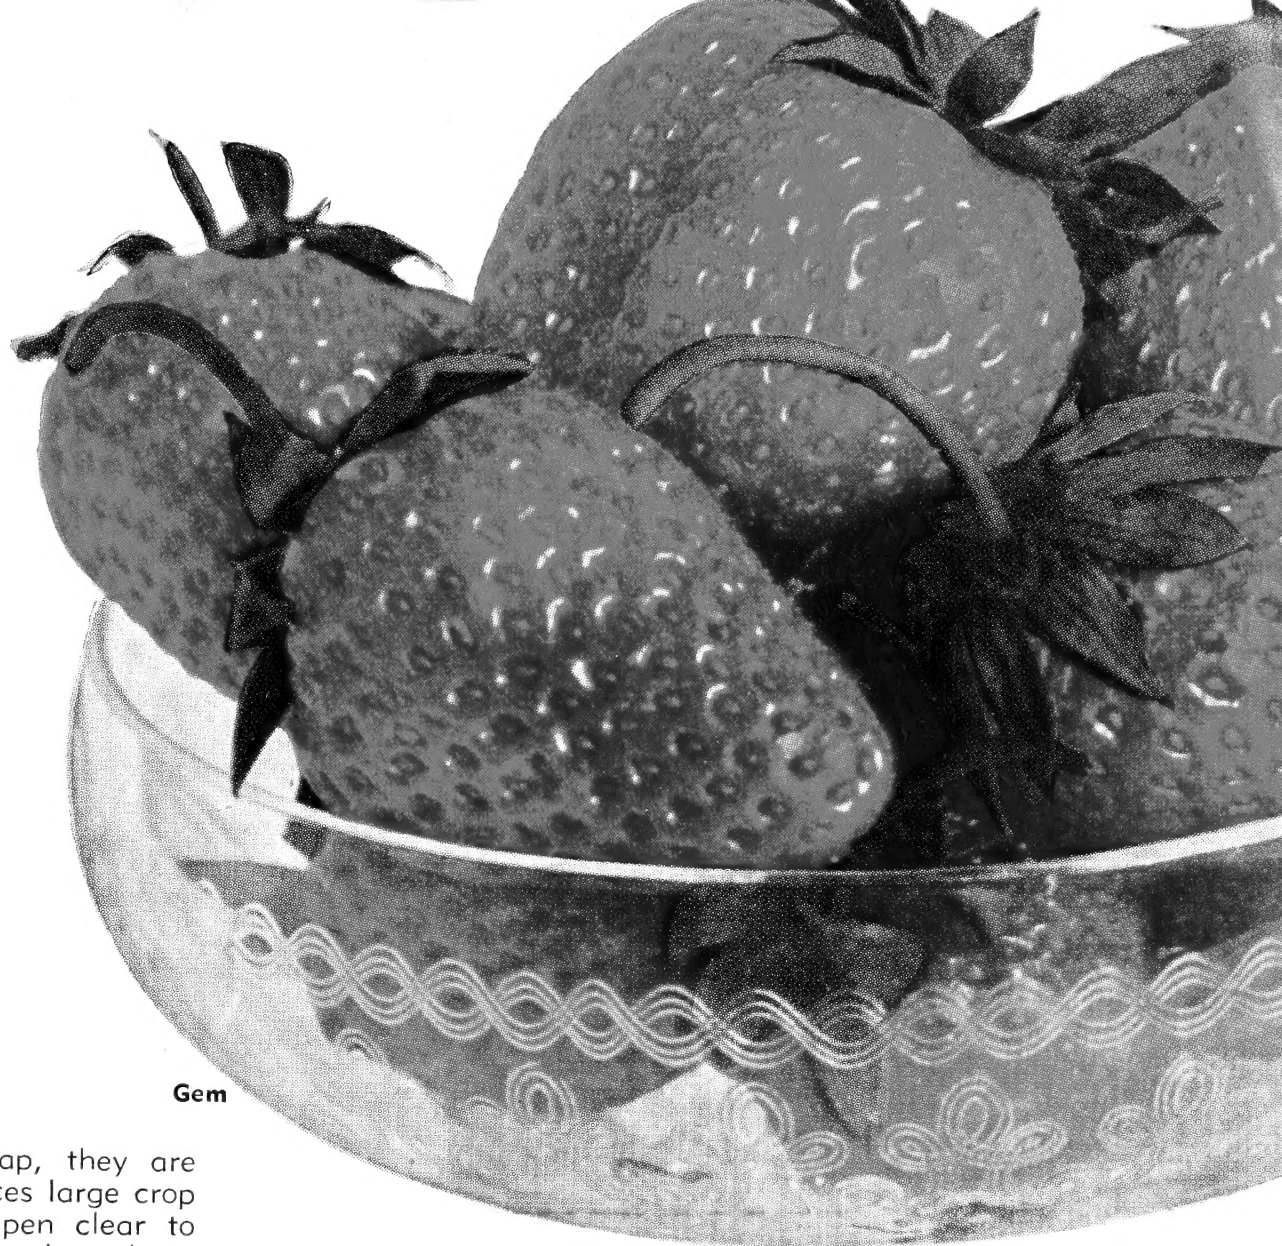

GEM

THE MODERN EVERBEARER

**The Last Degree in
Strawberry Perfection
for Size, Color, Flavor
and Productivity.**

A mouthful of melting, flavorful Strawberry deliciousness. The New Gem holds those qualities from the first spring ripening until cold weather, never getting that "grassy" flavor common to other varieties. Fruit is very large and uniform from the first picking until the last. So firm that it will stand an unusual amount of handling and hauling. Even 36 hours after picking the New Gem is in good condition, firm and solid. Good plant makers and although the plants are somewhat smaller than Senator Dunlap, they are every bit as prolific. Produces large crop the first season. Berries ripen clear to the tip and color all the way through.

Gem

Prices of New Gem:

25 for \$1.25; 100 for \$3.50
postpaid.

**500 for \$15.00; 1000 for
\$26.00**

MASTODON

Fruit 90 Days After Planting.

The Giant Mastodon is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright-colored berry of fine flavor.

Prices of Giant Mastodon:

25 for \$1.50; 100 for \$4.25
postpaid.

500 for \$18.50

PLANT EVERBEARERS THIS SPRING—Fruit This Fall!

THE QUALITY OF STRAWBERRY PLANTS. In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants, many claim to grow the best plants. We have bought plants from some that make extravagant claims in different sections of the country and we may truthfully say that we have never received any better plants than those we send out to our customers. We guarantee the plants we grow and sell to be as large and as fine as you get anywhere (no matter what you pay) and to be put up in as good condition. If grown side by side, under like conditions, they will produce as much and as good fruit.

"Eldorado"
Blackberry

HAVE FRUIT FOR HEALTH!

"ELDORADO"

ONE OF THE FINEST BLACKBERRIES

Blackberries do best on good soil, clay and sand mixture preferred. Plant in rows 6 feet apart and 2 feet apart in the row. 3500 plants are required per acre. These berries always bring top prices on the market and return a handsome profit.

ELDORADO. Largest hardy blackberry grown. Free from rust and a good money-maker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory. 12 for \$1.25; 25 for \$2.00; 100 for \$6.00; 500 for \$25.00; 1000 for \$45.00.

RASPBERRIES

CUMBERLAND — *the Great Blackcap*

Largest blackcap Raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed. 12 for \$1.25; 25 for \$2.00; 100 for \$6.00; 500 for \$25.00; 1000 for \$45.00.

NEW LOGAN—*Another Fine Blackcap*

Another excellent blackcap Raspberry. Plant does not grow quite as large and heavy as does Cumberland, but berries are of fine quality, good size, have excellent flavor, keep well after picking and are borne in great abundance. Does well in fairly light soil. 12 for \$1.25; 25 for \$2.00; 100 for \$6.00; 500 for \$25.00; 1000 for \$45.00.

LATHAM

— *Outstanding Red Berry*

We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe, are a beautiful bright red in color. The hardiest of all Raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme. 12 for \$2.00; 25 for \$4.00; 50 for \$7.00; 100 for \$11.00; 500 for \$45.00.

SUNRISE

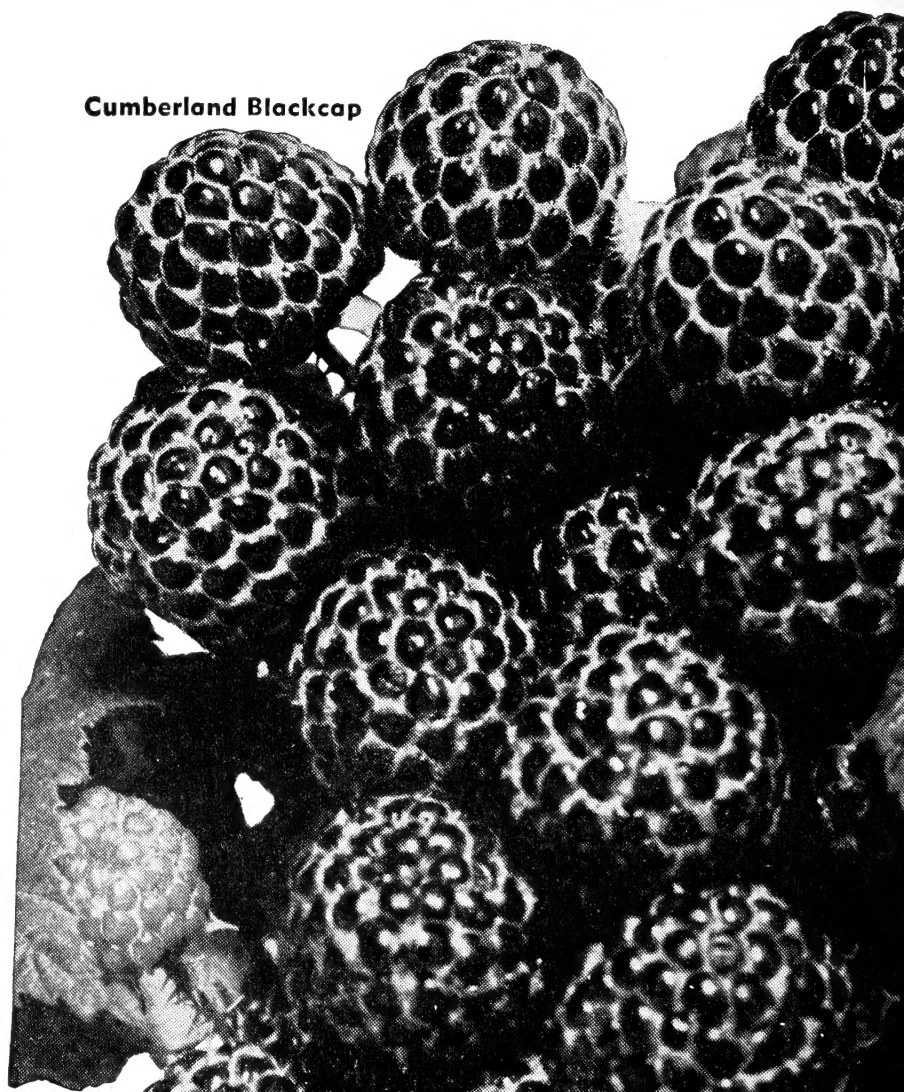

— *Newest Red Raspberry*

A new red Raspberry which promises to be a huge success. Berries are giant sized and remain firm after picking. Good bright red color. Plants are vigorous growers and produce extremely heavy. Hardy and disease resistant. Ripens 10 days earlier than Latham. 12 for \$2.00; 25 for \$4.00; 50 for \$7.00; 100 for \$11.00; 500 for \$45.00.

PLANTING RASPBERRIES

Plant Raspberries in well drained cultivated soil. Set plants with the crown or eye about 1 inch below ground level. Raspberries should be set 4 feet apart each way. As soon as the bearing season is over, all old wood or canes should be cleaned out and new growth cut back about one-third. This permits good bearing wood to develop for next year's crop.

Cumberland Blackcap

LAST MINUTE SPECIAL —

Old Fashioned Lily-of-the-Valley

One of the most beloved of all old-fashioned plants. Just as we go to press we find that we can again supply these delightful plants after omitting them from our catalog for several years. Large, ornamental, waxy green leaves, dainty stems bearing beautiful, tiny, bell-shaped florets. Richly scented. Excellent for beds in shady locations.

All Strong, 2-Year Pips:
5 for \$1.25; 10 for \$2.00, postpaid.

PECAN TREES

In response to many requests from our customers we are offering this year the Pecan and Fig trees.

Pecans are one of the most widely used nuts produced. Prices in the store are usually very high. Why not plant your own trees and have the satisfaction of raising your own Pecans. The trees are ornamental, growing erect and shapely, so that they may be planted on the lawn if necessary.

Hardy as far north as Chicago—any planting above this latitude would be experimental.

18 to 24 in. trees:
\$1.00 each; 4 for \$3.50

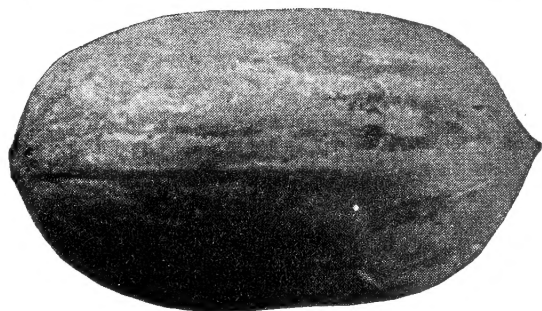

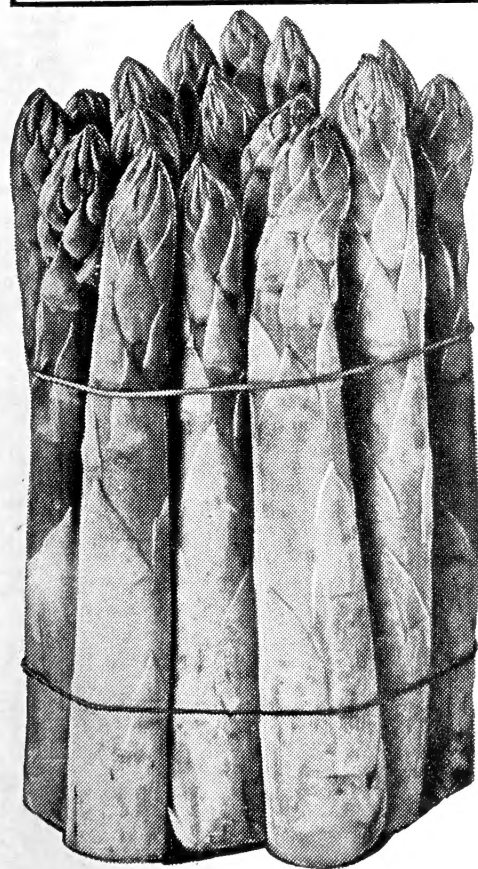

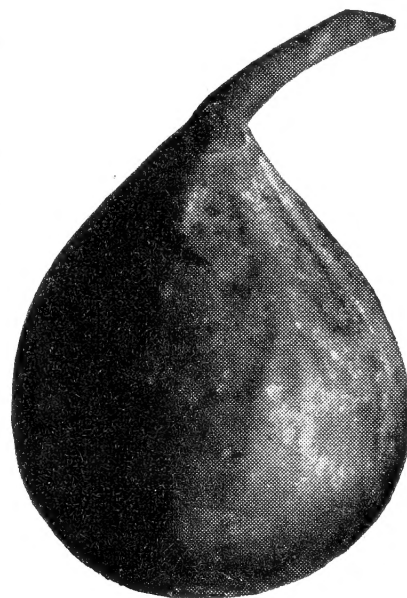

FIG TREES

Figs are one of the richest fruits grown. Excellent for canning or for drying. Rich in vitamins and flavor. Make delicious preserves and jam.

If you have been buying them, in any form, at the store, you know how scarce and expensive they usually are. A fully matured tree will produce a couple of bushels of fine fruit each season.

Recommended for planting south of Chicago latitude only.

18 to 24 in. trees:
\$1.00 each;
4 for \$3.50

Martha Washington Asparagus

Red Giant

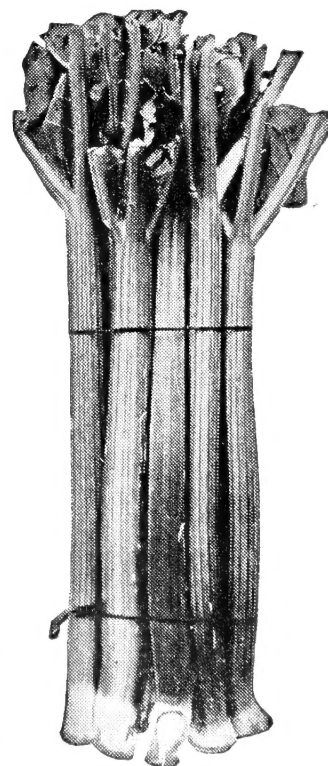

RHUBARB

Every home garden should have a few stalks of Rhubarb. In early spring it provides a fresh sauce or pie that cannot be equalled. Fine for health and a balanced diet. We offer the famous **Red Giant** variety which grows rapidly, has a delightful flavor and cooks beautifully into a clear pink sauce. Get your roots now and start cutting your own Rhubarb next spring. **25c each; \$2.00 per doz.; 25 for \$3.75; 100 for \$14.00.**

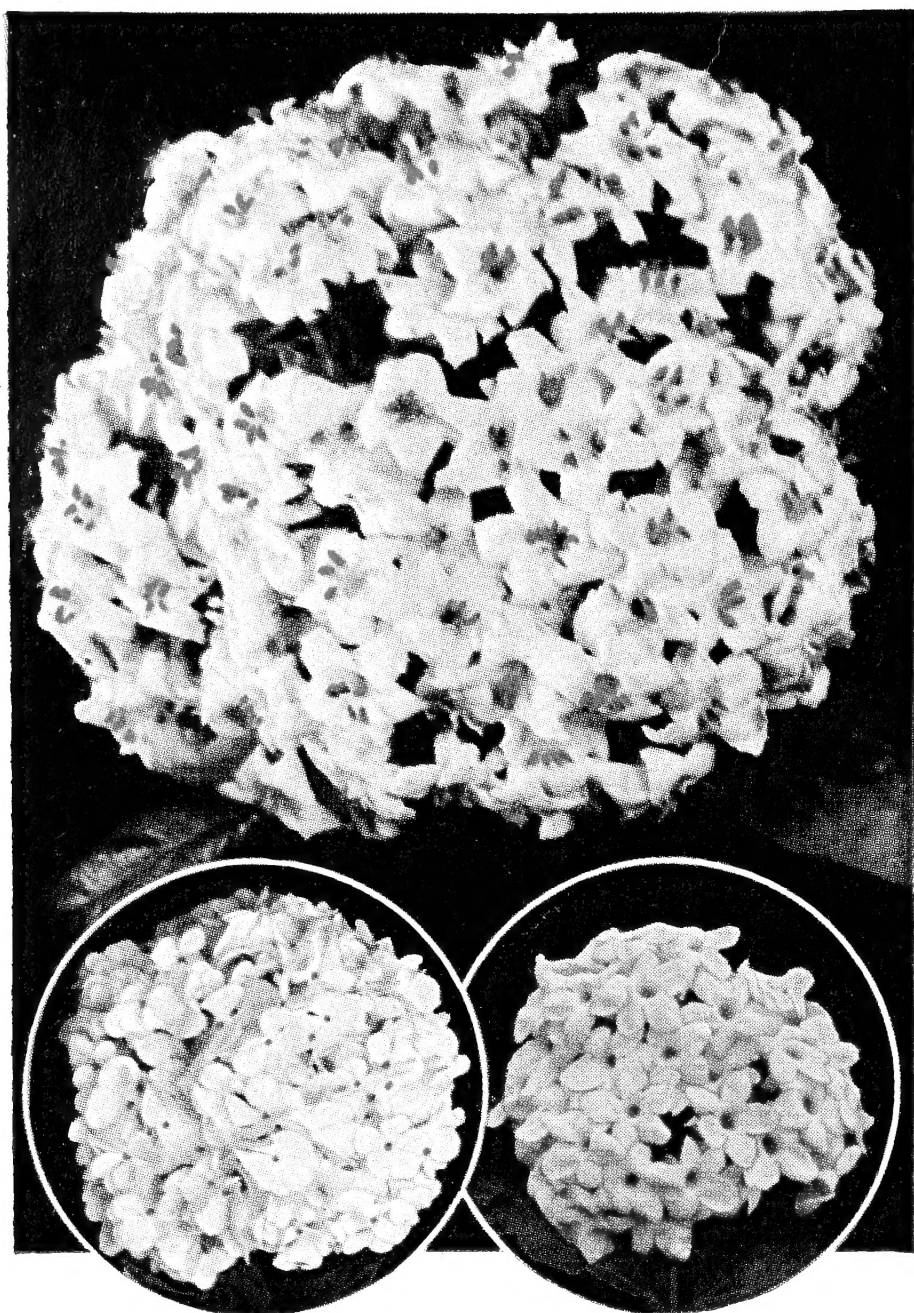

See page 68 for the new **Giant MacDonald Rhubarb.**

"MARTHA WASHINGTON" ASPARAGUS

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. **2-year-old roots, \$1.00 per doz.; 25 for \$2.00; 100 for \$5.00; 1000 for \$30.00.**

**"Red Giant"
 Rhubarb**

Burkwoodi

Carlesi

● **PLEASE NOTE** ● After much experimentation as to the best method of transplanting Viburnum Burkwoodi, we have found that they do best when transplanted from pots, so the plants we offer are well-rooted plants from 3-inch pots. They will be shipped with the ball of earth protecting the roots and will start growth at once when you plant them out. Will be shipped at proper planting time, when new growth will be showing and weather conditions should be favorable for transplanting.

DWARF BLOOD-LEAVED MAPLE

For Sharp Color Contrasts

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and mid-summer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn.

**18 to 24 inch, 6-year-old plants,
\$2.50 each; 2 for \$4.50.**

TWO OF THE WORLD'S MOST FRAGRANT HARDY Flowering SHRUBS

**Viburnum Burkwoodi
and Viburnum Carlesi**
HARDY, SEMI-DWARF

VIBURNUM BURKWOODI The Gardenia-Scented WONDER SHRUB

The Real Aristocrat
of All Shrubs

This grafted variety brings you the hardiness, rapid growth, beautiful fluted foliage and general dependability of the family plus a new loveliness of bloom. Large, ball-like masses of waxen creamy white have a rich Gardenia fragrance similar to Viburnum Carlesi. In the dusk of evening the perfume will envelope the whole lawn. Plant is semi-dwarf, seldom over 5 feet when matured. Foliage colors richly in fall.
\$1.00 each; 3 for \$2.50.

VIBURNUM CARLESI (Mayflower Viburnum)

A truly grand medium size shrub from Korea, prized for its exquisite fragrance similar to that of the Trailing Arbutus. The waxy flower clusters, pearly pink, appear early in the spring. Thrives under the most unusual conditions but does best in partial shade and a cool, moist soil. A charming plant for foreground of border or for planting about the house.
\$1.00 each; 3 for \$2.50.

TWO SPECIAL OFFERS

2 One of each of these grand Viburnums. Ppd. **\$1.75**

Plant in good soil and keep well watered first season. Will thrive in semi-shade as well as in sun.

6 Three of each of these beautiful shrubs. Ppd. **\$4.50**

This offer gives you enough plants to plant two groups of three each. Will give an exquisite effect when in bloom.
